We are pleased to introduce revisions to our auto product based upon our multi-variate loss cost analysis by introducing a number of new rating variables and discounts. In addition to the product revision, we are also increasing our overall rates by 2.1%. We have also revised the Symbol Language definition in our Product Guide to provide more clarity. Highlights of these changes include revised Base Rates, revised Territory Factors, revised Territory Numbers, new Accident Free Discount, new Account Discount, changing Advanced Quote Discount, changing Coverage Level Discount, new Distant Student Discount, revised Driver Class (now varying by 1/2 year age), changing Driver Discount, revised Driver Points (now varying by 1/2 year age), changing Paid in Full Discount, new Good Student Discount, changing Household Structure, revised Max Driver Age (now varying by 1/2 year age), changing Merit points assignment, revised Min Driver Age by Tenure (now varying by 1/2 year age), changing Model Year to add 2014, changing Vehicle Use, new Violation Free Discount, revised Rate Stabilization Factors, and updated Rate Order Calculation.

\* Adjusted to reflect all prior rate changes.

\*\* Change in Company's premium level which will result from application of new rates.

Does filing only apply to certain territory (territories) or certain classes? If so, specify: No

Brief description of filing. (If filing follows rates of an advisory organization, specify organization):

In this filing, we are revising our Illinois Viking Insurance Company of Wisconsin "Dairyland Auto" automobile program rates.

The Monthly 03NS and the Six Month 09NS products will have identical rates with the exception of term, paid in full discount and the quarterly discount and the renewal effective dates. The purpose of continuing with two identical products is to give the insured the option of the payment term that best fits their individual needs.

With this filing, we are:

- Updating Base Rates
- Updating territory factors.

There are no other changes being made elsewhere in our manual.

These new rates should help to maintain our products pricing at an adequate and more accurate rate level, thus allowing our company to grow profitably in the future. The long-term success of this program depends on these changes.

\*Adjusted to reflect all prior rate changes.

\*\*Change in Company's premium level which will result from application of new rates.
