

Pursuant to 215 ILCS 93/30 and 50 IAC 2014, small employer carriers are required to file with the Director annually on or before May 15, an actuarial certification certifying that the carrier is in compliance with the Small Employer Health Insurance Rating Act [215 ILCS 93/].

Effective immediately, the Department of Insurance requires the certifications and any work papers in support of the actuarial certifications be submitted informationally by electronic means directly through SERFF.
