Re: Rate filing for Medicus Insurance Company (medical malpractice) – Rates for Corporations

Dear Director McRaith:

On January 17, 2007, and March 12, 2007, I wrote Opinion Letters in connection with the filing of medical malpractice rates for the Medicus Insurance Company. This letter is in regard to a further modification of the rates.

As a new insurer, Medicus Insurance Company is in the process of developing its program to conform to the marketplace in Illinois.

In order to be competitive for the good doctors, Medicus would like to offer a separate coverage for the corporate vicarious liability in situations where the group of doctors have an umbrella corporation. The corporate coverage would be in addition to the individual doctor's coverage. Often, when the doctor is sued, the corporation is also named in the suit. The new rates for the corporation appear in the Rate Manual in Section II, subsection III on pages 5 – 7. These rates were taken from a Pronational filing.

I see no actuarial concern with this optional coverage and rates, and it would not result in rates which are inadequate, excessive or unfairly discriminatory.

All of the comments that I made in the January 17, 2007, and March 12, 2007, letters apply here as well.

Sincerely,

Richard J. Roth Jr.

Mr. Arnold,

We are in receipt of the above referenced filing received on December 13, 2007. The submission is not acceptable for filing in Illinois due to the following reason(s):

1. 215 ILCS 5/155.18 states it shall be certified in this filing by an officer of the company and a qualified actuary that the company's rates are based on sound actuarial principles and are not inconsistent with the company's experience.
2. Please indicate if your company has a plan for the gathering of statistics or the reporting of statistics to statistical agencies? If a stat agency is used, please indicate which one?
3. With each filing, you should submit a copy of the entire manual. The pages that are changed in the filing being submitted should indicate a revised edition date. Pages that are not changed do not require an updated edition date.
4. We require you certify that nothing else in the filing has changed from what was previously filed, except for the changes brought to our attention in this filing.
5. Under Section II, III. Premium Computation, the manual indicates physicians not insured by Medicus must be insured by another professional liability program "acceptable to the company". Please explain.

We request receipt of your response by no later than July 29, 2008.

Dear Ms. Neuman,  
Bruce Arnold has retired and I am now the Regulatory Compliance Coordinator. I am currently wrapping up your emailed request dated July 22, 2008. As of now, I am waiting for an actuarial memo but I would like to take this time to answer a few of your other questions.

1. Our company manages our own statistics.
4. I certify that nothing else has changed in our rate manual from what was previously filed, except for what was brought to your attention in the above named file.
5. Please let me know if Bruce addressed question five where you ask about premium computation and the phrase "acceptable to the company". You ask us to elaborate on this phrase.

If you have any additional questions, please feel free to contact me. I will try to get the actuarial memo to you as soon as possible.  
Thank you.

Dear Ms. Neuman,

I have attached the actuarial letter for the IL-121207-Corp Rating filing.

In question 5, you asked what we meant by "acceptable to the company." If a physician is not insured by Medicus Insurance Company, and the rest of his or her group is, the other carrier must be licensed to do business in the state of Illinois, financially stable, and reputable in their adjudication of claims.

I hope that this addresses all of your outstanding requests. If you have any further questions, please do not hesitate to contact me. Thank you.

### **III. PREMIUM COMPUTATION**

The premium shall be computed by applying the rate per physician, surgeon or non-physician health care provider shown on Page 21, in accordance with each individual's medical classification and class plan designation.

### **IV. CLASSIFICATIONS**

#### **A. Physicians/Surgeons and Non Physician Health Care Providers**

1. Each medical practitioner is assigned a Rate Class according to his/her specialty. When more than one classification is applicable, the highest rate classification shall apply.
2. The Rate Classes are found on Pages 14-19 of this Manual.

#### **B. Part Time Physicians**

1. A physician who is determined to be working 20 hours or less a week may be considered a part time practitioner and may be eligible for a reduction in the otherwise applicable rate for that specialty. The criteria and commensurate credit for a part time practitioner are identified in Section III of this Manual.

2. A Part Time Practitioner may include any practitioner in classes 1 through 3 only, except for Anesthesia and Emergency Medicine as identified in the class plan. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
3. The part time credit is not applied to the Extended Reporting Period Coverage.
4. No other credits are to apply concurrent with this rule.

C. Physicians in Training

1. Following graduation from medical school, a physician may elect to enter additional training periods. For rating purposes, they are defined as follows:
  - a. First Year Resident (or Intern) - 1 year period immediately following graduation. During this period a physician may or may not be licensed, depending upon state requirements.
  - b. Resident - various lengths of time depending upon medical specialty; 3 years average. Following first year residency, generally licensed M.D. Upon completion of residency program, physician becomes board eligible.
  - c. Fellow - Follows completion of residency and is a higher level of training.
2. Coverage is available for activities directly related to a physician's training program. The coverage will not apply to any professional services rendered after the training is complete.
  - a. Interns, Residents and Fellows are eligible for a reduction in the otherwise applicable physician rate for coverage valid only for activities directly related to an accredited training program. The applicable credit is stated on Page 26.
3. The credit is not applied to the Extended Reporting Period Coverage.
4. No other credits are to apply concurrent with this rule.

D. Locum Tenens Physician

1. Coverage for a physician substituting for an insured physician will be limited to cover only professional services rendered on behalf of the insured physician for the specified time period. Locum Tenens will share in the insured physician's Limit of Liability. No additional charge will apply for this coverage.

2. The locum tenens physician must complete an application and submit it to the Company in advance for approval prior to the requested effective date of coverage.
3. Limits will be shared between the insured physician and the physician substituting for him/her and will be endorsed onto the policy.

E. New Physician

1. A "new" physician shall be a physician who has recently completed one of the following programs and will begin a full time practice for the first time:
  - a. Residency;
  - b. Fellowship program in their medical specialty
  - c. Fulfillment of a military obligation in remuneration for medical school tuition;
  - d. Medical school or specialty training program.
2. To qualify for the credit, the applicant will be required to apply for a reduced rate within six months after the completion of any of the above programs.
3. A reduced rate will be applied in accordance with the credits shown on Page 26. No other credits are to apply concurrent with this rule.

F. Physician Teaching Specialists

1. Coverage is available for faculty members of an accredited training program. The coverage will not apply to any professional services rendered in the insured's private practice.
  - a. Faculty members are eligible for a reduction in the otherwise applicable physician rate for coverage valid only for teaching activities related to an accredited training program. Refer to L.5 on page 26 to determine the applicable credit.
2. Coverage is available for the private practice of a physician teaching specialist. The coverage will not apply to any aspect of the insured's teaching activities.
  - a. The premium will be based upon the otherwise applicable physician rate and the average number of hours per week devoted to teaching activities.
  - b. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.

c. No other credits are to apply concurrent with this rule.

d. The applicable percentages are presented on Page 26.

G. Physician's Leave of Absence

2. This will apply retroactively to the first day of disability or leave of absence.
3. Leave of absence may include time to enhance the medical practitioner's education, but does not include vacation time, and the insured is only eligible for one application of this credit for an annual policy period.
4. The credit to be applied to the applicable rate is presented on Page 26.

V. PREMIUM MODIFICATIONS

The following premium modifications are applicable to all filed programs.

A. Schedule Rating

The Company shall utilize a schedule of modifications to determine appropriate premiums for certain insureds, or groups of insureds, who in the opinion of the Company, uniquely qualify for such modifications because of factors not contemplated in the filed rate structure of the Company.

The premium for a risk may be modified in accordance with a maximum modification indicated on Page 27, and may be applied to recognize risk characteristics that are not reflected in the otherwise applicable premium. All modifications applied under this schedule rating plan are subject to periodic review. The modification shall be based on one or more of the specific considerations identified on Page 27.

B. Risk Management

1% credit will apply for each Company approved CME hour of risk management completed, up to a maximum of 5% credit per year, or attendance at a Company approved seminar.

C. Deductible Credits

Deductibles may apply either to indemnity only or indemnity and allocated loss adjustment expenses (ALAE). Any discount will apply only to the primary limit premium layer up to (\$1M/\$3M). Deductibles are subject to approval by the Company based on financial statements to be submitted by the insured and financial guarantees are required. The Company reserves the right to require acceptable securitization in the amount of the per claim and/or aggregate deductible amount from any insured covered by a policy to which a deductible is attached.

1. Individual Deductibles

Premium discounts for optional deductibles will be applied, per the table below, to the rate for the applicable primary limit:

## 2. Group Deductibles

An optional deductible, which limits the amount the entire group will have to pay, if multiple claims are made in a policy year, is available. Under this program, the per claim deductible continues to apply separately to each insured involved in a suit. However, the aggregate deductible applies to all insureds in the group combined thereby reducing the organization's maximum potential liability in a policy year. When the organization is insured with a separate limit of coverage, the organization is counted when totaling the number of insureds below. Group deductible amounts apply to primary premium up to \$1M/3M only. The applicable Deductible Discount will not change during the policy term despite changes in the number of insureds, but will be limited by any applicable maximum credit amount.

Indemnity Deductible Per Claim/Aggregate (\$000)	Number of Insureds				Maximum Credit
	2-19	20-40	41-60	61-100

D. Experience Rating

Experience Rating is under review. It is currently not available.

E. Claim Free Credit Program

If no claim has been attributed to an Insured, the Insured will be eligible for a premium credit, based upon the number of years the Insured has been claim free. A schedule is provided on Page 26 under M.

F. Individual Risk Rating

A risk may be individually rated by submitting a filing to the Illinois Department of Insurance, in accordance with Section 155.18(b)(4) of the Illinois Insurance Code. The code allows us to modify classification rates to produce rates for individual risks. Modifications of classifications of risks may be based upon size, expense, management, individual experience, location or dispersion of exposure, and shall apply to all risks under the same or substantially the same circumstances or conditions. We must list the standards by which variations in hazards or expense provisions are measured, in order to determine that a specific risk is so different in hazard/expense that it warrants individual rating.

Before rates may be modified, the maximum scheduled rating credit/debit must be first applied. Following that, modifications of up to +/-50% may be applied, in increments no greater than +/-25% for each category. Categories include historical loss experience and class anomalies.

## **VI. MODIFIED PREMIUM COMPUTATION**

### **A. Slot Rating**

1. Coverage for group practices is available, at the Company's discretion, on a slot basis rather than on an individual physician basis. The slot endorsement will identify the individuals and practice settings that are covered. Coverage will be provided on a shared limit basis for those insureds moving through the slot or position.
2. The applicable manual rate will be determined by the classification of the slot. Policies rated as a Standard Claims Made policy will utilize the retroactive date of the slot. Extended Reporting Period Coverage may be purchased for the slot based on the applicable retroactive date, classification and limits.
3. Premium modifications for new physician, part time, moonlighting, teaching, risk management or loss free credit may not be used in conjunction with this rating rule, unless approved by the Underwriting Vice President.

### **B. Requirements for Waiver of Premium for Extended Reporting Period Coverage.**

1. Upon termination of coverage under this policy by reason of death, the deceased's unearned premium for this coverage will be returned and Extended Reporting Period Coverage will be granted for no additional charge, subject to policy provisions.
2. Upon termination of coverage under this policy by reason of total disability from the practice of medicine or at or after age 55, permanent retirement by the insured after five consecutive claims made years with the Company, Extended Reporting Period Coverage will be granted for no additional charge subject to policy provisions.
3. The Reporting Period is unlimited.

### **C. Blending Rates**

A blended rate may be computed when a physician discontinues, reduces or increases his specialty or classification, and now practices in a different specialty or classification. For example, if an OB/GYN discontinues obstetrics, but continues to practice gynecology, his new blended rate will be the sum of the indicated OB/GYN and GYN rates, each weighted, at inception of the change, by 75% and 25%, respectively. The second and third year weights will be modified by 25%, descending and ascending respectively, until the full GYN rate is achieved at the start of the fourth year.

D. Per Patient Rates – Emergency Room / Urgent Care

1. Rating of Emergency Room and Urgent Care Groups may, at the Company's option, be rated on a per 100 patient visit basis. A risk with fewer than 10,000 patient encounters each year will not qualify for this rating method.

2. For risks rated on a per patient basis, develop premium using the following per 100 patient visit rates. These rates are Claims made, \$1,000,000/3,000,000. These rates are subject to decreased limit factors on page 26 of this Rate Manual. Use the Territory Definitions on page 20 of this Rate Manual.
