RE: ISMIE Mutual Insurance Company
Rate and Rule Filing Effective July 1, 2006

Dear Director McRaith: ISMIE-2006-R

The accompanying materials constitute a filing of medical liability insurance rates and rules made on behalf of the ISMIE Mutual Insurance Company in accordance with the requirements of Section 155.18 of the Illinois Insurance Code.

All policyholders with ISMIE are insured on an annual basis, with the majority having a common anniversary of July 1. This filing, which is effective July 1, 2006, supersedes our present filing and applies to all policies issued or renewed after that date.

This rate and rule filing consists of the following enclosed documents:

1) Three copies of the Rate/Rule Submission Letter;
2) Two copies of Form (RF-3);
3) Two copies of "Manual of Rules and Rates";
4) Two copies of the Towers Perrin's report entitled "ISMIE Mutual Insurance Company Filing Memorandum – Illinois Physicians and Surgeons Professional Liability"; and,
5) Two copies of the "Statement of Actuarial Opinion".

RATES

The rates attached were adopted by the Board of Directors of the ISMIE Mutual Insurance Company on April 5, 2006. At this meeting, the Board also adopted the following:

1) No change to the base rate;
2) No change to the increased limits factors;
3) No change to the loss-free discount program;
4) Decrease the relativity for Class 1 from 0.45 to 0.40;
5) Decrease the relativity for Class 3 from 0.70 to 0.65;
6) Decrease the relativity for Class 11 from 1.70 to 1.60;
7) Decrease the relativity for Class 12 from 1.90 to 1.80;
8) Decrease the relativity for Class 14 from 2.90 to 2.80;
9) Decrease the relativity for Class 15 from 3.40 to 3.10;
10) Increase the relativity for Class 16 from 3.40 to 3.60;
11) Decrease the relativity for Class 20 from 6.50 to 6.30;
12) Increase Geriatrics from Class 1 to Class 2;
13) Increase Cardiovascular Disease-NMRP and Nephrology-NMRP from Class 4 to Class 6;
14) Increase Gynecology-NMRP from Class 4 to Class 5;
15) Decrease Ophthalmic Surgery, Oncology and Radiation Oncology from Class 6 to Class 4;
16) Increase Neurosurgery-MRP from Class 8 to Class 10;
17) Increase General Practice-LMajRP and Family Practice-LMajRP from Class 11 to Class 12;
18) Decrease Cardiac Surgery, Thoracic Surgery and Vascular Surgery from Class 17 to Class 16;
19) Decrease Orthopaedic Surgery without Spine from Class 16 to Class 15;
20) Establish a new specialty code for Neurosurgery, No Intracranial Surgery at Class 18;

RE: ISMIE Mutual Insurance Company
Rate and Rule Filing Effective July 1, 2006

21) Establish a new territory 2B at a relativity of 0.60; move Grundy County from Territory 3 to Territory 2B; and move Sangamon County from Territory 2A to Territory 2B;
22) Establish a new territory 2C at a relativity of 0.45 and move Peoria County from Territory 3 to Territory 2C;
23) Increase Jackson County from Territory 1A to Territory 1;
24) Increase Winnebago County from Territory 2 to Territory 1B; and,
25) Increase the maximum premium for corporations and clinics from the average of the 5 highest physician premiums within the entity to 25% of the sum of the 5 highest physician premiums.

RULES

The "Manual of Rules and Rates" constitutes the rules, policies and procedures applicable to the insurance granted to each policyholder under this program.

The following changes have been made to this manual effective July 1, 2006:

General Rules:

1. Under Section VIII., Item C. 2. e. has been added to clarify that in the event of a physician's death, any outstanding tail installment payments will be waived.

2. Under Section VIII., Item C. 8. a. verification of appropriate CME courses has been added and under b. "reasonable period of time" has been replaced with "within 2 years of retirement/cancellation."

3. Under Section X., Item A. 7. has been added to clarify that ISMIE will only make a retrospective change to a physician's specialty and/or territory effective 2 years prior to the notification date from the physician.

endix I:

1. The table of premium rates has been updated.

2. The list of procedures has been updated.

3. Under Section V. Item B. 1. b. (1) clarification has been added that the 25% premium is applied against the standard full-time rate. Also a Note has been added that states no other rating changes can be made concurrent with a reduction to suspended coverage. Lastly, Item D. has been added which waives the premium for a physician on active military duty.

4. Under Section VI., Item C. 8. has been added to clarify that the policy cannot be on suspended coverage during a Locum Tenens period.

5. The per-patient rating for Emergency Physicians and Anesthesiologists has been updated, along with the rating for Surgicenter, Urgent Care and Allied Health Personnel.

Appendix II:

The maximum premium charged has been changed to 25% of the sum of the 5 highest physician premiums within the entity.

Appendix III:

Under Item E. 6. clarification has been added that surcharges, etc. may only be reconsidered biannually.

Appendix IV:

Under Section I., Item D. 1., a Note has been added that a debit is imposed for a minimum of 2 years.

ndix V:

Under Section I., Item D. 1., a Note has been added that a debit is imposed for a minimum of 2 years.

RE: **ISMIE Mutual Insurance Company**
Rate and Rule Filing Effective July 1, 2006

In further compliance with the requirements of the Illinois Insurance Code, Section 155.18 (c)(3) and the Illinois Insurance Regulations, Section 929.30 (b)(1)(E), I certify, as an officer of the Illinois State Medical Insurance Services, Inc., managers of the ISMIE Mutual Insurance Company, that to the best of my knowledge the rates in this filing are based on sound actuarial principles and are not inconsistent with the experience of ISMIE Mutual.

An additional duplicate of the Rate and Rule Submission Letter is enclosed with a stamped, self-addressed envelope, which may be used to acknowledge receipt of this filing.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

John Washburn

GENERAL RULES

ISMIE MUTUAL INSURANCE COMPANY
MEDICAL PROFESSIONAL LIABILITY
CLAIMS MADE INSURANCE PLAN

GENERAL RULES
(Effective July 1, 2006)

I. GENERAL INSTRUCTIONS

This manual contains the rules and rates governing the underwriting of Physician, Professional Entity and Physician Clinic Professional Liability insurance written on a claims-made policy form.

Additional exposure risks for which coverage is provided on or after the effective dates of any changes in this manual, either by endorsement of outstanding policies or by the issuance of separate policies, shall be written on the basis of the rates and rules in effect at the time the coverage is provided.

The following requirements shall be observed in the preparation of policies for insurance covered by this manual:

A. On policies issued to individual physicians, the NAMED INSURED shall be identified in the Declarations page by name and rating medical specialty.

Additional insureds shall be identified on attaching endorsements either by name (in the case of a covered sole shareholder medical corporation) or by number (in the case of designated Allied Health Personnel employees).

B. On policies issued to professional entities whose qualification for said policy is established in **Appendix II**, the NAMED INSURED shall be identified on the Declarations page by its legal name.

Additional insureds shall be identified on attaching endorsements either by name (in the case of a legal entity), or by number (in the case of designated Allied Health Personnel employees).

C. On policies issued to physician clinics (whose qualification for said policy is established in **Appendix IV**), the NAMED INSURED shall be identified on the Declarations page by its legal name.

I. GENERAL INSTRUCTIONS (Cont'd.)

C. (Cont'd.)

ADDITIONAL NAMED INSUREDS (who may be Doctors of Medicine, Doctors of Osteopathy or additional legal entity(ies)) shall be designated by the endorsement attached to the policy.

Additional insureds shall be identified on attaching endorsements either by name (in the case of a legal entity), or by number (in the case of designated Allied Health Personnel employees).

D. When applicable, policies shall be endorsed to acknowledge any reported exceptions to the representations and warranties stipulated on the Declarations page.

Once a policy has been issued, any material changes thereto shall be accomplished by means of endorsement(s).

II. POLICY PERIOD

A. Policies are written for the period of time commencing with the policy effective date specified on the Declarations page and may be continued for successive calendar quarters upon payment of premium but expires upon cancellation, non-renewal, renewal by ISMIE or failure to renew by the NAMED INSURED.

B. Policies are generally written for a twelve (12) month period beginning on the policy effective date. At the NAMED INSURED's request, a policy may be written for a twenty-four (24) or thirty-six (36) month period.

C. For any policy written on a twenty-four (24) or thirty-six (36) month basis, the aggregate limit of liability (as described in Section VI, "Limits of Liability"), shall apply to each twelve (12) month period beginning with the policy effective date.

D. Any policy written for a twelve (12) month period may, upon the NAMED INSURED's request and approval by ISMIE be extended up to a maximum of ninety (90) additional days. The aggregate limit of liability (as described in Section VI, "Limits of Liability"), shall apply to the sum of the twelve (12) months plus any additional days.

III. SCOPE OF COVERAGE

For details of coverage and exclusions, refer to standard policy.

IV. PERSONS INSURED

For persons insured, refer to standard policy.

V. GENERAL DEFINITIONS

For general definitions, refer to standard policy.

VI. LIMITS OF LIABILITY

Manual rates and minimum premiums are calculated to provide optional basic or excess limits of either $500,000, $1,000,000, or $2,000,000 "each person" and, subject to the foregoing choice of basic or excess limits, a corresponding annual aggregate of $1,500,000, $3,000,000 and $4,000,000 respectively. These limits options apply only to the Physician and Professional Entities policies. **Appendix IV** describes limits options available to the Physician Clinic policy.

Except for limited circumstances in the Physician Clinic policy, the inclusion of more than one insured under a policy shall not operate to increase the limits of ISMIE's liability.

Except with respect to physicians in solo practice and moonlighting residents, all physicians insured under this plan must carry limits of liability at least equal to the limits of liability carried by any employer whether such employer is:

1) a physician
2) a professional entity, or
3) a physician clinic

VII. RATES AND PREMIUM CALCULATION

A. RATES. Annual and Reporting Endorsement premiums applicable to individual physicians for each specialty, territory, limit of liability and maturity year appear on the rate schedule at the beginning of **Appendix I**.

Premiums and rate categories for Allied Health Personnel (who may be either additional named insureds or additional insureds on the standard policy) appear on the rate schedule at the end of **Appendix I**.

B. (a) RATED RISKS. Every risk described in the "Annual Seventh Year Claims-Made Premium Rates" **(Appendix I)** for which the symbol **(a)** appears in lieu of a specific rating designation and any other risk, risk procedure or technique not otherwise identified or defined in the appendices forming a part of this manual, shall be submitted to ISMIE for rating.

VII. RATES AND PREMIUM CALCULATION (Cont'd.)

C. CALCULATION OF PREMIUM. The premium shall be determined on the basis of the units of exposure existing at policy inception and shall be calculated in accordance with the applicable rates, and rating plans contained or referenced in this manual. The developed premium is billed on a quarterly basis and shall be rounded to the nearest whole dollar. A premium involving $.50 or more shall be rounded to the next higher whole dollar. Interim premium adjustments including endorsements shall be calculated pro rata.

D. MINIMUM PREMIUM RULE. Subject to the Calculation of Premium procedures described above:

1. No Physician Professional Liability Claims-Made Insurance Plan policy (Form No. AP-1300) may be issued under this plan for a premium charge of less than the equivalent of 27.5% of the lowest offered specialty rating currently in effect in the insured physician's applicable rating territory and maturity year for liability limits of $500,000/$1,500,000, and

2. No Professional Entity Professional Liability Claims-Made Insurance Plan policy (Form No. AP-1300) may be issued for less than a premium charge of $400 per year.

E. SURCHARGE PLANS. The standard premiums in this manual are subject to a percentage increase based on defined risk characteristics and rules of applicability contained in the Surcharge Plan **(Appendix III).** A surcharge may be modified in accordance with the rules of the Surcharge Plan.

F. MATURITY YEAR. Each policyholder (whether a(n) individual physician, professional entity or physician clinic) shall, each policy period, have a designated maturity year. The measurement of the maturity year begins on the policyholder's RETROACTIVE DATE and advances each subsequent year thereafter until maturity is achieved.

Note: The policyholder's selected RETROACTIVE DATE cannot be changed after the policy is issued.

VIII. CANCELLATION / NON-RENEWAL

A. BY ISMIE. The earned premium shall be determined on a pro rata basis by multiplying the number of units of exposure for the period the policy was in force by the applicable rates.

B. BY THE NAMED INSURED. The earned premium shall be determined as the difference between written and return premium. Return premium will be calculated at 90% of pro rata. The earned premium so calculated shall also be subject to the Minimum Premium Rule. If cancellation is due to death, retirement or disabling illness, the earned premium shall be calculated on a pro rata basis.

C. REPORTING ENDORSEMENT. The rate schedule at the beginning of **Appendix I** contains the factors to be applied to the annual expiring premium for the purchase of a Reporting Endorsement. The purchase of said endorsement is applicable in the following circumstances:

- Upon policy termination of an individual physician insured on Form No. AP-1300

- Upon policy termination of a professional entity, or limited liability company insured on Form No. AP-1300

- Upon policy termination of a physician clinic insured on Form No. AP-1300, and

- Upon severance of the relationship between an ADDITIONAL NAMED INSURED physician and the physician clinic (both insured on Form No. AP-1300), in conjunction with termination of coverage on behalf of the ADDITIONAL NAMED INSURED physician. Either the NAMED INSURED or the ADDITIONAL NAMED INSURED physician may purchase a Reporting Endorsement on behalf of the ADDITIONAL NAMED INSURED physician.

The purchase of a Reporting Endorsement is subject to the terms and conditions specified in the standard policy.

1. The Reporting Endorsement premium for an individual physician (Form No. AP-1300) is subject to the NAMED INSURED's specialty, territory and limits of liability in effect as of the policy termination date. Notwithstanding the provisions of Section XII, "Supplementary Rules", Paragraph A-5, "Changes in Limits of Liability-Six Month Advance Notice", the NAMED INSURED may lower the limits of liability one day prior to the policy termination date.

VIII. CANCELLATION / NON-RENEWAL (Cont'd.)

C. REPORTING ENDORSEMENT. (Cont'd.)

INDIVIDUAL

Manual Rate (7th Year Rate based upon limits, territory and specialty)

X Maturity Year Factor

= Annual Base Premium

X Part Time Factor,

or

X Newly Practicing Physician Discount Factor,

(use whichever applicable factor above would provide the highest discount)

= Annual Adjusted Base Premium

- Loss Free Discount (Loss Free Discount Factor x Annual Adjusted Base Premium)

- Risk Rewards Discount (Risk Rewards Discount Factor x Annual Adjusted Base Premium)

= Annual Discounted Premium (net of loss free and risk rewards discounts)

X Tail Factor ①

= Reporting Endorsement Premium

①Year	Factor
1	3.306
2	3.153
3	2.401
4	2.178
5	2.196
6	2.183
7	2.180

For individuals rated on a non-standard basis (88046), the Group Discount (in dollars, if any) must be added back and the tail factor then applied.

If the individual is on suspended coverage at date of policy cancellation, calculation must revert to rating factors in effect before suspended coverage is in effect.

VIII. CANCELLATION / NON-RENEWAL (Cont'd.)

C. REPORTING ENDORSEMENT. (Cont'd.)

2. The Reporting Endorsement premium as calculated may be paid all at once, or, it may be paid in annual installments over a three-year period calculated as follows:

   a. Calculate the total cost of the Reporting Endorsement as above using the rates in effect as of the policy expiration date

   b. Calculate the service charge. Such service charge shall be 6% of the total cost of the Reporting Endorsement and shall be payable in full in conjunction with the first installment and is not refundable

   c. Calculate the installment amounts:

      (1) **First Installment** - 50% of the total cost as determined in one (1) above

      (2) **Second Installment** - 30% of the total cost as determined in one (1) above

      (3) **Third Installment** - 20% of the total cost as determined in one (1) above;

   d. The named insured's election to purchase the Reporting Endorsement on installments is irrevocable upon receipt by ISMIE of both the premium for the first installment and the service charge.

   e. In the event of a physician's death subsequent to the cancellation date of the policy but prior to receipt of all installment payments, any remaining installment payments will be waived.

3. To determine the Reporting Endorsement premium for a professional entity (Form No. AP-1300), the individual physician premiums that have a premium bearing relationship to the professional entity are used. The premium is computed as follows:

   For professional entities with four or less physician affiliates with premium bearing relationships: Using the individual physician rating method, multiply the annual adjusted base premium of each individual physician by a factor of .25 (25%). Then add these amounts together to determine an annual premium.

C. REPORTING ENDORSEMENT. (Cont'd.)

For professional entities with five or more physician affiliates with premium bearing relationships: Determine the five highest rated physicians based upon their annual adjusted base premiums. Add these annual adjusted base premiums together and divide by 5.

= **Annual Base Premium**

X Tail Factor ①

= **Reporting Endorsement Premium**

---

①Year	Factor
1	3.306
2	3.153
3	2.401
4	2.178
5	2.196
6	2.183
7	2.180

If a professional entity is rated non-standard (88046), apply the tail factor to the non-standard premium.

If a professional entity is rated on an auditable premium basis, the annual base premium is determined by multiplying the per exposure rate by the number of exposures. Apply the tail factor to the annual base premium.

VIII. CANCELLATION / NON-RENEWAL (Cont'd.)

C. REPORTING ENDORSEMENT. (Cont'd.)

4. The Reporting Endorsement premium for a physician clinic (Form No. AP-1300) is calculated as follows:

Sum the annual adjusted base premium for each additional named insured on the clinic policy

\+ Corporate base premium for the clinic using individuals with a premium bearing relationship

\+ Allied Health Personnel Charge

= **Annual Clinic Base Premium**

\- Loss Free Discount (sum of: Loss Free Discount x Adjusted Base Premium of each Additional Named Insured Physician)

\- Risk Rewards Discount (sum of: Risk Rewards Discount x Adjusted Base Premium of each Additional Named Insured Physician)

= **Annual Discounted Premium**

X Tail Factor ①

= **Reporting Endorsement Premium**

Year	Factor
1	3.306
2	3.153
3	2.401
4	2.178
5	2.196
6	2.183
7	2.180

If a clinic is rated non-standard (88046), the Schedule Rating Credit (in dollars, if any) must be added back and the tail factor then applied.

If a clinic is rated on an auditable premium basis, the Schedule rating Credit (in dollars, if any) must be added back and the tail factor then applied.

VIII. CANCELLATION / NON-RENEWAL (Cont'd.)

C. REPORTING ENDORSEMENT. (Cont'd.)

5. In the event of severance of the relationship between an ADDITIONAL NAMED INSURED physician and the NAMED INSURED physician clinic (both insured on Form AP-1300), in conjunction with termination of coverage on behalf of the ADDITIONAL NAMED INSURED physician, either party may purchase a Reporting Endorsement on behalf of the physician. Such Reporting Endorsement premium shall be calculated as described in subparagraph 1.

   Under these circumstances of severance between the parties, the ADDITIONAL NAMED INSURED shall be deleted by endorsement from the Physician Clinic policy. A separate policy (Form No. AP-1300) shall then be issued to the physician and the Reporting Endorsement for said physician shall be attached to this policy.

6. All premiums for the Reporting Endorsement are payable as of the due date shown on the Reporting Endorsement invoice. Any such premium not paid as of the due date shall be in default and shall be grounds for deleting the Reporting Endorsement. Any premium received after the due date shall be refunded within ten (10) business days and the Reporting Endorsement will be deleted.

7. A physician may be granted a Reporting Endorsement without cost under the following circumstances:

   a. Death
   b. Disability (as defined in the policy--Form No. AP-1300), and
   c. Retirement

      i. "Retirement" means the permanent conclusion of and complete withdrawal from one's working or professional career as a physician;

      ii. A credit toward the purchase of the Reporting Endorsement is computed as follows:

         - one-sixtieth (1/60) of the premium for each consecutive full month the physician has had coverage with ISMIE for up to a total credit of 100% if the physician has attained the age of fifty-five, or

           Note: Policies written with an effective date prior to 7/1/03, which cancel after 7/1/03 will include any non-consecutive months in their credit.

C. REPORTING ENDORSEMENT. (Cont'd.)

- one one-hundred twentieth (1/120) of the premium for each consecutive full month the physician has had coverage with ISMIE for up to a total credit of 100%, regardless of the physician's age at retirement.

Note: Waiver of the full premium for a Reporting Endorsement based on retirement will be granted only once to a physician.

iii. Coverage with previous claims-made carriers may be substituted in lieu of ISMIE coverage so long as the physician is insured with ISMIE for at least one year prior to requesting the Reporting Endorsement.

8. A physician previously granted a Reporting Endorsement without cost because of retirement may, in the future, be considered for insurance with ISMIE under the following circumstances:

   a. Completion of an application for insurance and verification of appropriate CME courses;

   b. Reapplication within two years of the retirement/cancellation date;

   c. Has reported no claims or suits under the ISMIE tail; and,

   d. Payment of the appropriate premium charge for the period the policy is either placed on suspended coverage or is rated part-time, 20%, Retired, Not in Practice and, at the same limits of liability, territory and maturity year in effect at the time of cancellation.

9. The premium calculated above in subparagraphs 1, 3 or 4 is subject to proration depending upon the policy termination date and the NAMED INSURED's maturity year.

   a. **Maturity Year One** – The Reporting Endorsement premium shall be computed on a pro rata basis for each day the policy has been in force and shall be rounded to the nearest whole dollar.

   b. **Maturity Year Two Through Maturity Year Six** – The Reporting Endorsement premium shall be the composite of the prorated difference between the Reporting Endorsement premium at the end of the current policy period and the premium that would have been charged in the preceding policy period if the policy had been cancelled on the same date added to the Reporting Endorsement premium that would have been charged in the preceding policy period if the policy had been cancelled on the same date.

   c. **Maturity Year Seven** – is not subject to proration.

IX. ADDITIONAL INTERESTS

A. NO ADDITIONAL CHARGE. The interests listed below may be included without additional premium charge.

1. Financial Control

   a. An entity holding title to real property or facilities used by the NAMED INSURED, or

   b. An entity performing administrative duties and/or functions on behalf of the NAMED INSURED

   but only if such entity is financially controlled by the NAMED INSURED or the partners or shareholders thereof.

2. Medical Corporations

   Any medical corporation organized under the Professional Service Corporation Act of Illinois or the Medical Corporation Act of Illinois, but only if such medical corporation is solely (100%) owned by an individual physician, regardless of the number of physicians or other professional employees.

B. ADDITIONAL CHARGE. All other additional interests shall be submitted to ISMIE for rating.

X. UNDERWRITING PROCEDURE

A. PHYSICIAN COVERAGE

1. Except as is provided in paragraph C of this section, individual physicians must be insured through the issuance of a Physician Professional Liability Claims-Made Insurance Plan policy (Form No. AP-1300).

2. If a physician employs another physician, all such employed physicians must be insured with ISMIE and such insurance must be written with limits of liability at least equal to those carried by the employer physician.

X. UNDERWRITING PROCEDURE (Cont'd.)

A. PHYSICIAN COVERAGE (Cont'd.)

3. If a physician's primary office practice and primary hospital practice exist within different territorial boundaries, the territory to be used for rating purposes shall be:

   a. Non-surgical specialties

      - use primary office practice location.

   b. Surgical specialties including Anesthesiology, Cardiovascular Disease (MRP), Emergency Medicine, Family Practice (not primarily Major Surgery), General Practice (Not Primarily Major Surgery), Ophthalmic Surgery, Pathology, Radiology

      - use primary hospital practice location.

   c. "Primary" means 51% or more of the physician's total practice time spent in a given territory. In the event the physician does not practice to this extent in one territory, the higher rated territory shall be utilized.

4. If a physician practices equally in two or more territories, or, if hospital-based, the physician practices equally in two or more hospitals which are located within different territorial boundaries, the higher rated territory shall be utilized for rating purposes.

   a. **NOTE:** See subsection A-3-c above.

5. The premium shall be the sum of:

   a. The rate applicable to the individual physician's specialty, territory, limits of liability and maturity year which appears on the rate schedule in **Appendix I,** plus

   b. The appropriate per person rate for each Allied Health Personnel employee whose rate appears on the rate schedule in **Appendix I,** plus

   c. Any established surcharge.

X. UNDERWRITING PROCEDURE (Cont'd.)

A. PHYSICIAN COVERAGE (Cont'd.)

6. In the event a physician's specialty rating is reduced, no additional premium charge shall be made. However, if the physician terminates the policy within twenty-four (24) months from the effective date of a specialty reduction to either Physician, No Clinical Practice, Physician, Clinical Practice Not Insurable, Retired Not in Practice, or reduces to any other specialty, or if the physician has not yet attained the age of fifty-five (55), or if the physician does not otherwise qualify for retirement, the resulting Reporting Endorsement calculation shall be made at the old specialty designation previously in effect.

7. Any retrospective change with respect to a physician's specialty and/or territory may not be effective more than two years prior to the date upon which ISMIE receives written notice of the change of physician's specialty and/or territory.

B. PARTNERSHIP OR MEDICAL CORPORATION COVERAGE

See APPENDIX II

C. PHYSICIAN CLINIC COVERAGE

See APPENDIX IV

D. PRIOR ACTS COVERAGE

1. Prior Acts Coverage can be provided to either Physician, Professional Entity or Physician Clinic Coverage.

2. Prior Acts Coverage may not be written with a retroactive date earlier than July 1, 1981.

X. UNDERWRITING PROCEDURE (Cont'd.)

D. PRIOR ACTS COVERAGE (Cont'd.)

3. For policies written prior to February 17, 1998, the maturity year applicable for Prior Acts Coverage is determined by calculating the difference (in months) between the retroactive date and the policy effective date as shown in the following table:

# of Months		Maturity
> =	but <	Year
0	12	1
12	24	2
24	36	3
36	48	4
48	60	5
60	72	6
72		7

4. For policies written on or after February 17, 1998, the appropriate maturity year will be measured from the RETROACTIVE DATE as described in Section VII, "Rates and Premium Calculations", paragraph F, "Maturity Year".

5. The premium for Prior Acts Coverage shall be calculated as described in Article X, "Underwriting Procedure," paragraphs A, B and C.

XI. PHYSICIAN SPECIALTY

A. Physician Specialty assignment for rating purposes shall be made on the basis of:

1. The physician's trained medical specialty. "Trained medical specialty" is defined as follows:

   a. Completion of a bona fide residency program by the physician, or

   b. Completion of a bona fide residency and fellowship program by the physician, or

   c. If neither a. nor b. are applicable to the physician's circumstances, the type of medical practice engaged in by the physician, including how such physician is holding him/her self out to the public.

   d. If the physician has completed medical training as defined in Item a. and/or b. in more than one specialty, the higher rated specialty classification will be assigned.

2. When applicable, performance or non-performance of medical procedures in accordance with the rules established for this plan contained in this manual.

XI. PHYSICIAN SPECIALTY (Cont'd.)

B. The initial basis of rating assignment shall be the physician's trained medical specialty as described above. To the extent that the physician's practice activity contemplated by the medical specialty may be increased by the performance of medical procedures not usual and customary to the trained specialty, or may be decreased by the non-performance of medical procedures that are usual and customary to the trained medical specialty, the physician's rating assignment may be adjusted higher or lower as specified in **Appendix I** of this manual.

C. The physician specialty rating schedules and rules of this manual do not apply to physicians in active United States Military Service or to the government practice activity of physicians employed on a full or part-time basis by any government agency, institution or facility, other than a medical school or student health center.

Physicians, professional entities, or limited liability companies and physician clinics who render or furnish medical services within any government-owned or operated institution or facility (except a medical school, a facility owned or operated by a medical school, a student health center) on a fee-for-service (independent contractor) basis shall be subject to (a) rating.

XII. SUPPLEMENTARY RULES

A. SPECIAL RULES GOVERNING PHYSICIAN RATING.

For purposes of reference and application, the following rules are listed and defined:

1. **NEWLY PRACTICING PHYSICIAN PREMIUM DISCOUNT RULE.** **(See Appendix I,** Explanatory Note III)

2. **PART-TIME RATING RULE.** (See **Appendix I,** Explanatory Note IV)

XII. SUPPLEMENTARY RULES (Cont'd.)

A. SPECIAL RULES GOVERNING PHYSICIAN RATING. (Cont'd.)

3. **SUSPENDED COVERAGE RULE.** (See **Appendix I**, Explanatory Note V)

4. **CHANGE IN SPECIALTY MINIMUM DURATION RULE.** Physicians who voluntarily request either a decrease or increase in specialty assignment, may not request a further change in specialty assignment until a period of three months has elapsed. (NOTE: This rule shall not apply when it conflicts with any other underwriting rule in this plan.)

5. **CHANGES IN LIMITS OF LIABILITY-SIX MONTHS ADVANCE NOTICE.** Named insureds who voluntarily request an increase in policy limits, must give six months advance notice before such policy limits change may take effect.

   The six month advance notice shall be waived under the following circumstances:

   a. where a NAMED INSURED's practice relationship is altered to the extent that a change in policy limits is required.

   b. where a NAMED INSURED's hospital practice location has mandated a particular level of policy limits as a prerequisite to medical staff privileges.

   c. where a NAMED INSURED's hospital affiliation is altered to the extent that a change in policy limits is required.

   d. where a NAMED INSURED's specialty rating is either decreased or increased.

XII. SUPPLEMENTARY RULES (Cont'd.)

A. SPECIAL RULES GOVERNING PHYSICIAN RATING (Cont'd.)

6. Notwithstanding any of the provisions of subparagraphs A-4 and A-5, no physician may voluntarily request a concurrent decrease or increase in rating assignment with a decrease or increase in limits of liability and then request another increase in limits of liability until a period of six months has elapsed.

7. **LOSS FREE DISCOUNT.** **(Appendix I,** Explanatory Note VII) Physicians with no indemnity payments over a given experience period may qualify for a premium discount.

8. **RISK REWARDS DISCOUNT.** **(Appendix I,** Explanatory Note XIII)

B. RESTRICTIVE ENDORSEMENT RULE

Whenever a restrictive endorsement is attached to the individual policy of:

1. an employed physician, or

2. a physician who is either a partner, officer, director or shareholder of a partnership, medical corporation or physician clinic

a comparable endorsement shall be attached to the respective employer's policy. Such endorsement shall serve to limit the liability otherwise afforded under such policies, for the acts and omissions of the physician whose individual coverage was restricted, if the claim or suit arises out of the excluded activity.

XIII. SELF-INSURED RETENTION (SIR)

A. A Self-Insured Retention (SIR) program is available to certain policyholders who either desire to share in their losses in return for premium savings or have demonstrated a significant adverse loss profile, necessitating that they take a primary role in the management of their risk.

B. An SIR requires the policyholder to share financially in each and every claim based on minimum amounts of $100,000 "each person"/$300,000 "aggregate." Other amounts may be arranged depending on the financial and risk management expertise by the policyholder. The SIR will include both indemnity and expense payments.

C. Any premium credit, because of the assumption of an SIR, must be submitted to ISMIE for rating.

D. An SIR requires the policyholder to post a letter of credit or other suitable form of security.

E. If an aggregate amount is specified, such aggregate shall be at least three times the underlying amount (e.g., $100,000/$300,000).

XIV. DEDUCTIBLES

A. A deductible program is available to certain policyholders who either desire to share in their losses in return for premium savings or have demonstrated a significant adverse loss profile, necessitating that they take a primary role in the management of their risk.

B. A deductible requires the policyholder to share financially in each and every claim based on minimum amounts of $100K "each person"/$300,000" aggregate. Other amounts may be arranged depending on the financial and risk management expertise by the policyholder. The deductible, which is inside the limits of liability, will include indemnity payments only.

C. Any premium credit, because of the assumption of a deductible, must be submitted to ISMIE for rating.

D. A deductible requires the policyholder to post a letter of credit or other suitable form of security.

E. If an aggregate amount is specified, such aggregate shall be at least three times the underlying amount (e.g., $100,000/$300,000).

XV. QUARTERLY PREMIUM PAYMENT INSTALLMENT PLAN

A. The annual new business and renewal premiums of each policyholder will be invoiced over four quarterly installments.

B. The initial payment of 25% of the estimated annual premium is due at policy inception.

C. The remaining premium is also invoiced at 25% of the estimated annual premium and is due three, six and nine months from policy inception.

D. There is no fee or interest charge assessed by ISMIE Mutual for the quarterly installment plan.

E. Additional premium resulting from midterm changes to the policy are invoiced equally over the remaining installments due. If no installments remain, the additional premium may be billed immediately.

EXPLANATORY NOTES

EXPLANATORY NOTES:

The following represent the maturity factors to be applied in the event a policyholder is insured for less than seven years with ISMIE:

Year	Factor
1st	.250
2nd	.500
3rd	.780
4th	.925
5th	.950
6th	.975
7th	1.000

The following represent the tail factors to be applied to the annual expiring discounted premium in the event a policyholder desires to obtain a Reporting Endorsement upon termination or cancellation of the policy:

Year	Factor
1st	3.306
2nd	3.153
3rd	2.401
4th	2.178
5th	2.196
6th	2.183
7th	2.180

(Edition Date: 7/1/01)

APPENDIX I

EXPLANATORY NOTES:

I. **Territory 01** includes the Counties of Cook, Jackson, Madison, St. Clair, and Will.

Territory 01A includes the Counties of Lake and Vermilion.

Territory 01B includes the Counties of Kane, McHenry, and Winnebago.

Territory 02 includes the Counties of DuPage, Kankakee, and Macon.

Territory 02A includes the Counties of Bureau, Champaign, Coles, DeKalb, Effingham, LaSalle, Ogle, and Randolph.

Territory 02B includes the Counties of Grundy and Sangamon.

Territory 02C includes the County of Peoria.

Territory 03 includes the remaining Counties in Illinois.

II. The following defines the medical procedure terms referenced in the listing of medical specialty designations/rates.

A. Specified Minor Risk Procedures (SMRP)

1. Cardiologists

   Assisting in surgery, insertions of cardiac pacemaker (temporary or permanent), pericardiocentesis.

Cardiologists who perform the specified risk procedures listed will be rated accordingly. Performance of other minor risk procedures not specified will increase the premium charge.

B. Minor Risk Procedures (MRP)

Except as noted under A. 1, physicians with nominal specialty designation/risk notation of NMRP performing any of the following minor risk procedures will be assigned to a specialty designation/risk notation of MRP.

1. Angiography/Arteriography.
2. Assisting in the performance of surgery.
3. Arterial, venous, cardiac or other diagnostic catheterization (includes insertion of cardiac pacemaker whether temporary or permanent). This does not apply to Swan-Ganz, umbilical cord or urethral catheterization or arterial line in a peripheral vessel, which are covered under a specialty designation/risk notation of NMRP.

EXPLANATORY NOTES:

II. (Cont'd.)

B. Minor Risk Procedures (MRP) (Cont'd.)

4. Cervical conization.

5. Diagnostic/therapeutic dilation and curettage. This does not apply to induced non-spontaneous pregnancy terminations.

6. Fallopian tube recanalization.

7. Insertion of IUD.

8. Insertion of Palmez Balloon Expandable Stent.

9. Interstitial hyperthermia.

10. Interventional radiology such as embolization, (including extracranial), percutaneous transluminal angioplasty, percutaneous nephrostomy and drainage procedures.

11. Intracoronary streptokinase infusion.

12. MRI guided focused ultrasound for treatment of uterine fibroids.

13. Myocardial biopsy.

14. Obstetrical vacuum cup.

15. Ophthalmic surgery--either extraocular only or extraocular and intraocular (includes surgery for glaucoma, cataract, retinal detachment and strabismus surgery--including Yag laser treatment for membrane opacity, laser trabeculoplasty and laser iridectomy and incision and curettage of chalazion of eyelid).

16. Percutaneous therapeutic angioplasty.

17. Pericardiocentesis.

18. Therapeutic radiology, deep (includes radium implants).

19. Ultrasound hyperthermia (superficial only).

APPENDIX I

EXPLANATORY NOTES:

II. (Cont'd.)

B. Minor Risk Procedures (MRP) (Cont'd.)

20. Uncomplicated obstetrical care either prenatal (which may include amniocentesis) and post-partum only, and/or cephalic vaginal deliveries performed in a hospital which may also include episiotomy and application of low forceps only.

21. Vaginal Birth After C-section (V-BAC). Physician must consult with another physician qualified to perform C-sections during the prenatal course, and must arrange for appropriate backup during delivery with a physician qualified to perform C-sections who is within 20 minutes traveling time of the hospital.

22. Vascular Access Procedures (primarily for dialysis) including tunneled catheter insertion, vascular access angiography, vascular access angioplasty, vascular access thrombolysis and vascular access thrombectomy.

C. Major Risk Procedures--Limited Performance (LMajRP)

Performance of major risk procedures by a physician increases the premium charge if these activities represent more than an incidental portion of the physician's practice:

1. Obstetrical Procedures:

   Cesarean section; mid-forceps delivery; version and extraction; breech extraction; multiple gestation.

2. Orthopaedic Procedures:

   Closed reduction of dislocations other than fingers, toes and shoulders; open reduction of fractures or dislocations; amputations (other than digits); any fracture of the pelvis that is displaced and/or involves concomitant injury to adjacent or subjacent organs due to the fracture; any fracture of the vertebrae that is dislocated and/or involves concomitant injury to the spinal cord or other adjacent or subjacent organs due to the fracture; or orthopaedic surgery including obtaining an iliac crest bone graft and open procedures on the coccyx but excluding open procedures on the rest of the spine.

EXPLANATORY NOTES:

II. (Cont'd.)

C. Major Risk Procedures--Limited Performance (LMajRP) (Cont'd.)

3. Pregnancy Terminations:

   Induced, non-spontaneous, in the first 12 weeks, rated similar to Gynecological Surgery.

4. Other Major Surgery Procedures:

   Generally attributable to Specialists of Obstetrics, Gynecology, Orthopaedic, General, Cardiac, Vascular, Plastic Surgery, etc.

D. Major Risk Procedures--Dominant Performance (MajRP)

Family Practice, General Practice or other similarly rated physicians performing any of the following **major risk procedures** where these activities represent the dominant procedures performed by the physician will be rated similarly to the specialty which generally performs such procedures on a regular and customary basis:

1. Obstetrical Procedures:

   Cesarean section; mid-forceps delivery; version and extraction; breech extraction; multiple gestation.

2. Orthopaedic Procedures:

   Closed reduction of dislocation other than fingers, toes and shoulders; open reduction of fractures or dislocations; amputations (other than digits); any fracture of the pelvis that is displaced and/or involves concomitant injury to adjacent or subjacent organs due to the fracture; any fracture of the vertebrae that is dislocated and/or involves concomitant injury to the spinal cord or other adjacent or subjacent organs due to the fracture; or orthopaedic surgery including obtaining an iliac crest bone graft and open procedures on the coccyx but excluding open procedures on the rest of the spine.

3. Pregnancy Terminations:

   Induced, non-spontaneous, in the first 12 weeks, rated similar to Gynecological Surgery.

APPENDIX I

EXPLANATORY NOTES:

II. (Cont'd.)

D. Major Risk Procedures--Dominant Performance (MajRP) (Cont'd.)

4. Other Major Surgery Procedures:

   Generally attributable to Specialists of Obstetrics, Gynecology, Orthopaedic, General, Cardiac, Vascular, Plastic Surgery, etc.)

5. Otorhinolaryngology:

   Performance of elective cosmetic surgery on the head or neck increases the premium charge.

6. General Surgeons:

   Performance of major risk procedures, as outlined above, generally attributable to other surgical specialists will not increase the premium charge provided these activities do not represent more than an incidental portion of the physician's practice; if these activities do represent more than an incidental portion, the physician will be rated similarly to the specialty which generally performs such procedures on a regular and customary basis.

E. Major Risk Procedures

Notwithstanding any other provision of paragraphs C. and D., the following procedures are rated as follows:

1. Gastroplasty, gastric stapling, gastric partitioning or any like surgical procedure for the treatment of morbid obesity, obesity or weight reduction, will be rated similarly to that of General Surgery.

2. Temporomandibular Joint Surgery including total replacement, arthroscopy, alloplastic implants or meniscal repair via plication, will be rated similarly to that of Orthopaedics Without Spinal Surgery.

3. Chorionic Villi Sampling will be rated similarly to that of Obstetrical/ Gynecological Surgery.

EXPLANATORY NOTES:

II. (Cont'd.)

E. Major Risk Procedures (Cont'd.)

4. Spinal Surgery, Chemonucleolysis will be rated similarly to that of Orthopaedics With Spinal Surgery.

5. Neurosurgery, Gamma Knife (Leskell Gamma Radiosurgical Unit) will be rated similarly to that of Neurosurgery.

6. Liposuction will be rated similarly to Plastic Surgery.

APPENDIX I

EXPLANATORY NOTES:

III. Newly Practicing Physician Premium Discount Rules

A. Applicable to any physician who, as of the inception date of insurance in the ISMIE program, is entering the practice of medicine for the first time or has been in practice for less than 48 months following:

1. Attainment of medical license, or

2. Completion of residency or fellowship training including completion by an established practitioner of training in a different medical specialty in which the physician intends to practice, or

3. Completion of military service or other extended government service (e.g., National Health Service Corps., etc.)

NOTE: A physician who is insured for "moonlighting" activity while still enrolled in a medical training program is ineligible for a premium discount under this rule.

B. The premium discount is a percentage calculated from the time a physician enters medical practice and prorated within the first four policy years. The applicable discount is determined by the length of time the physician has been in practice as of the inception date of insurance, according to the following table:

NEWLY PRACTICING PHYSICIAN PREMIUM DISCOUNT TABLE

	TIME IN PRACTICE	% OF DISCOUNT	% INSURED PAYS
1st Practice Year	1 - 12 Months	50%	50%
2nd Practice Year	13 - 24 Months	35%	65%
3rd Practice Year	25 - 36 Months	20%	80%
4th Practice Year	37 - 48 Months	5%	95%

(Edition Date: 7/1/99)

EXPLANATORY NOTES:

III. Newly Practicing Physician Premium Discount Rules (Cont'd.)

C. The premium discount applies:

1. To eligible new and renewal business effective on or after July 1, 1999;

2. In lieu of and not in addition to the "part-time rating" rules. A physician who is eligible for rate reduction under either set of rules shall automatically be entitled to the benefit of whichever rule affords the greater premium discount. This determination will be made for each policy year until the physician's eligibility for the "Newly Practicing Physician" premium discount has expired;

3. May be superseded but not extended by the benefit of "suspended coverage" rating.

IV. Part-Time Rating Rules

A. The following part-time categories may be applicable to the individual physician if the criteria established in paragraphs B and C are met by such physician:

1. Individual physician is "Retired, Not in Practice."

   a. Coverage afforded under the Physician Professional Liability Claims-Made Insurance Plan policy (Form No. AP-1300) is limited to the occasional treatment of friends and relatives without remuneration.

   b. The premium shall be 20% of the rate applicable to the lowest specialty designation based on the individual physician's territory, limits of liability and maturity year which appears on the rate schedule in **Appendix I.**

2. Individual physician is a "moonlighting" resident whose "average weekly practice time" is not more than 10 hours per week. **Exception: Not more than 12 hours per week for Emergency Room Medicine.**

   - The premium shall be 27.5% of the rate applicable to the individual physician's specialty designation, territory, limits of liability and maturity year which appears on the rate schedule in **Appendix I.**

APPENDIX I

EXPLANATORY NOTES:

IV. Part-Time Rating Rules (Cont'd.)

A. (Cont'd.)

3. Individual physician whose "average weekly practice time" is not more than 21 hours per week. **Exception: Not more than 24 hours per week for Emergency Room Medicine.**

   - The premium shall be 60% of the rate applicable to the individual physician's specialty designation, territory, limits of liability and maturity year which appears on the rate schedule in **Appendix I**.

4. Individual physician whose "average weekly practice time" is 22 hours or more per week.

   - The premium shall be 100% of the rate applicable to the individual physician's specialty designation, territory, limits of liability and maturity year which appears on the rate schedule in **Appendix I**.

B. The criteria for part-time rating consideration for an individual physician who is "Retired, Not in Practice" is as follows:

1. In the case of a physician with "Retired, Not in Practice", the individual physician must submit a written request for part-time rating based on the retirement from active practice.

2. Upon establishment of the aforementioned criteria, a physician who is:

   - "Retired, Not in Practice" shall have his/her policy endorsed with the Retired Physician Endorsement (AE-1502).

EXPLANATORY NOTES:

IV. Part-Time Rating Rules (Cont'd.)

C. The criteria for part-time consideration for all other physicians are as follows:

1. "Average weekly practice time" as determined on the basis of the physician's written representations meets the "hour per week" limitations as specified in subparagraphs A-2 and A-3.

   a. "Average weekly practice time" is defined to include all of the following:

      (1) all clinical patient care;
      (2) completion of patient medical records;
      (3) consultations.

2. "Average weekly patient volume" as determined on the basis of the individual physician's submission of written verification.

   a. Any of the foregoing which substantiates "average weekly patient volume" at each surgi center, emergi center, walk-in clinic or other outpatient facility where professional services are rendered to patients for which coverage is desired.

   b. The "average weekly patient volume" so determined must correlate to "average weekly practice time" as specified in subparagraph C-1.

3. Any professional activity for which coverage is not desired, and which requires the issuance of an exclusionary endorsement attached to the individual physician's policy with respect to such activity, shall be considered in the application of subparagraphs C-1 and C-2. Verification of coverage for such activity must be received by ISMIE.

4. Notwithstanding any of the provisions of subparagraphs C-1, C-2 and C-3, a physician who schedules patient appointments more than four days per week may not be considered for part-time rating. This includes patient contact in a hospital, surgi center, emergi center or other out-patient facility.

NOTE: Physicians may not apply for part-time and simultaneously request cancellation of their policy. Part-time rating can only be considered for an in force policy. If the physician terminates the policy within six months of a reduction to part-time, the Reporting Endorsement premium calculation shall be made at the standard full time premium previously in effect.

APPENDIX I

EXPLANATORY NOTES:

IV. Part-Time Rating Rules (Cont'd.)

C. (Cont'd.)

5. Notwithstanding any of the provisions of subparagraphs C-1, C-2, C-3 and C-4, no physician who practices more than 26 weeks per year may be considered for part-time rating.

6. Upon establishment of the aforementioned criteria, either a Part-Time Coverage Endorsement (AE-1501) or Part-Time Emergency Medicine Endorsement (AE-1503) shall be attached to the individual physician's policy.

7. Physician must complete the Application for Part-Time Rating (form PP-1215-A2) and submit at least six months of documentation to apply for part-time. Once part-time eligibility has been established, a reduction will be granted effective on the date the physician's documents are received by ISMIE, or no greater than 6 months retroactive from the date all documents are received by ISMIE.

D. Individual physicians with a nominal specialty designation/risk notation of NMRP, MRP, SMRP or LMajRP, who in addition to their specialty practice also engage in emergency room services, other than for the purpose of satisfying hospital staff privilege requirements, may be eligible for composite rating as follows:

1. 22 hours per week or more of specialty practice subject to not more than 24 hours per week of emergency room services.

   - The premium shall be the sum of 50% of the rate applicable to a specialty designation/risk notation of NMRP, MRP, SMRP or LMajRP, and 50% of the rate applicable to Emergency Medicine--NMajS, prim. based on the individual physician's territory, limits of liability and maturity year which appear on the rate schedule in **Appendix I.**

2. 25 hours per week or more of emergency room services.

   - The premium shall be 100% of the rate applicable to Emergency Medicine--NMajS, prim., the individual physician's territory, limits of liability and maturity year which appears on the rate schedule in **Appendix I.**

EXPLANATORY NOTES:

IV. Part-Time Rating Rules (Cont'd.)

E. "Free Medical Clinic" Coverage.

Individual physicians whose sole insurable practice activity is rendering professional services in a "Free Medical Clinic" for no remuneration may be eligible for an annual rate of $48 for limits of $1 million/$3 million, regardless of territory. This premium cannot be lowered for any reason.

1. A physician cannot reduce to this specialty from any other rating classification identified in this manual.

2. No prior acts coverage is afforded under this classification for a physician's rendering of professional services outside of a Free Medical Clinic.

3. The physician shall have his/her policy endorsed with the endorsement (AE-1547).

4. Upon termination of the policy, the physicians will be eligible to purchase a Reporting Endorsement as outlined in **General Rules,** Section VIII, C. with the following exception:

   Premium for a Reporting Endorsement for physicians whose sole insurable practice activity was rendering professional services in a "Free Medical Clinic" will be waived.

APPENDIX I

EXPLANATORY NOTES:

V. Suspended Coverage Rules

These rules apply to a physician who is temporarily in an "inactive practice" status due to voluntary interruption of practice (e.g., vacation, travel, continuing education, research, etc.), or involuntary interruption of practice (e.g., incapacitating illness or disability, other health reasons, including pregnancy, etc.).

A. If leave of absence is one (1) month or less

1. No premium reduction shall be given. If the insured requests cancellation (written request from insured required), reinstatement may not take effect prior to a three (3) month waiting period and will be subject to re-underwriting including the required purchase of a Reporting Endorsement at the time of cancellation.

B. If leave of absence is more than one (1) month but does not exceed one (1) year

1. Regardless of the reason for interruption of practice, the insured may be offered the alternatives outlined in a. and b. below subject to the rules contained therein.

   a. Cancellation. Reinstatement may not take effect prior to a three (3) month waiting period and will be subject to re-underwriting including the required purchase of a Reporting Endorsement at the time of cancellation.

   b. Suspended coverage by means of endorsement AE-1515-1.

      (1) The premium shall be 25% of the standard full-time rate applicable to the individual physician's specialty designation, territory, limits of liability and maturity year which appears on the rate schedule in **Appendix I**.

      (2) Such premium shall be prorated for the period of time the policy will be maintained in suspended status; however, in no event may the period of time exceed one (1) year.

      (3) The suspended coverage rate reduction does not apply to any other charges used in developing the policy premium (e.g., surcharges, additional insureds, etc.), nor does it estop the passage of time applicable to the Newly Practicing Physician Premium Discount.

NOTE: Physicians may not request suspended coverage with a concurrent change to specialty, classification, limits of liability or any other rating element.

EXPLANATORY NOTES:

V. Suspended Coverage Rules (Cont'd.)

C. If leave of absence is for one (1) year or longer

1. The policy should be canceled. Reinstatement will be subject to re-underwriting including the required purchase of a Reporting Endorsement at the time of cancellation.

D. If leave of absence is due to active military duty, the policy will be placed on suspended coverage for the length of service and the premium for the entire period will be waived.

VI. Locum Tenens (Additional Insured)

A. Locum Tenens Coverage is required when a physician is temporarily substituting for an ISMIE insured physician if the substituting physician either does not have professional liability insurance or has limited insurance that would not cover him/her for such substituting activities. A form AA-1075, Locum Tenens Application, must be submitted for review and approval prior to the first date of desired coverage. The substituting physician can be added for coverage as an "Additional Insured" under the ISMIE insured physician's policy by means of endorsement AE-1518, "Additional Insured - Locum Tenens Coverage Endorsement", the use of which is governed by the rules set forth below.

B. The premium shall be the rate applicable to the Locum Tenens' specialty designation and the ISMIE insured physician's territory, limits of liability and maturity year multiplied by the applicable percentage as specified below in the accompanying chart:

NUMBER OF DAYS EXPECTED SUBSTITUTION	PERCENTAGE APPLIED TO THE QUARTERLY PREMIUM AMOUNT
1 to 30 days	0%
31 to 60 days	35%
61 to 90 days	65%

NOTE: 30 days of Locum Tenens coverage at no charge is cumulative per policy period.

APPENDIX I

EXPLANATORY NOTES:

VI. Locum Tenens (Additional Insured) (Cont'd.)

C. The following rules are applicable to Locum Tenens coverage:

1. Locum Tenens coverage can only be provided for a maximum of 90 days per policy year.

2. The Locum Tenens may not be insured to substitute for more than one ISMIE insured physician during the same physical period of time.

3. Each ISMIE insured physician is required to pay the appropriate premium when adding a Locum Tenens to his/her policy, regardless of whether another ISMIE insured physician is being charged premium for covering the substitute services of the same Locum Tenens during a different physical time period.

4. There is no need to purchase a Reporting Endorsement upon discontinuation of Locum Tenens coverage. Coverage for future reported claims/suits continues to exist through the ISMIE insured physician's policy, subject to the purchase of a Reporting Endorsement by the NAMED INSURED upon policy termination.

5. If more than one Locum Tenens is applicable to the same ISMIE insured physician, a separate premium charge shall be made for each Locum Tenens.

6. If the period of coverage for the Locum Tenens is continuous and begins prior to renewal and extends through and beyond renewal, the premium charge shall be based on the rates in effect prior to said renewal.

7. If the period of coverage for the Locum Tenens is a discrete series of days which begins prior to and extends through and beyond renewal, a separate premium charge shall be made for:

   a. the period prior to renewal; and,
   b. the period on or after renewal.

8. The ISMIE insured physician's policy cannot be on suspended coverage during the Locum Tenens period.

EXPLANATORY NOTES:

VII. Loss-Free Discount

Existing policyholders may qualify for a discount in premium based on the following criteria:

A. The existing policyholder is eligible for the loss-free discount after being continuously insured for at least 3.5 years. (See chart below.)

B. The existing policyholder must have incurred no indemnity payments (i.e., no indemnity payment made) during the experience period.

C. Experience Periods and Applicable Discounts

Years	Discount Applied 7/1/98 and After
3	3%
4	6%
5	8%
6	10%
7	12%
8	17%
9	18%
10	19%
11+	19.5%

New business applicants may qualify for a loss-free discount except that the experience period will be measured annually from the applicant's retroactive date. Proof of loss-free must be submitted to ISMIE from the applicant's prior carrier(s).

Note: This will not apply to any new business effective July 1, 2003 and after.

D. Applies to all medical specialties except "Physician, Treating Patients in Free Medical Clinic."

APPENDIX I

EXPLANATORY NOTES:

VIII. Per-Patient Rating for Emergency Physicians

A. Groups of Emergency Physicians of two or more may qualify for per-patient rating.

B. Such rating shall only be available under the Physician Clinic Policy. **(See Appendix IV)**

IX. Per-Patient Rating for Anesthesiologists

A. Groups of Anesthesiologists of two or more may qualify for per-patient rating.

B. Such rating shall only be available under the Physician Clinic Policy. **(See Appendix IV)**

X. Surgicenter Rating

A. Surgicenters may qualify for the per-procedure rating.

XI. Urgent Care Rating

A. Urgent Care facilities may qualify for the per-procedure rating.

XII. Allied Health Personnel Employee Rate Schedule

The schedules on the following pages set forth the rates to be charged as "Additional Named Insureds" premium under the Standard Physician Professional Liability Claims-Made Insurance Plan for any physician or medical entity who employs Allied Health Personnel of the type identified therein. The appropriate per unit rate for each chargeable Allied Health Personnel, who will be listed on the Declarations page, will be made.

EXPLANATORY NOTES:

XIII. Risk Rewards Discount

Existing physician and allied health personnel insureds may qualify for a discount in premium based on the following criteria:

A. Completion of an ISMIE-sponsored risk management component (e.g., seminar, self-study program).

B. Achievement of a minimum passing score for each component taken.

C. A maximum discount of 15% may be earned during each calendar year.

D. Applies to all physician medical specialties, except "Physician, Treating Patients in Free Medical Clinic."

E. Applies to all Allied Health Personnel for which a premium is charged.

F. Points earned during the following calendar years will be applied to the corresponding annual renewal period as indicated in the table below:

Calendar Year	Renewal on or after
2004	7/1/05
2005	7/1/06
2006	7/1/07
2007	7/1/08
2008	7/1/09
2009	7/1/10

PROFESSIONAL ENTITY
LIABILITY RULES AND RATES

A. ELIGIBILITY

To be eligible for ISMIE Professional Entity Professional Liability Insurance, a partnership, *sole shareholder medical corporation, or multi-shareholder medical corporation must conduct a medical business that is owned and operated by physicians for the purpose of providing patient services. Such services must be related to the physician owners medical practice specialty, or professional qualifications and be rendered by the physician owners, or other qualified physicians and/or allied health personnel employed by the physician owners in the name of the professional entity.

(*Insurance for sole shareholder professional entities where separate limits of liability are not desired is provided through the ISMIE Individual Physician Professional Liability Insurance Plan policy without additional premium charge.)

B. INSURABILITY

Determination of eligibility is made on the basis of a completed insurance application form entitled "Application for Medical Partnership/Corporation Professional Liability", form number BA-3000. If the medical business to be insured is otherwise eligible, it is mandatory that all physician partners, shareholders, officers, directors and employees of the partnership or medical corporation be individually insured with ISMIE for limits of liability at least equal to those desired by the partnership or medical corporation.

Exception: The requirements for individual insurance with ISMIE may be waived without affecting the professional entity's eligibility, under circumstances where a partner, shareholder, officer, director or employed physician has no need for or cannot obtain personal professional liability insurance with ISMIE (e.g., a retired physician, a physician on leave of absence, a physician not primarily practicing in the State of Illinois, a physician declined for underwriting reasons, etc.). In such cases, the policy issued to the professional entity by ISMIE shall be endorsed to exclude liability arising out of the acts or omissions of any such uninsured physician. This is accomplished by means of attaching form BE-3506 "Acts or Omissions of Others" Exclusion Endorsement.

(Edition Date: 7/1/95)

C. RATING

Professional Entities qualifying under the above rules shall be issued a Professional Entity Professional Liability Plan Policy, form AP-1300, subject to the following standard premium charges:

1. The sum of 25% of the premium that would be charged for each partner's, officer's, director's, shareholder's, employee's or independent contractor's individual policy premium at the limits of liability desired by the partnership or corporation (without regard to any surcharge), subject to:

   a. a maximum of 25% of the sum of the five highest rated physician partner's, officer's, director's, shareholder's, employee's or independent contractor's individual policy premium as calculated above

   b. a minimum of $400 per year

plus

2. The appropriate per person rate for each allied health personnel employee whose rate appears on the rate schedule in **Appendix I**; plus,

3. Any established surcharge/debit.

4. Upon cancellation or non-renewal of a Professional Entity policy (Form No. AP-1300), a Reporting Endorsement may be purchased. The Reporting Endorsement premium shall be the sum of 25% of the premium that would be charged for each partner's, officer's, director's, shareholder's, employee's or independent contractor's individual Reporting Endorsement (as described in General Rules, Section VIII, "Cancellation/Non-Renewal", subparagraph C-3) at the coverage level desired by the partnership or medical corporation. A Professional Entity Reporting Endorsement premium is not subject to any minimum or maximum.

The standard premium charges do not apply to the following types of medical business which must be submitted for rating:

Abortion clinics, Multi-phasic Diagnostic Centers, Surgi Centers (Ambulatory Care Centers), Weight Control Clinics, 24 hour Emergi Centers and any other medical business with unique or unusual exposure conditions not governed or contemplated by the rules and standard premium charges contained herein.

RISK CHARACTERISTIC SURCHARGE PLAN

A. The Risk Characteristic surcharge plan is a fundamental element in the ISMIE Professional Liability Program. It establishes a review format for professional risk evaluation of physicians, by physicians, and provides an effective risk control mechanism for mitigating potential loss exposures. The objective of the Surcharge Plan is to encourage insured physicians to maintain high professional standards, thereby ensuring quality patient care and the stability of this professional liability program.

B. The following characteristics shall be considered in determining individual risk surcharges and physician group debits (i.e., percentage increase of standard premium) under the ISMIE Professional Liability Program:

CHARACTERISTICS	TIER EVALUATION
1. Any one claim (open or closed) found to involve questionable judgment or procedure as determined by the Physician Review and Evaluation Panel ("PREP").	**Tier 1**
2. Any one claim (open or closed) involving significant questionable judgment or procedure; or practice in an area significantly beyond training or competency; or any two claims (open or closed) involving questionable judgment or procedure as determined by the Physician Review and Evaluation Panel ("PREP").	**Tier 2**
3. Any one claim (open or closed) involving negligence; or three or more cases (open or closed) involving questionable judgment or procedure; two or more cases (open or closed) involving significant questionable judgment or procedure; or a combination of these characteristics regardless of disposition as determined by the Physician Review and Evaluation Panel ("PREP"); or claim frequency as determined by specialty; or any other adverse underwriting characteristics such as, but not limited to, hospital staff privileges subject to disciplinary action, Licensing Board disciplinary action, etc.	**Tier 3**

(Edition Date: 7/1/04)

4.	A pattern of claims reflecting inappropriate medical care; including practicing outside of one's specialty; excessive patient volume or other practice patterns which compromise quality of care; or a pattern of cases reflecting a significant breach in the standard of care regardless of ultimate disposition as determined by the Physician Review and Evaluation Panel ("PREP") or any other adverse risk characteristics as determined by PREP which represents a significant exposure, combined with claim frequency as determined by specialty, and a loss ratio of 120% or greater.	**Tier 4**

C. The following table converts the Tier Evaluation to the surcharge percent that is to be applied to the insured's standard premium, determined in accordance with the rating rules of this manual. The percentage (%) is always applied to the insured's annual base premium. Part-time rating, suspended coverage, the newly practicing physician discount, or subsequent procedure reduction shall not operate to decrease the amount of the surcharge otherwise due.

TIER EVALUATION

TIER:	**1**	**2**	**3**	**4**
PERCENTAGE (%):	**25%**	**50%**	**75%**	**100-200%**

D. The following debits may be applied to a physician group:

A Schedule Rating Debit (up to a maximum of 100%) may be applied according to the following schedule:

	DEBIT
Loss Experience	100%
Premises-condition, care	5%
Specialty balance	8%
Employees-selection, training, supervision, experience	5%
Risk Management Program	10%
Unusual Risk Characteristics	15%

E. The following rules govern the application and duration of surcharges, physician group debits and policy exclusions established through the Surcharge Plan:

1. A surcharge or debit may be applied at the inception of the policy or at any subsequent policy renewal thereafter.

2. Ultimate disposition of a previously evaluated "open" claim shall not affect the originally assessed surcharge/debit.

3. In determining the appropriate percentage to assess within the Tier 4 surcharge range, PREP shall consider the severity of the insured's loss ratio. The minimum shall be assessed for a loss ratio of 120-200%, the mid for a loss ratio between 200-300%, and the maximum for a loss ratio greater than 300%.

4. Surcharges shall remain in effect in accordance with the following table:

SURCHARGE %	DURATION
25%	12 Months
50%	24 Months
75%	24 Months minimum, subject to reevaluation by "PREP" at the expiration of 24 months.
100-200%	24 Months minimum, subject to re-evaluation by "PREP" at the expiration of 12 months.

5. Debits shall remain in effect for a minimum of two years and may be reconsidered in accordance with the provisions outlined in subparagraph E-6.

6. Imposition of surcharges, physician group debits and other indicated actions may be accomplished by the Physician Review and Evaluation Panel ("PREP)" which serves as consultant to the Underwriting Division of ISMIS. Surcharges, debits and other indicated actions may only be reconsidered bi-annually by the originating source or may be reviewed by "PREP" in accordance with the following note below, providing the applicant or insured requests such reconsideration or review in writing within six months following notification by the Company.

   NOTE: The insured is obliged to make payment of the surcharge or debit during the pendency of the reconsideration or review process. If the surcharge/debit is eliminated or reduced, the decision shall be applied retroactive to the original effective date.

7. The imposition of a surcharge/debit disqualifies insureds from receiving any discount offered to participants of a group program (e.g., IPA, network, or purchasing group).

8. A medical procedure exclusion, practice activity exclusion, and/or a curtailment of policy limits of liability may be imposed at the inception of the policy or any policy renewal thereafter. Any of these actions qualifies for review by the "PREP" Committee, provided the insured requests such reconsideration in writing within six months following notification by the Company.

   NOTE: These kinds of coverage restrictions are generally intended to apply for an indefinite period. However, in the case of a medical procedure exclusion, after the exclusion has been in effect for a minimum of six (6) months, the insured may request consideration for removal of the exclusion upon furnishing satisfactory evidence of retraining or other appropriate medical testimony. Such a request may only be made once in any twelve (12) month period.

F. At its discretion, PREP may recommend any ISMIE Risk Management or continuing Medical Education activity in addition to a surcharge/debit and/or medical procedure exclusion.

GENERAL STATEMENT

The provisions of this plan affect the underwriting treatment of both new applicants and existing policyholders. In the case of a new applicant who has been declined by either the Underwriting Division or "PREP", depending on the reason(s) for declination, the opportunity may be extended to the applicant to meet personally with "PREP" in order to review the declination decision. "PREP" may overturn, or otherwise modify an Underwriting Division decision but only in accordance with the procedure outlined in the PREP Committee Administrative Rules.

Any existing policyholder subject to policy cancellation or non-renewal may, depending on the reason(s) for policy cancellation or non-renewal and upon timely request, be granted the opportunity to request an appeal. Such request for appeal shall be heard by a Committee appointed by ISMIE's Board of Directors. The outcome of this review shall be binding on both the policyholder and ISMIE.

I. PHYSICIAN CLINIC

A. The qualifications for coverage under the policy (Form No. AP-1300) are as follows:

1. The physician clinic must consist of two (2) or more physicians:

   a. who are permanently licensed in Illinois; and,

   b. whose medical practice is performed primarily in the State of Illinois for or on behalf of the NAMED INSURED physician clinic.

2. The physician clinic must be one of the following; i.e., a partnership, medical corporation, limited liability company, limited partnership, joint venture, association or other legal entity. All partners, officers, directors, shareholders, employees, members or potential ADDITIONAL NAMED INSUREDS of the physician clinic must be Doctors of Medicine or Doctors of Osteopathy.

3. The physician clinic must consist of a primary location domiciled in the State of Illinois:

   a. where professional services are rendered to patients; and,

   b. where administrative functions are undertaken (appointments, billing, patient records, etc.)

   Satellites or branch facilities are acceptable to the extent they are both financially and medically controlled by the primary location and are practicing as a part thereof.

4. The physician clinic must hold itself out to be a clinic engaged in the delivery of professional services to patients. Consideration for coverage will be given to the following characteristics:

   a. length of time entity has operated as a physician clinic;

   b. degree of medical specialization;

   c. stability of members and locations;

   d. reputation and standing within community served;

   e. hospital where physicians have admitting privileges;

I. PHYSICIAN CLINIC (Cont'd.)

A. (Cont'd.)

4. (Cont'd.)

   f. degree of patient sharing;

   g. profit sharing and other defined benefits available;

   h. how entity holds itself out to the public; i.e., promotional materials, advertising, sign on the door, etc.;

   i. minimal use of independent contractors.

5. Insurance for a physician clinic shall be provided through the issuance of the policy (Form No. AP-1300).

6. Physicians who are partners, officers, directors, shareholders or employees of the physician clinic shall be insured by including such physicians as ADDITIONAL NAMED INSUREDS under the policy by endorsement.

B. The limits of liability available for a physician clinic are as follows:

1. The "Each Person" limit may be obtained only in the amount of $1,000,000 or $2,000,000 and a corresponding annual aggregate of $3,000,000 or $4,000,000 applied to each individual physician member and entity or the aggregate limit may be shared, the amount being determined by the number of exposures in the group as follows:

	Aggregate Applicable to "Each Person" Limit	
# of Exposures	$1M	$2M
2	5M	6M
3	8M	10M
4	10M	12M
5	15M	16M
6	16M	18M
7	18M	22M
8	20M	24M
9	22M	28M
10 - 19	25M	30M
20 - 39	40M	45M
40 - 59	55M	60M
60 - 79	70M	75M
80 - 99[1]	85M	90M

[1]For each additional 20 exposures, increase the aggregate by $15M.

I. PHYSICIAN CLINIC (Cont'd.)

B. (Cont'd.)

2. Increased aggregate limits may be purchased. For each additional limit, an additional premium of 1% of the aggregate physician clinic entity and Allied Health Personnel premiums will be charged.

C. The premium shall be the sum of:

1. the rate applicable to each ADDITIONAL NAMED INSURED'S specialty, territory, limits of liability and maturity year which appears on the rate schedule in **Appendix I**;

2. plus, the rate applicable to the clinic entity noted in **Appendix II;**.

3. plus, the appropriate per person rate for each Allied Health Personnel whose rate appears on the rate schedule in **Appendix I;**

4. minus, any loss-free discount applicable to any ADDITIONAL NAMED INSURED;

5. minus, any risk rewards discount applicable to any ADDITIONAL NAMED INSURED;

6. plus or minus, any applicable debit or credit as specified in paragraph D;

7. plus, any established surcharge.

APPENDIX IV

I. PHYSICIAN CLINIC (Cont'd.)

D. The following credits/debits are available to the physician clinic:

1. A Scheduled Rating Debit (up to a maximum of 100%) or Credit (up to a maximum of 35%) may be applied according to the following schedule:

	Range		
	Credit		**Debit**
Loss Experience	35%	to	100%
Premises-condition, care	5%	to	5%
Specialty balance	8%	to	8%
Employees-selection, training, supervision, experience	5%	to	5%
Risk Management Program	10%	to	10%
Unusual Risk Characteristics	15%	to	15%

NOTE: Any established debit must be imposed for a minimum of two years.

2. The combination of schedule rating and loss-free discount may not exceed a 54.5% credit.

3. Loss experience will be determined according to the following experience modification calculation:

   a. The experience period used to calculate the experience modification will be the most recent ten (10) years.

   b. Actual losses are determined by adding:

      i. indemnity (limited to $500,000) and expense on closed claims; plus,
      ii. indemnity (limited to $500,000) and expense on open claims to which reserve development factors have been applied.

   c. Expected losses are determined by:

      i. determining the number of weighted exposures per policy year; and,
      ii. multiplying "i" times the expected loss rate per exposure.

   d. Credibility equals

      i. Expected losses divided by expected losses plus $1,000,000.

APPENDIX IV

I. PHYSICIAN CLINIC (Cont'd.)

D. (Cont'd.)

3. (Cont'd.)

e. Experience Modification Formula

i. $\left(\frac{\text{Actual losses} \times \text{Credibility}}{\text{Expected losses}}\right) \left(\frac{1 - \text{Credibility}}{\quad}\right)$

E. Upon cancellation or non-renewal of the policy (Form No. AP-1300), a Reporting Endorsement may be purchased. The Reporting Endorsement premium shall be the sum of premium that would have been charged for each ADDITIONAL NAMED INSURED'S Reporting Endorsement (as described in **General Rules**, Section VIII "Cancellation/Non-Renewal", subparagraphs C-1, C-2 and C-3) at the limits of liability desired by the physician clinic.

F. In the event of severance of the relationship between an ADDITIONAL NAMED INSURED physician and the NAMED INSURED physician clinic (both insured on Form No. AP-1300), in conjunction with termination of coverage on behalf of the ADDITIONAL NAMED INSURED physician, either party may purchase a Reporting Endorsement on behalf of the physician. Such Reporting Endorsement premium shall be calculated as described in **General Rules**, Section VIII, "Cancellation/ Non-Renewal", subparagraphs C-1, C-2 and C-3 at the limits of liability desired by the requesting party.

Under these circumstances of severance between the parties, the ADDITIONAL NAMED INSURED shall be deleted by endorsement from the policy. A separate policy (Form No. AP-1300) shall be issued to the physician and the Reporting Endorsement for said physician shall be attached to this policy.

G. With respect to Reporting Endorsements discussed in paragraphs E and F, no credits and/or debits as described in paragraph D shall be included in the premium calculation.

I. PHYSICIAN CLINIC (Cont'd.)

H. In the event a physician clinic falls below the minimum number of required physicians; i.e., less than two (2), the physician clinic shall have six (6) months in which to correct such deficiency. Failure to correct such deficiency within six months shall be grounds for reverting the physician clinic to a non-clinic policy format.

II. FULL TIME EQUIVALENT RATING (FTE)

A. A FTE rating policy is only available to single specialty clinics or groups, or attached by way of endorsement to any type of policy.

B. A FTE rating is based on a certain identifiable pricing mechanism (i.e., "per-patient" encounters, "per procedure", "total revenues" or "total hours") in which to assess a premium charge to an entity.

C. FTE premium is based on the full-time mature rate of the specialty presented.

D. FTE premium is **not** subject to a premium reduction because of:

1. Suspended Coverage
2. Newly Practicing Physician Discount
3. Part-Time Rating

However, the Risk Rewards discount does apply.

E. The limit of liability applied to a FTE policy is as follows:

1. If the entire group is rated on a FTE basis (i.e., ER Group) each physician has a separate "each person" limit.

2. If a FTE rider is attached to a standard policy, then all participants share in the "each person" limit of liability.

I. PHYSICIAN GROUP RATING DEVIATION

A. The qualifications for coverage under the Physician Group Rating Deviation shall be as follows:

1. The physician group must consist of two (2) or more physicians:

   a. who are permanently licensed in Illinois; and

   b. whose medical practice is performed primarily in the State of Illinois for or on behalf of the physician group

2. The physician group may be one of the following:

   a. a physician with an employed physician(s) and/or a contracting physician(s); or

   b. a partnership, corporation, limited partnership, joint venture, association, purchasing group, limited liability company, or other legal entity. All partners, officers, directors, shareholders, employees, members or individuals must be Doctors of Medicine or Doctors of Osteopathy.

3. The physician group must consist of a primary location domiciled in the State of Illinois:

   a. where professional services are rendered to patients; and

   b. where administrative functions for or on behalf of the physician group are undertaken

4. Insurance for a physician group shall be provided as follows:

   a. Each physician must be insured through issuance of the policy (Form No. AP-1300); and

   b. The entity, as described in subparagraph A-2b of this section, must also be insured through issuance of the policy (Form No. AP-1300).

(Edition Date: 7/1/96)

APPENDIX V

I. PHYSICIAN GROUP RATING DEVIATION (Cont'd.)

B. The limits of liability available to both the individual physician and the entity are either $1,000,000/$3,000,000 or $2,000,000/$4,000,000. All partners, officers, directors, shareholders, employees or members of the physician group must carry limits of liability at least equal to that of the entity described in subparagraphs A-2 and A-4-b.

C. The premium shall be the sum of:

1. the rate applicable to each physician's territory, specialty, limits of liability and maturity year which appears on the rate schedule in **Appendix I**;
2. plus, the rate applicable to the entity noted in **Appendix II;**
3. plus, the appropriate per person rate for each Allied Health Personnel whose rate appears on the rate schedule in **Appendix I**;
4. minus, any loss-free discount;
5. minus, any risk rewards discount;
6. plus or minus, any applicable debit or credit specified in paragraph D;
7. plus, any established surcharge.

D. The following credits/debits are available to the physician group:

1. A Scheduled Rating Debit (up to a maximum of 100%) or Credit (up to a maximum of 35%) may be applied according to the following schedule:

	Range		
	Credit		**Debit**
Loss Experience	35%	to	100%
Premises-condition, care	5%	to	5%
Specialty balance	8%	to	8%
Employees-selection, training, supervision, experience	5%	to	5%
Risk Management Program	10%	to	10%
Unusual Risk Characteristics	15%	to	15%

NOTE: Any established debit must be imposed for a minimum of two years.

2. The combination of schedule rating and loss-free discount may not exceed a 54.5% credit.
3. See experience modification in **Appendix IV.**

I. PHYSICIAN GROUP RATING DEVIATION (Cont'd.)

E. Upon cancellation or non-renewal of either:

1) an individual physician member's policy; or
2) the entity's policy, a Reporting Endorsement may be purchased.

1. In the case of an individual physician, the premium for the Reporting Endorsement shall be calculated as described in **General Rules**, Section VIII, "Cancellation/Non-Renewal", subparagraphs C-1, C-2 and C-3.

2. In the case of the entity, as described in subparagraph A-2 of this section, the premium for the Reporting Endorsement shall be calculated as the sum of 21% of the premium that would have been charged each partner's officer's, director's, shareholder's, employee's, or member's individual Reporting Endorsement (as described in **General Rules**, Section VIII, "Cancellation/ Non-Renewal", subparagraphs C-1, C-2 and C-3) at the limits of liability desired by the entity. Such premium is not subject to any minimum or maximum.

3. With respect to Reporting Endorsements discussed in subparagraphs E-1 and E-2, no credits and/or debits as described in paragraph D-1 shall be included in the premium calculation.

F. In the event a physician group falls below the minimum number of required physicians; i.e., less than two (2), the physician group shall have six (6) months in which to correct such deficiency. Failure to correct such deficiency within six (6) months shall be grounds for eliminating the applicability of all credits or debits described in paragraph D of this section.

I. PHYSICIAN GROUP RATING DEVIATION (Cont'd.)

E. Upon cancellation or non-renewal of either:

1) an individual physician member's policy; or
2) the entity's policy, a Reporting Endorsement may be purchased.

1. In the case of an individual physician, the premium for the Reporting Endorsement shall be calculated as described in **General Rules**, Section VIII, "Cancellation/Non-Renewal", subparagraphs C-1, C-2 and C-3.

2. In the case of the entity, as described in subparagraph A-2 of this section, the premium for the Reporting Endorsement shall be calculated as the sum of 21% of the premium that would have been charged each partner's officer's, director's, shareholder's, employee's, or member's individual Reporting Endorsement (as described in **General Rules**, Section VIII, "Cancellation/ Non-Renewal", subparagraphs C-1, C-2 and C-3) at the limits of liability desired by the entity. Such premium is not subject to any minimum or maximum.

3. With respect to Reporting Endorsements discussed in subparagraphs E-1 and E-2, no credits and/or debits as described in paragraph D-1 shall be included in the premium calculation.

F. In the event a physician group falls below the minimum number of required physicians; i.e., less than two (2), the physician group shall have six (6) months in which to correct such deficiency. Failure to correct such deficiency within six (6) months shall be grounds for eliminating the applicability of all credits or debits described in paragraph D of this section.

STATEMENT OF ACTUARIAL OPINION
REGARDING ISMIE MUTUAL INSURANCE COMPANY
RATE FILING
(Effective July 1, 2006)

I, James D. Hurley, am associated with the Tillinghast business of Towers Perrin, and am a Member of the American Academy of Actuaries. I have been retained by ISMIE Mutual Insurance Company of Chicago, Illinois, with regard to the projection of the proposed claims-made rate level and rating schedules effective July 1, 2006.

In making my rate projections, I have relied upon listings and summaries of data prepared by the Company. I performed no independent verification as to the accuracy of these data, other than checks for reasonableness. In other respects, my study included the formulation of the actuarial assumptions, methods, and actuarial calculations as I considered necessary in the circumstances.

In my opinion, the rate level projections for July 1, 2006 have been computed in accordance with accepted actuarial principles and are consistent with the Company's experience. I believe that the proposed rates meet the requirements of the insurance laws of the State of Illinois.

We have maintained complete documentation of our rate development in our office and it will be maintained for a period of seven years.

Mr. John Washburn
Senior Vice President
ISMIE Mutual Insurance Company
20 N. Michigan Avenue, Suite 700
Chicago, Illinois 60602-4822

Dear Mr. Washburn

ILLINOIS PHYSICIANS AND SURGEONS PROFESSIONAL LIABILITY RATES

Attached is a filing memorandum for physicians and surgeons professional liability rates in Illinois. This letter and attached filing memorandum describe the data, methodology, and assumptions used in developing these rates.

This analysis has been prepared for the internal use of ISMIE Mutual Insurance Company ("ISMIE") as a guide in determining indications for rates effective July 1, 2006. A copy may also be provided to the Illinois Insurance Department as support for its selected rate change. In addition, ISMIE may provide a copy to reinsurers in connection with contract renewal discussions. These authorizations assume that (a) the entire report is provided rather than any excerpt, (b) any further use or distribution without our prior written consent is not authorized, (c) Tillinghast is periodically provided a list of recipients of this report and (d) it is recognized that furnishing this report is not a substitute for the recipient's own due diligence and that the recipient will place no reliance on this report or data contained herein that would result in the creation of any duty or liability of Tillinghast to the recipient. Further distribution or use is not authorized without our prior written consent.

In performing our analysis, we relied without audit or verification upon the data provided by ISMIE Mutual Insurance Company.

Because of the uncertainties underlying medical malpractice rates, there can be no guarantee that the attached rates will prove to be adequate or not excessive. We believe, however, that the methods used are reasonable in the current circumstances.

If you should have any questions, please call.

Sincerely,

TOWERS PERRIN

ISMIE MUTUAL INSURANCE COMPANY

Physicians and Surgeons Professional Liability Rate Filing – Illinois

This memorandum and attached Exhibits present support for the physicians and surgeons professional liability rates proposed to be effective July 1, 2006 for ISMIE Mutual Insurance Company ("ISMIE"). The rate indications are based on ISMIE Illinois experience valued as of September 30, 2005 and are estimated to produce an overall -5.2% collected rate change. The key element of the rates is the $1 million limit mature base class/territory pure premium which is based on results of three methods, a frequency/severity method, a paid pure premium method and an incurred pure premium method. Other relativities, other expense items and the premium credit off-balance are also determined and incorporated.

Details and descriptions of the development and/or source for each of these elements is described below and documented in the attached exhibits. A summary of the components of the indicated rate level change and the results is provided in the Summary Exhibits.

Summary

The overall indicated collected rate change of -5.2% is documented in Summary Exhibit A. This reflects the average maturity/class/territory of ISMIE's Illinois physicians and surgeons program at $1M/$3M limits. The comparable overall average manual rate change is somewhat higher at -2.5% given expected higher premium credits in 2006.

The components of the base rate (mature, base class and base territory) underlying this change are shown in Summary Exhibit B along with comparable components from ISMIE's filing last year. These reflect a slight reduction in the undiscounted pure premium, greater discount for investment income due to a higher interest rate assumption, revision to the administrative and other variable expense loads and update of the rating plan off-balance adjustment. Revisions to class and territory assignments and relativities contemplated on Exhibit A, but not on Exhibit B, will be discussed later in this memorandum.

Although three methods are used in determining the mature/base class/base territory pure premium, the components of the frequency/severity method, in detail consistent with ISMIE's rate filing last year, are summarized in Summary, Exhibit C. This is shown because it is information specified by the recent Insurance Department directive, and also as a basis for comparison to last year's analysis, to the extent possible. It should be noted that the final selected pure premium differs slightly from the results of this calculation because it considers the indications from all three methods.

Pure Premium

The primary component of ISMIE's rates is the indicated pure premium or $1 million indemnity plus allocated loss adjustment expense ("ALAE") per mature base class base territory physician. Three different methods are used to project the indicated pure premium. The first is a straightforward incurred development method. Historical reported losses (indemnity plus ALAE) are used to calculate historical development factors from which development factors are selected and used to project ultimate reported losses for each accident year/report year combination. By dividing by base class/base territory exposures, indicated pure premiums for each accident year/report year combination are obtained. This method assumes a consistent claim settling and case reserving philosophy over time. The second method is the same as the first method except that paid losses are used. This method assumes claim settlement patterns are consistent over time. The third approach is a frequency/severity method similar to ISMIE's filing last year. Under this method separate ultimate projections of reported frequency, closed with indemnity ("CWI") to reported count ratios, closed expense only ("CEO") to reported count ratios, CWI severities, and CEO severities are made for each year and combined to produce indicated pure premiums. Least squares fits are applied to the historic indicated pure premiums to produce alternative projected pure premiums for the proposed rate year and a final pure premium is selected.

Other Items

The projected pure premium then needs to be converted to a rate. A discount for anticipated investment income earned on the loss component of the rate, to recognize the time value of

money, is applied. A provision for unallocated loss adjustment expenses ("ULAE") is also included.

Provisions for variable and fixed administrative expenses are included as well as for commissions and taxes, contingency loading, and the DD&R benefit to develop indicated average collected rates. Incorporating the assumed average premium credit produces the indicated average manual rates. Comparing the average class/territory/maturity indicated rate to the similarly averaged current rate provides the change.

Class/Territory Changes

ISMIE proposes revisions to a few specialty and county assignments to class and territory. These changes are based on ISMIE data and judgment. ISMIE also reviewed indicated class and territory relativities and is making a number of changes. The impact of these changes is considered as part of the overall rate level change. The indications and selections are summarized in Appendix D.

Proposed Rates

ISMIE's proposed rates are developed on Appendix E along with the development of the indicated base rate and a sample rate. We tested the rate change impact of the current and proposed rates and obtained results similar to expected.

Analysis

Summary of Results

Summary Exhibit C contains a comparison of the current indicated frequency/severity components with the same components from ISMIE's rate analysis last year. The indicated pure premium produced by combining the components differs slightly from the selected pure premium for 2006 rates because consideration has been given to all three methods in making the final selection of the pure premium.

Several adjustments must be made to convert the selected pure premium to an indicated rate. Summary Exhibit B summarizes the adjustments needed to make the conversion to a rate and the change at various points in the calculation. These results can be summarized as follows:

- The undiscounted indicated pure premium declined 1.3%, which is an improvement over an expected increase of one year of trend (approximately 3.5%).
- The discounted pure premium decreased 3.7% due to the combined impact of the lower undiscounted pure premium and an increase in the assumed interest rate from 3.0% to 3.5% and update of the indicated payment pattern.
- After a reduction in commission expenses of 1.0% and, for administrative expenses, a reallocation between fixed and variable loadings, the resulting indicated collected base rate declines 3.5%.
- The indicated manual base rate decrease of 0.8% is a smaller decrease than the indicated collected change due to an increase in anticipated discounts.

The indicated rate change described to this point is the change in the indicated mature base class/territory rate. However, the overall rate change differs. Summary Exhibit A contains a calculation of the change in the overall average rate across all specialties, territories, and maturities. The result shows the ISMIE overall average collected rate indication is a decrease of 5.2% while the average manual rate change is a decrease of 2.5%, which matches the manual rate indication on Exhibit A.

Description of Exhibits

The attached appendices summarize the ISMIE historical loss data underlying the pure premium projections. They are discussed in the reverse order of presentation, generally following the manner and order in which they are used in developing the overall rate change.

Appendix E contains a summary of the proposed mature rates by territory and class. Appendix E, Exhibit A contains a workup of the proposed base rate and a calculation of a sample rate. Exhibit B contains the proposed rates.

Appendix D contains data regarding the selected territory and class relativities. Appendix D, Exhibit C contains a summary of the specialties and counties which are being reassigned to different classes and territories. The indications and selected territory relativities are shown on Exhibit B and indications and selected class relativities are shown on Exhibit A. The indications on Exhibit A and B reflect the selected specialty and county re-assignments on Exhibit C. The basis for the proposed changes to the class/territory structure are the indications shown, as well as other analyses and judgment.

Appendix C contains the supporting Exhibits for the frequency/severity method projections. Each of the components of the frequency/severity method are determined based on calculations in this Appendix. For severity, the ultimate CWI severities are summarized on Exhibit G, supported by analysis in Exhibits H, I and J. The ultimate closed expense only ("CEO") severities are calculated on Exhibit F. Both are based on report year total projections of the severities. For CWI claims, indemnity and ALAE are developed separately. The ultimate severities are used in determining severity trends and final severities for the most recent immature coverage periods. For frequency, ultimate reported frequencies are determined on Exhibit B and include only lawsuits, attorney liens and direct patient claims. In order to obtain frequency of CWIs and CEOs, the ratio of CWI claims and CEO claims to total reported claims are needed. The ultimate ratio of CNP claims to reported claim counts are developed on Exhibit D and ultimate CWI ratios on Exhibit C. The ratio of CEO claims to reported claim counts is calculated by subtracting the CWI and CNP

ratios from 1.0. The selected frequency, closure ratios, and severities are combined on Exhibit A to determine ultimate losses used to calculate indicated pure premiums.

Appendix B contains the accident year by report year development method ultimate losses based on paid losses at $1.0 million limits. Report year development factors by lag are used.

Appendix A contains the supporting Exhibits for the accident year by report year development method ultimate losses based on reported losses at $1.0 million limits. Report year development factors are selected by lag.

Exhibit J shows the development of the selected lag pattern based on ISMIE's accident year by report year projections in Appendices A and B. The selected lag pattern is used to calculate the mature Class 5, Territory 1 equivalents on Exhibit J, Sheet 1.

On Exhibit I, the indicated and selected pure premiums are developed. Sheet 4 contains indicated historical pure premiums based on the reported loss development method. Fits of the pure premiums are used to project the 2006/2007 pure premium levels and trends. Corresponding calculations are shown for the paid development method and frequency/severity method ultimates on Sheets 3 and 2, respectively. Sheet 1 contains a summary of the indicated 2006/2007 pure premiums as well as the indicated trend rates and R-squared value of each of the fits.

Exhibit H contains the loading for miscellaneous losses. These are amounts related to open in error and investigation claims only. Losses for these type claims are analyzed based on the historical ratio of these losses to all other losses. These miscellaneous losses represent about 0.1% of total losses and are incorporated as a loading to the pure premium.

The unallocated loss adjustment expense factor is determined on Exhibit G. The selected factor is based on paid ULAE to paid and one-half of case reserves from ISMIE's annual statement. The latter approach assumes one-half of the ULAE is paid when the claim is established and the other half is paid when the claim is closed.

A present value factor assuming a 3.5% rate of return, selected by ISMIE, is calculated on Exhibit F.

The base class, territory mature equivalent exposures used to obtain the pure premiums on Exhibit I, reflect ISMIE's current territory and class relativities. We did not reflect ISMIE's miscellaneous rating factors for experience rating and schedule rating. Consequently, there is likely to be a premium off-balance due to additional or less premium being collected because of these various plans and factors. Exhibit E contains the current and proposed off-balances due to these various rating plans and factors.

On Exhibit D, the claims-made pure premium relativities are summarized. The selected lag pattern on Exhibit J is based on ISMIE's experience.

The projected average rate is calculated in Exhibit C. Sheet 4 contains the development of the expenses for administrative expenses that are loaded into the premium by an expense multiplier and a fixed expense loading. The variable expense provision is calculated on Sheet 3 while the 2006/07 pure premium is calculated on Exhibit C, Sheet 2. All of the components are from the prior Exhibits as noted and the average class/territory pure premium relativity is based on data provided by ISMIE. The indicated average rate is calculated on Sheet 1.

Exhibit B shows the calculation of the current average rate. This average rate reflects the average class, territory and premium off-balance. Exhibit A develops the indicated manual rate change.

Notes:
(2) Based on data provided by ISMIE. Reflects weighted average of the current relativities that comprise the proposed class.
(3) Based on data provided by ISMIE.
(4) Based on ISMIE indicated relativity at $1 million limits credibility weighted with the current relativity using the square root rule and a full credibility standard of 20,000 exposures.
(5) Selected by ISMIE management.
(6) = (5) / (2) - 1.0.

To: 'allphin@ismie.com'

Subject: ISMIE Mutual - Rate/Rule Filing #ISMIE-2006-R Effective July 1, 2006

Mr. Allphin,

As you know, the new Medical Professional Liability law in Illinois, PA94-677 (Senate Bill 475), requires insurers to implement a quarterly premium payment installment plan as prescribed by the Secretary of the Illinois Department of Financial and Professional Regulation (IDFPR).

This email is to advise you of the requirements being prescribed by the Secretary and by the Director of the Division of Insurance regarding the quarterly premium payment installment plan you are required to offer to your insureds. In reviewing the filing referenced above, we note that your quarterly installment plan does not meet and/or address some or all of the following prescribed requirements.

Please amend your rate/rule manual's quarterly installment plan provisions to comply with all of the following prescribed requirements and send me your updated manual pages no later than August 24, 2006.

Quarterly Premium Payment Installment Plan Prescribed Requirements

All companies writing medical liability insurance shall file with the Secretary or Director a plan to offer each medical liability insured the option to make premium payments, in at least quarterly installments. For purposes of this requirement, insurers may, but are not required to, offer such premium installment plans to insureds whose annual premiums are less than $500, or for premium for any extension of a reporting period. Quarterly installment premium payment plans subject to this Section shall be included in the initial offer of the policy, or in the first policy renewal occurring after January 1, 2006. Thereafter, the insurer may, but need not re-offer such payment plan, but if an insured requests such payment plan at a later date, the insurer must make it available. All quarterly installment premium payment plan provisions shall be contained in the filed rate and/or rule manual in a section entitled, "Quarterly Installment Option" or a substantially similar title. If the company uses a substantially similar title, the Rule Submission Letter must indicate the name of the section that complies with this requirement. All quarterly installment premium payment plans shall include the minimum standards listed below. Insurers may provide for quarterly installment premium payment plans that differ from these minimum standards, as long as such plans have terms that are at least as or more favorable than those listed below.

i) An initial payment of no more than 40% of the estimated total premium due at policy inception;

ii) The remaining premium spread equally among the second, third, and fourth installments, with the maximum for such installments set at 30% of the estimated total premium, and due 3, 6, and 9 months from policy inception, respectively;

iii) No interest charges;

iv) Installment charges or fees of no more than 1% of the total premium or $25.00, whichever is less;

v) A provision stating that additional premium resulting from changes to the policy shall be spread equally over the remaining installments, if any. If there are no remaining installments, additional premium resulting from changes to a policy may be billed immediately as a separate transaction.

Additionally, please confirm if the company implemented these changes as of July 1, 2006? If not, is the company planning to implement the changes as of the date the review of the filing is completed?

Your immediate attention is requested.

Subject: ISMIE Mutual--Rate/Rule Filing #ISMIE-2006-R Effective July 1, 2006

Dear Ms Neuman:

Thank you for your e-mail of August 16, 2006. This e-mail outlined the Department's requirements with respect to 'Quarterly Premium Payment Installment Plan'.

Please see the attached document entitled 'XV. Quarterly Premium Payment Installment Plan'. This document, which is a new page 20 in the General Rules section of our Manual of Rules and Rates, outlines the principles under which ISMIE Mutual offers premium payments on a quarterly basis. We believe that this document is in compliance with the Department's requirements.

Please be advised that this document describes ISMIE Mutual's procedure with respect to quarterly payments which has been in place for many years prior to July 1, 2006. As such, we are in compliance with the Department's requirements as of that date.

Please let me know if you have any questions about this.

Dear Ms. Neuman:

Thank you for your e-mail of August 24, 2006.

I have attached revised pages for the Table of Contents. This highlights item 'XV. Quarterly Premium Payment Installment Plan' on the first page.

In making this change, what was previously item XV has become item 'XVI. Endorsements and Forms Used In This Plan'. As a result, all ten pages in this section have been revised to reflect this change in numbering.

Please let me know if you have any questions about this.
