

Annual Life Illustration Certification

The Department of Insurance will begin accepting Annual Life Illustration Certifications, required pursuant to 50 IAC 1406.100 by electronic means either directly through SERFF or by submitting the filing to the Department on compact disc (CD). These filings should be submitted for informational purposes and the ETRANS Transmittal Document must be completed as an informational filing. The Department of Insurance prefers that the annual life illustration certifications be submitted by electronic means; however, we will not be requiring insurers to file electronically until January 1, 2009. If you have any questions, please contact Cindy Colonius at 217-782-4572 or by email at cindy.colonius@illinois.gov.
