Brief description of filing. (If filing follows rates of an advisory organization, specify organization):

These revisions are designed to provide standardization of the rating process by defining all rating attributes and rules and to provide more accurate risk information for underwriting. These changes are also required in order to operate under a rating methodology that can be automated with our commercial lines processing system. Currently all commercial umbrella policies are manually rated by the underwriter.

The overall impact of these changes is estimated to be -0.01%.
