

Company Defined Items

1. The “by county” information listed is grouped by policy issuing county. There have been no changes made to the way this has been grouped in the last ten years.
2. There have been no changes to reserving or claim payment practices in the past ten years.
3. Closed claims are considered closed when both indemnity plus expense reserves are \$0, which is also when it is assigned a close date. There have been no changes made to this definition in the past ten years.
4. Business entity coverage is written on the same policy as that of the physician to provide for vicarious liability exposure. Therefore, no policies have been identified as corporate in the data submission.
5. TDC uses a base class of Internal Medicine and a base territory called Territory A. Territory A is comprised of Cook, Madison, St. Clair, and Will counties. Will county was moved into Territory A effective 5/1/01. There have been no other changes made to either the base class or base territory in the past ten years.
6. There have been no explicit adjustments made to exposures for extended reporting endorsements. There is no impact on the exhibits for exposure adjustments.
7. TDC maturity factors and tail factor are listed in Exhibit 1.
8. The expense factor in column 314 of Exhibit 1 consists of general and other acquisition expenses.
9. The “other” miscellaneous factor in column 349 (6.13%), is the ratio of unallocated loss adjustment expenses to premium (not relative to loss) incorporated in the most recent rate review. As defined in Exhibit 1, the average credit and profit load are 7% and 5.57%, respectively.
10. TDC does not conduct a sufficient volume of business in Illinois to justify the estimation of bulk and IBNR reserves based strictly on Illinois data. Therefore, a percentage of the nationwide bulk and IBNR reserves are allocated to Illinois for reporting purposes. Allocation percentages are produced for indemnity and ALAE reserves separately. The allocation percentages are equal to the ratio of Illinois case reserves (indemnity or ALAE) to nationwide case reserves (indemnity or ALAE) by report year for claims made business, and by accident year for occurrence business.

Miscellaneous Notes:

- The Company reported amounts in Exhibit 2A Surplus in 000’s in order for its data to fit within the State’s required field lengths.
- For Exhibit 2A Reserves:
 - the Company expanded the Policy Type (Code) field length from 2 to 4 in order to enter the 4 digit codes defined by the IL DOI.
 - the Company had a single record that exceeded the field Direct and Assumed Loss and Loss Expense Percentage (3,2) field length requirements. The record was for Policy Type = OERE, and Report Year 2000. The actual loss ratio = 1675.33%, the Company reported 999.99% to comply with the field limitations.

RECONCILIATION
12/31/06

Exhibit 2a Surplus data reconciles to the Company's annual statutory financial statement, page 4, Statement of Income, Capital and Surplus Account section, for all five years reported: 12/31/02 to 12/31/06.

Exhibit 2b Reserves data reconciles to the Company's 2006 annual statutory statement, page 20.IL, line 11, Exhibit of Premium and Losses in the state of Illinois, to the extent that the data is limited to the last 10 years ending 12/31/97 to 12/31/06. Any reconciling items are due to prior 1997 data not included in the submission.

Paid losses and loss reserves from Exhibit 1cii and Exhibit 1ciii also reconcile closely to the Company's 2006 annual statutory statement, page 20.IL, line 11, Exhibit of Premium and Losses in the state of Illinois.

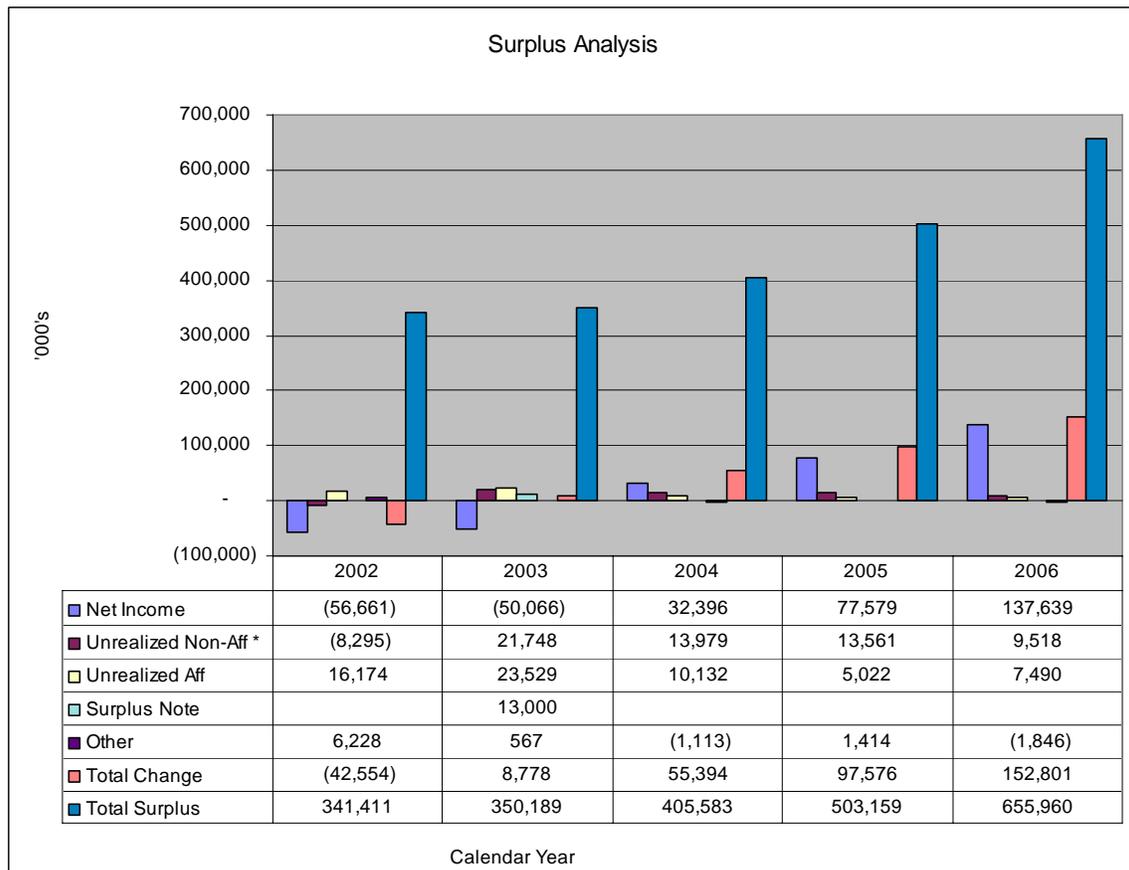

Exhibit 2B Reserve Study Descriptions

1. TDC uses a variety of standard actuarial methods in determining loss and loss adjustment expense reserves. These reviews are performed quarterly by in-house actuaries. Additionally, TDC solicits an actuarial opinion on carried loss reserves annually from an independent consulting firm (Ernst & Young).
2. As of the most recent year end, TDC's medical malpractice loss and loss adjustment expense reserves have been opined on by in-house actuaries and consulting actuaries of Ernst & Young. Both parties determined that reserves are adequate. Recently, there have been no material changes in reserving methods. Based on the results of IRIS tests 11 and 12, TDC has not experienced unfavorable trends in loss reserves in recent years.
3. In terms of trends in reserve development and present reserve adequacy, we believe TDC experience has been similar to that of the industry as a whole. As for specific business written, TDC exclusively targets physicians and surgeons while some of the rest of the industry has a greater concentration of hospitals and other healthcare institutions.

Surplus Analysis

12/31/06

Primarily as a result of net income of \$137,639, surplus grew by \$152,801 during 2006. Surplus as of December 31, 2006 was \$655,960 vs. \$503,159 as of December 31, 2005. (Note: The Exchange's surplus numbers do not include the \$35,000 in surplus notes issued by PULIC and UFTPIC. On a consolidated basis, PULIC and UFTPIC's surplus notes would also be included in the surplus of the Exchange bringing the TDC group surplus to \$690,960). The \$152,801 growth represents an increase of 30.4% for the year over December 31, 2005. Favorable results in the equity markets also had a positive effect on surplus, with an additional \$9,518 in non-affiliated unrealized capital gains (gross of deferred Federal Income Tax). Table 11 below, shows sources and growth of surplus from 2002 through 2006.

Physicians, Surgeons and Ancillary Healthcare Providers Professional
Liability Insurance Program
Rate and Rule Revision
Effective Date: January 1, 2006-New Business
March 1, 2006-Renewal Business
State of Illinois
Filing Number 2005-IL-01

Dear Director McRaith:

On behalf of The Doctors Company, An Interinsurance Exchange (TDC), we are enclosing a rate and rule revision for our Physicians, Surgeons and Ancillary Healthcare Providers Professional Liability Insurance Program. Based on our current book of business, the overall rate level impact of this revision for all specialties and territories combined is +5.0%.

This revision consists of the following changes:

- +5.0% change to manual rates for all specialties and territories (See Pages 25 and 26 of Rules and Rates Manual).
- In accordance with new 215 ILCS 5/155.18(e) (2005 Senate Bill 475), we are formally filing our current premium payment plans (See Pages 13 and 15 of Rules and Rates Manual)

We have also enclosed an Actuarial Memorandum that provides support for this revision.

We propose that this revision apply to all new policies effective on or after January 1, 2006 and to all renewal policies effective on or after March 1, 2006.

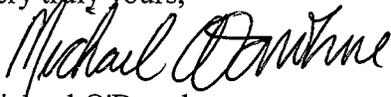

Honorable Michael T. McRaith
December 9, 2005
Page 2

In accordance with your requirements, we have enclosed the following:

- Two copies of the filing letter
- One copy of the filing
- Property & Casualty Transmittal Document (PC TD-1 (1/1/2003))
- Rate/Rule Filing Schedule (PC RRFS-1 (1/1/2003))
- Summary Sheet (Form RF-3)
- Actuarial Certification
- A self-addressed, postage pre-paid envelope

If you have any questions or if I may be of further assistance, please contact me at (800) 225-0318 or email me at modonohue@thedoctors.com.

Very truly yours,

Michael O'Donohue
Vice President
Regulatory Compliance

Actuarial Certification

I, Steven J. Vercellini, am employed with The Doctors Company, an Interinsurance Exchange, and am a member of the American Academy of Actuaries, and an Associate of the Casualty Actuarial Society. The rate projections included in this filing are based on sound actuarial assumptions and methods and are not inconsistent with the company's experience.

Steven J. Vercellini, A.C.A.S., M.A.A.A.

**The Doctors Company
Illinois
Actuarial Memorandum**

The Doctors Company (TDC), in compliance with Illinois insurance laws and rate regulations, hereby files its rates for medical malpractice insurance in the state of Illinois. The indicated rate change is +5.0% statewide. With this filing we propose the following revisions:

- Increasing manual rates for a statewide premium impact of +5.0%. This includes increases to physician/surgeon rates by specialty.

The overall statewide premium impact from the above changes is +5.0%.

EXHIBIT I provides the derivation of the indicated \$1,000,000/\$3,000,000 limit mature claims-made manual rate change. Detailed line notes are attached.

EXHIBIT II shows the calculation of the indicated pure premium.

EXHIBIT III displays the current and proposed \$1,000,000/\$3,000,000 limit manual rates by specialty.

EXHIBIT IV details the calculation of the permissible loss and ALE ratio.

EXHIBIT V details the derivation of and support for the permissible loss and ALE ratio.

The Doctors Company
Illinois
Exhibit I Line Notes

- (1) The trended base class (Internal Medicine), basic limit (\$250,000) pure premium is based on the combined experience of TDC and ISMIE (see Exhibit II).
- (2) The territory rate relativities.
- (3) The projected territory base class, basic limit pure premium. It is calculated by taking:
[(1) x (2)].
- (4) The indicated average specialty relativity is a weighted average of TDC indicated specialty relativities.
- (5) The increased limit factor is the rating factor used to adjust manual rates to a \$1,000,000 limit basis.
- (6) The indicated average \$1M/\$3M limit pure premium. It is derived by taking:
[(3) x (4) x (5)].
- (7) The permissible loss ratio (see Exhibit IV).
- (8) The current average premium discount.
- (9) The indicated average \$1M/\$3M premium. It is derived as:
[(6) / (7) / (1.0 - (8))].
- (10) The current average \$1M/\$3M premium based on TDC's current physician distribution.
- (11) The indicated manual rate change. It is calculated by taking:
[(9) / (10) - 1.0].
- (12) The proposed average manual rate change.
- (13) The current average discount/surcharge.
- (14) The proposed average discount/surcharge
- (15) The impact of the proposed change in average discount. It is derived by taking:
[1.0 - (14)] / [1.0 - (13)] - 1.0.
- (16) The proposed overall rate change. It is calculated by taking:
[(1.0 + (12)) * (1.0 + (15))] - 1.0.

Illinois

October 2005 Review : Renewal Policies Effective 1/1/06

Permissible Loss & ALE Ratio Calculation

(1)	Target Combined Ratio (13.3% ROE) :	94.4%
(2)	Budgeted Expenses (% Of Premium):	
	Commission :	4.5%
	General Expenses :	8.7%
	Other Acquisition :	0.8%
	Tax, License, Fees and Assessments :	2.7%
	DD&R :	3.5%
	Total Premium Related Expenses :	20.2%
(3)	Permissible Loss & LAE Ratio :	74.2%
	= [(1) - (2)]	
(4)	ULE to Loss & ALE Ratio :	9.0%
(5)	Permissible Loss & ALE Ratio :	68.1%
	= [(3) / (1.0 + (4))]	

The Doctors Company
Illinois
Permissible Loss & ALAE Ratio Derivation
\$1M/\$3M Limit Mature Claims-Made Coverage

The Doctors' Company uses a **Present Value Cash Flow Return Model** to determine the **Permissible Loss & ALE Ratio**. The derivation of the target return on equity (ROE) formula is as follows:

TARGET ROE	=		13.3%
	=	Total Return / Equity	
	=	(Return from insurance operation + return from surplus) / Equity	
	=	(Return from insurance operation) / Equity	+ 3.25%
	=	Present Value(prem - loss - expense - ULE - fed inc tax) / Equity	+ 3.25%
	=	(d1 x prem - d2 x loss - d3 x expense - d4 x ULE) x (1.0 - T) / E	+ 3.25%
	=	[prem x (d1 - d3 x V) - loss x (d2 + d4 x U)] x (1.0 - T) x S / prem	+ 3.25%
	=	[(d1 - d3 x V) - loss / prem x (d2 + d4 x U)] x (1.0 - T) x S	+ 3.25%

This formula can be arranged to produce a permissible loss & ALE ratio (PLR) as well:

PLR	=	$[d1 - d3 \times V - (ROE - 3.3\%) / (S \times (1 - T))] / [d2 + d4 \times U]$	68.1%
------------	---	--	--------------

The Target Combined Ratio (TCR) is therefore :

TCR	=	$PLR + V + (U \times PLR)$	94.4%
------------	---	----------------------------	--------------

where	V =	Expense to Premium Ratio	=	0.202
	U =	ULE / Loss Ratio	=	0.090
	S =	Premium to Equity Ratio	=	1.000
	T =	Federal Income Tax Rate	=	0.350
	E =	Equity		
	Loss =	Indemnity plus ALE		
	d1=	Premium Discount Factor	=	1.031
	d2=	Loss Reserve Discount Factor	=	0.896
	d3=	Expense Discount Factor	=	1.028
	d4=	ULE Reserve Discount Factor	=	0.960

Note: All cash flows are discounted to the policy year-end.

VI. MANUAL RATES

I. CLASSIFICATION

A. RATE

An insured is rated full-time, part-time or prep.

A part-time discount is available to insureds that practice less than full time. The discount is either 50% or 75% depending on the number of hours or days worked per year. A 50% part-time discount is available to those insureds that work 20 hours or less per week or who work 26 weeks or less per year. A 75% "limited" part-time discount is available to those insureds that work 10 hours or less per week. The "limited" part-time discount shall not apply to any policy that does not include at least one full-time or part-time (excluding "limited" part-time) insured. Surgical specialties are not eligible for part-time or "limited" part time discounts.

For an Anesthesiologist to be eligible for the part-time discount, no more than 15 hours per week may be billable. Anesthesiologist are not eligible for a "limited" part time discount.

A discounted prep rate is available to those physicians entering private practice for the first time who purchase a claims-made policy within three (3) years upon completing an internship program, fellowship program, residency program or military service. The applicable prep discount is based on the number of years since the physician completed the program or service as follows:

75% - less than 1 year
50% - 1 year to less than 2 years
25% - 2 years to less than 3 years
0% - 3 years or greater

Coverage for auxiliary physicians may be provided on an hourly basis. The hourly rate is determined by the application of the factor .000625 to the applicable medical specialty rate.

B. YEAR/STATE/AREA

The number of years of claims-made coverage is calculated from the effective date with The Doctors Company (the Company) or, in the case of prior acts coverage, the retroactive date.

Physician professional liability rates differ by state, territory within state, limits of liability and specialty. See Section VI-Manual Rates of this Rules and Rates Manual.

Maturation is the process of the policy aging, which is reflected in the premium rates. The policy attains maturity through premium increases occurring on the anniversary of the retroactive date. The policy is mature upon the completion of five consecutive years of claims-made coverage.

The claims-made maturity factors are as follows:

<u>Claims-Made Maturity Year</u>	<u>"Incident" Basis</u>	<u>"Demand" Basis</u>
	<u>Factor</u>	<u>Factor</u>
1	0.35	0.21
2	0.60	0.45
3	0.80	0.72
4	0.92	0.88
5	1.000	1.000

C. LIMITS OF LIABILITY

For all specialties except Chiropractic, the minimum limits of liability provided shall be \$500,000 per claim/\$1,500,000 annual aggregate. The following increased limits factors apply:

<u>Limits of Liability</u>	<u>Factor</u>	<u>Limits of Liability</u>	<u>Factor</u>
.5M/1.5M	0.810	6M/9M	1.798
1M/3M	1.000	7M/10M	1.843
2M/5M	1.350	8M/11M	1.884
3M/6M	1.554	9M/12M	1.916
4M/7M	1.673	10M/13M	1.946
5M/8M	1.742	11M/14M	1.976

For Chiropractic only, the following increased limits factors apply. The minimum limits of liability provided shall be \$100,000 per claim/\$300,000 annual aggregate.

<u>Limits of Liability</u>	<u>Factor</u>	<u>Limits of Liability</u>	<u>Factor</u>
.1M/.3M	0.526	5M/8M	1.742
.2M/.6M	0.684	6M/9M	1.798
.25M/.75M	0.737	7M/10M	1.843
.5M/1.5M	0.842	8M/11M	1.884
1M/3M	1.000	9M/12M	1.916
2M/5M	1.350	10M/13M	1.946
3M/6M	1.554	11M/14M	1.976
4M/7M	1.673		

For each \$1,000,000 increase in the annual aggregate limit, add 0.005 to the applicable increased limits factor.

For each \$1,000,000 decrease in the annual aggregate limit, subtract 0.005 from the appropriate increased limits factor.

D. PRIOR ACTS COVERAGE

Prior Acts Coverage (Retroactive Coverage) insures protected parties against claims for acts or omissions during the time a previous "claims-made" policy(ies) was in force. It provides coverage for those claims unreported from the initial coverage date on which the other policy(ies) began to the date the current policy became effective with the Company. Coverage will therefore be continuous. Once established, the retroactive coverage date can only be advanced at the request or written knowledge of the Named Insured. In calculating the premium, maturity is dated from the initial retroactive coverage date of the other policy(ies).

The Company requires that any claim is first reported during the policy period as stated on the Coverage Summary; that the claim and the professional services are within the coverage of the policy and not excluded by it; and that the amount paid does not exceed the Company claim aggregate limits of liability applicable to the Named Insured.

E. ANCILLARIES

Ancillaries include (but are not limited to) Anesthesiologist Assistants, Nurses, Technicians, Physical Therapists, Perfusionists and Psychologists. These ancillaries share limits with a Named Insured. Coverage is provided at no additional charge, except for the following ratable ancillaries:

Physician Assistants
Surgeon Assistants
Certified Nurse Practitioners
Certified Nurse Midwives
Certified Registered Nurse Anesthetists
Optometrists

1. Rating Options for Physician Assistants (PA), Surgeon Assistants (SA) and Certified Nurse Practitioners (NP)

The Company insures PAs, SAs and NPs when employed by or independently contracting with a Named Insured. Coverage may be provided under the policy of the Named Insured in the following ways:

- a. Employed PA, SA or NP with a separate set of limits of liability

Rate: Nurse Practitioner/Physician Assistant/Surgeon Assistant
(Specialty Code NUR01/PHA01/SRA01)
25% of Family/General Practice-No Surgery Rate

- b. Employed PA, SA or NP as a Protected Party

This option provides that the PA, SA or NP share the limits of liability with the Named Insured physician.

Rate: 25% less than the rate charged for NUR01/PHA01/SRA01
(Specialty Code NUR02/PHA02/SRA02)

- c. Independent Contractor (Vicarious Liability Coverage for supervising Named Insured physician only)

This option provides Vicarious Liability Coverage not to the PA, SA or NP but to a Named Insured physician for supervisory responsibilities.

Rate: 10% of the physician's premium

2. Rating Options for Certified Nurse Midwives (CNM)

The Company insures CNMs when employed by or independently contracting with a Named Insured. Coverage may be provided under the policy of a Named Insured in the following ways:

- a. Employed CNM with a separate set of limits of liability (Direct Supervision)

This option provides the CNM with a separate set of limits of liability. Professional

services connected with labor and/or delivery are covered only when under the direct physical supervision and control of a Named Insured physician.

Rate: CNM- Direct Supervision (Specialty Code CNM01)
15% of Obstetrics/Gynecology Rate

b. Employed CNM with a separate set of limits of liability (Indirect Supervision)

This option provides the CNM with a separate set of limits of liability. Professional services connected with labor and/or delivery not under the direct physical supervision and control of a Named Insured physician are covered.

Rate: CNM - Indirect Supervision (Specialty Code CNM02)
30% of Obstetrics/Gynecology Rate

c. Employed CNM as a Protected Party (Direct Supervision)

This option provides that the CNM share the limits of liability with the Named Insured physician. Professional services connected with labor and/or delivery are covered only when under the direct physical supervision and control of the Named Insured physician.

Rate: CNM - Direct Supervision (Specialty Code CNM03)
25% less than the rate charged for CNM01

d. Employed CNM as a Protected Party (Indirect Supervision)

This option provides that the CNM share the limits of liability with the Named Insured physician. Professional services connected with labor and/or delivery not under the direct physical supervision and control of the Named Insured physician are covered.

Rate: CNM - Indirect Supervision (Specialty Code CNM04)
25% less than the rate charged for CNM02

e. Independent Contractor (Vicarious Liability Coverage for supervising Named Insured physician only)

This option provides Vicarious Liability Coverage not to the CMN but to a Named Insured physician for supervisory responsibilities. .

Rate: 10% of the physician's premium

3. Rating Options for Certified Registered Nurse Anesthetists (CRNA)

The Company insures CRNAs when employed by or independently contracting with a Named

Insured. Coverage will be provided under the policy of a Named Insured in the following ways:

- a. Employed or independent contractor CRNA supervised by an Anesthesiologist with a separate set of limits of liability

This option provides the CRNA with a separate set of limits and includes coverage for professional services rendered at a location supervised by a Named Insured Anesthesiologist or the Named Insured's Anesthesiology group.

Rate: CRNA - Supervised by an Anesthesiologist (Specialty Code ANE02)
25% of Anesthesiology Rate

- b. Employed or independent contractor CRNA supervised by a Surgeon other than an Anesthesiologist with a separate set of limits of liability

This option provides the CRNA with a separate set of limits and includes professional services rendered at a location supervised by the Named Insured Surgeon or the Named Insured's Surgical Group.

Rate: CRNA - Supervised by a Surgeon (Specialty Code ANE03)
45% of Anesthesiology Rate

- c. Employed CRNA as a Protected Party

This option provides that the CRNA share the limits of liability with the Named Insured Anesthesiologist and includes coverage for professional services rendered at a location supervised by a Named Insured Anesthesiologist or the Named Insured's Anesthesiology Group.

Rate: CRNA - Supervised by an Anesthesiologist (Specialty Code ANE04)
25% less than the rate charged for ANE02

- d. Employed CRNA as a Protected Party

This option provides that the CRNA share the limits of liability with the Named Insured Surgeon and includes coverage for professional services rendered at a location supervised by a Named Insured Surgeon or the Named Insured's Surgical Group.

Rate: CRNA - Supervised by a Surgeon (Specialty Code ANES05)
25% less than the rate charged for ANES03

- e. Independent Contractor (Vicarious Liability Coverage for supervising Named Insured physician only)

This option provides Vicarious Liability Coverage not to the CRNA but to the Named Insured Anesthesiologist or Surgeon for supervisor responsibilities.

Rate: 10% of the physician's premium

4. Rating Options for Optometrists

The Company insures Optometrists when employed by or independently contracting with a Named Insured. Coverage may be provided under the policy of a Named Insured in the following ways:

- a. Employed Optometrists with a separate set of limits of liability

Rate: Optometrists (Specialty Code OPT01)
16% of Internal Medicine Rate

- b. Employed Optometrists as a Protected Party

This option provides that the Optometrists share the limits of liability with the Named Insured physician.

Rate: 25% less than rate charged for OPT01
(Specialty Code OPT02)

- c. Independent Contractor (Vicarious Liability Coverage for supervising Named Insured physician only)

This option provides Vicarious Liability Coverage not to the Optometrists but to a Named Insured physician for supervisory responsibilities.

Rate: 10% of the physician's premium

F. BUSINESS ENTITY COVERAGE CHARGE

When a group of two or more physicians have formed a corporation, partnership or association, business entity coverage is available. Shared coverage or separate limits of liability may be provided to the business entity. The shared business entity coverage premium is 4% of each physician's premium. The separate limits business entity coverage premium is 15% of each physician's premium.

II. DISCOUNTS

A. DISCOUNT PROGRAMS

1. Claims-free Discount

A 12.5% claims-free discount shall be applied on the effective date of the policy for all Named Insureds meeting the following criteria:

1. Named Insured is a policyholder with the Company for at least 3 full years immediately preceding the effective date of the policy.
2. Cumulative outstanding claim reserves (indemnity and allocated loss adjustment expenses) less than \$20,000.
3. Cumulative claim payments (indemnity and allocated loss adjustment expenses) less than \$10,000 in the last 3 full years immediately preceding the effective date of the policy.

If the Named Insured is a policyholder with the Company less than 3 full years, the 12.5% claims-free discount shall also be available if the insured has cumulative outstanding claim reserves less than \$20,000 (including no outstanding claim reserves with previous carrier(s)) and cumulative claim payments less than \$10,000 in the last 3 full years immediately preceding the effective date of the policy. In order to receive the discount, the insured is required to submit acceptable documentation of "claims-free" experience from its previous insurance carrier(s).

The claims-free discount shall NOT apply to:

- any Named Insured rated under surcharge program
- part-time, "limited" part-time, prep and auxiliary physicians
- ancillary healthcare providers (e.g. Physician's Assistant, Certified Nurse Practitioners, etc.) that share limits with any Named Insured
- Named Insureds rated on a "per procedure" basis

2. Group Size Discount

<u>Group Size</u>	<u>% Discount</u>
10-20	5%
21-30	7.5%
31 or more	10%

This discount is based solely on the size of the group. It applies to full-time, part-time and prep Named Insureds only. It does not apply to "limited" part-time Named Insureds.

The group size discount eligibility is evaluated annually at policy renewal. Changes made to the group size during the policy period will not be reflected until the next policy renewal.

3. Waiver of Consent to Settle Discount

A Named Insured may elect to waive his or her right to consent to settle any claim and give the Company the sole right to investigate, negotiate and settle. When a Named Insured makes such an election, a 5% discount shall be applied the Named Insured's premium.

4. Deductible Discount

A Named Insured can elect that a deductible apply on a per claim basis. The two deductible options are:

- a. \$5,000 deductible per claim-5% premium discount
- b. \$10,000 deductible per claim-10% premium discount

Regardless of limits of liability purchased, the actual deductible dollar discount shall be calculated based on the \$1,000,000/\$3,000,000 rate reflecting all applicable discounts/surcharges including schedule rating credits/debits.

The deductible is subject to an annual aggregate equal to three times the per claim amount. The deductible applies to damages and claims expenses. A physician may not increase, decrease or cancel his/her deductible during the course of one policy year.

The above discounts are applied in the following order and are multiplicative:

- 1. Claims-Free Discount
- 2. Group Size Discount
- 3. Waiver of Consent to Settle Discount
- 4. Deductible Discount

B. SLOT POSITIONS

This rule does **NOT** apply in Illinois.

III. GENERAL RULES

A. LOCUM TENENS

A Locum Tenens ("hold the place of") works in place of a Named Insured, never at the same time. The Company will allow Locum Tenens coverage for a maximum total of 30 days each policy year.

B. SUSPENSION OF INSURANCE

A Named Insured can request suspension of insurance, due to a disability, pregnancy, family leave, or sabbatical leave for training. The Named Insured will not be covered for claims or suits based on an occurrence within the period of suspension. The Named Insured may report claims during the period of suspension, which arise from incidents that take place subsequent to the retroactive date, but not during the period of suspension.

Suspension can be secured for a minimum period of 90 consecutive days and for a maximum of 12 consecutive months. This option is allowed only once every four years except for reason of disability.

Any refund of premium is made that is due for that period of suspension.

Note:

1. Normal maturation of the policy continues during the period of suspension.
2. If a Named Insured's coverage is suspended because of disability, and he or she does not return to practice due to permanent and total disability, the Company will provide free Extended Reporting Period Coverage, issued retroactively to the first day of the period of suspension. Cancellation will be on the same date of the suspension if cancellation is at the Named Insured's request. If the Company cancels the policy, the Company would send proper notice of cancellation.
3. If a Named Insured coverage is suspended for reasons other than disability, and he or she does not return to practice after the period of suspension, the Company will date the cancellation, and calculate the premium for the Extended Reporting Period Endorsement, effective on the first day of the period of suspension. Premium is calculated based on the rates and rules in effect on the inception date listed in the Coverage Summary. Cancellation will be on the same date of the suspension if cancellation is at the Named Insured's request. If the Company cancels the policy, the Company would send proper notice of cancellation.

C. CHANGES

1. Changes in Territory

If a Named Insured moves to a different territory, the premium adjustment (if appropriate) is billed or refunded effective the date of the change. This change is computed as a Special Rate as discussed below.

2. Changes in Limits of Liability

The Company requires a written request for changes in Limits of Liability and a "no known loss" disclaimer signed by each Named Insured under the policy. Increases in limits of liability are made at renewal and are not backdated. The Company must receive the request for the increase thirty days prior to renewal. Decreases in limits of liability are made effective immediately.

3. Changes in Specialty/Rate

Changes in specialty occur when a physician adds or drops certain procedures, such as obstetrics. Changes in rate occur when the status of the physician changes, such as from full-time to part-time.

An endorsement changing specialty/rate cancels coverage for the previous specialty/rate except for claims reported that occurred prior to the endorsement effective date.

The new premium after a change in specialty rate is computed at either the standard rate of the new coverage (a "Straight Change") or a mixed rate that is partially based on the specialty/rate of the previous coverage (a "Special Rate").

a. Straight Change

A straight change is made:

1. If the period of coverage preceding the change is six (6) months or less (eighteen (18) months or less for a "Prep" physician).
2. If the change is by Company election, such as a general rate change for a specialty, the change is only done at the renewal date with required notification.
3. If the Named Insured is over the age of 55 and has been continuously insured by the Company for at least five complete years and the change is based on semi-retirement.

In all other cases, the territory and specialty/rate changes are Special Rates.

b. Special Rate

When a Named Insured is reclassified as a result of a territory or specialty/rate change, a "mixed rate" computation is done to cover the previous exposure.

In the computation of a Special Rate, the following variables are used:

1. The specialty and rate for each previous and new scope of coverage.
2. The effective date, including prior acts coverage ("retroactive date"), with the Company and the effective date of each specialty/rate change since then ("change date(s)").
3. The period(s) of coverage to be considered (usually over a five-year period).
4. The geographical territory of medical practice.

Computing a Special Rate involves:

1. Determining the mature annual premium for the "old" and "new" classifications.
2. Application of a pro-rata factor to compute how much "old" premium and "new" premium is used within each calendar year considered.

3. The maturity of the policy that is determined by the retroactive date
4. After the Special Rate has been computed, any additional charges or discount on the policy are applied.

D. CANCELLATION/NONRENEWAL AND REINSTATEMENT

The policy can be cancelled by requesting the cancellation in writing and stating a prospective effective date of cancellation. Any unearned premium will be refunded, less the customary short rate fee.

A policy may be canceled for non-payment of premium. The Company will give ten (10) days advanced written notice of cancellation for non-payment of premium. If a policy has been in force sixty (60) days or less and the Company cancels for any other reason, thirty (30) days written notice of cancellation is given. If a policy has been in force more than sixty (60) days and the Company cancels for any other reason permitted by Illinois laws and regulations or nonrenews a policy, sixty (60) days written notice is given for such cancellation/nonrenewal. A pro-rata refund is made of any unearned premium. Where applicable, Extended Reporting Period Coverage will be offered.

Cancellation for non-payment of premium will not be effective if the amount due is paid before the cancellation effective date set forth in the notice of cancellation.

E. EXTENDED REPORTING PERIOD COVERAGE

In the event of termination of the policy or a Named Insured's coverage under the policy because of cancellation or non-renewal, Extended Reporting Period Coverage may be purchased in order to cover claims reported after the termination date of the coverage, which are based on incidents which happened on or after the retroactive date and prior to the termination date of the coverage. Extended Reporting Period Coverage provides an unlimited extended reporting period.

When Extended Reporting Period Coverage is purchased, the aggregate limits of liability provided under the expiring policy will be reinstated. This aggregate limit shall be available for the entire Extended Reporting Period Coverage period and shall be reduced by any and all amounts the Company pays for damages for claims during the entire Extended Reporting Period Coverage period.

1. Premium Calculation and Payment - The premium for the Extended Reporting Period Coverage is calculated as follows:
 - a. If coverage has been afforded with a retroactive date five or more years previous to the termination date, the premium for the Extended Reporting Period Coverage will be 230% ("incident" basis) or 285% ("demand" basis) of the undiscounted annual premium in effect on the termination date of the coverage.
 - b. If coverage has been afforded with a retroactive date less than five years, but more than nine months previous to the termination date, the premium for the Extended Reporting Period Coverage will be 230% ("incident" basis) or 285% ("demand" basis) of the undiscounted annual premium in effect on the termination date of the coverage, which has been based on premium over the last twelve (12) months factored pro rata with regard to maturity.
 - c. If the coverage has been afforded with a retroactive date nine months or less previous to the termination date, the premium for the Extended Reporting Period Coverage will be 230% ("incident" basis) or 285% ("demand" basis) of the undiscounted annual premium in effect on

the termination date of the coverage, which has been multiplied by the factor corresponding to the length of time the coverage was in effect:

i.	One (1) to thirty (30) days	.090
ii.	Thirty-one (31) to ninety-one (91) days	.276
iii.	Ninety-two (92) to one hundred eighty-two (182) days	.520
iv.	One hundred eighty-three (183) to two hundred seventy-three (273) days	.760

- d. The Extended Reporting Period Coverage must be requested and paid for within thirty (30) days of the termination or cancellation of the coverage .

Payment of the premium for the Extended Reporting Period Coverage is due prior to the issuance of the Extended Reporting Period Endorsement.

As described in (3), (4) and (5) below, premium will be waived for Extended Reporting Period Coverage under certain situations.

2. Payment

The Extended Reporting Period Coverage must be requested and paid for within thirty (30) days of the termination or cancellation of the policy. Full or appropriate partial payment of the premium for the Extended Reporting Period Coverage is due prior to the issuance of the Extended Reporting Period Endorsement.

At the option of the insured, the following three payment plans with no interest or installment charges will be available:

- 1 single payment
- 2 payments billed 12 months apart
- 8 quarterly payments over 2 years

3. Retirement

The Company will waive the premium for Extended Reporting Period Coverage if a Named Insured:

- a. Has permanently and completely retired from the practice of medicine;
- b. Is fifty-five (55) years of age or older; and
- c. Has been continuously insured with the Company for at least five (5) years.

If such retirement later ends, the premium for the Extended Reporting Period Coverage is reinstated and due in full within 30 days.

4. Retirement-Anesthesiologist

The Company will waive the premium for Extended Reporting Period Coverage if a Named Insured anesthesiologist:

- a. Has permanently and completely retired from the practice of medicine; and

- b. Has been continuously insured with the Company for at least five (5) years.

If such retirement later ends, the premium for the Extended Reporting Period Coverage is reinstated and due in full within 30 days.

5. Death and Disability

The Company will waive the premium for Extended Reporting Period Coverage in the event of:

- a. The death of the Named Insured while his/her policy is in force; or
- b. The total and permanent disability of the Named Insured when the disability commences while the policy is in force.

If such disability later ends, the premium for the Extended Reporting Period Coverage is reinstated and due in full within 30 days.

F. MEDIGUARD COVERAGE

Basic Limits Coverage - Included as part of medical professional liability premium - \$25,000 Per Disciplinary Proceeding/\$25,000 Annual Maximum for all Disciplinary Proceedings/\$1,000 Deductible Per Disciplinary Proceeding

Optional Excess Limits Coverage - Basic limits coverage of \$25,000/\$25,000 may be optionally increased to either \$50,000/\$50,000, \$75,000/\$75,000 or \$100,000/\$100,000 for the following additional charges:

\$25,000/\$25,000 Excess:	\$300 per person
\$50,000/\$50,000 Excess	\$550 per person
\$75,000/\$75,000 Excess:	\$800 per person

These optional excess limits may also be purchased by an entity at the applicable per person charge provided that the limits for the entity do not exceed the lowest limits purchased by any one person insured under the endorsement.

Group Aggregate Limits For Coverage under Section V, 2(iv)-Medicare/Medicaid only

This is applicable to groups only. Depending on the group size (number of physicians including the entity with separate professional liability limits on the policy) and the total limits selected, i.e., basic limit plus optional excess for the lowest total limits amount selected among all of the group members, the following Maximum Aggregate Limit automatically applies with respect to the group as a whole for coverage under Section V, 2(iv)-Medicare/Medicaid only:

<u>Group Size</u>	<u>Selected Limits</u>	<u>Maximum Group Aggregate Limit For All Proceedings Under Section V, 2(iv)</u>
2 - 4	\$ 25,000/\$ 25,000	\$ 50,000
	\$ 50,000/\$ 50,000	\$100,000
	\$ 75,000/\$ 75,000	\$125,000
	\$100,000/\$100,000	\$175,000

<u>Group Size</u>	<u>Selected Limits</u>	<u>Maximum Group Aggregate Limit For All Proceedings Under Section V, 2(iv)</u>
5 - 9	\$ 25,000/\$ 25,000	\$100,000
	\$ 50,000/\$ 50,000	\$150,000
	\$ 75,000/\$ 75,000	\$175,000
	\$100,000/\$100,000	\$225,000
10-25	\$ 25,000/\$ 25,000	\$150,000
	\$ 50,000/\$ 50,000	\$250,000
	\$ 75,000/\$ 75,000	\$375,000
	\$100,000/\$100,000	\$500,000
26+	\$ 25,000/\$ 25,000	\$250,000
	\$ 50,000/\$ 50,000	\$500,000
	\$ 75,000/\$ 75,000	\$750,000
	\$100,000/\$100,000	\$1,000,000

If a group has mixed limits of liability, the lowest limits of the group drive the Group Coverage Aggregate Limit available. For example, in a group of 5-9 practitioners with mixed limits of liability such as four practitioners with the basic limits of \$25,000/\$25,000, three with \$50,000/\$50,000 and two with \$100,000/\$100,000, the Group Coverage Aggregate Limit available will be that associated with the \$25,000/\$25,000 limits, or \$100,000.

G. PREMIUM PAYMENT PLANS

Full or appropriate partial payment of the annual policy premium is due on or before the effective date of the policy.

At the option of the insured, the following two payment plans with no interest or installment charges will be available:

- 1 single payment due on or before the effective date of the policy
- 4 quarterly installment payments of 25% of the annual premium. The initial installment payment is due on or before the effective date of the policy. Additional installment payments are due 3, 6 and 9 months after the effective date of the policy.

IV. SCHEDULE RATING PLAN

SCHEDULE OF DEBITS AND CREDITS (+/-)

1. Claims Management.....	+/-30%
• Internal Review Procedures	+/-20%
• Commitment to Loss Prevention	+/-20%
• Incident/Claim Reporting Procedures	+/-20%
• Other	+/-20%
2. Risk Management	+/-30%
• Credentialing/Peer Review	+/-20%
• Medical Record/Consent Form Documentation	+/-20%
• Quality Assurance Procedures	+/-20%
• Employee Selection, Training and Supervision	+/-20%
• Participation in Risk Management Programs	+/-20%
• Other	+/-20%
3. Factors General	+/-30%
• Geographic Location (outside of an urban area)	+/-20%
• Loss Experience/History	+/-20%
• Hospital Staff Privileges	+/-20%
• Managed Care Network Participation	+/-20%
• Other	+/-20%
Maximum Credit/Debit	+/-40%

V. SURCHARGE PROGRAM-PROFILE ADJUSTED RATING (PAR)

Program Eligibility-New Business

A risk that does not meet the minimum underwriting guidelines established for the Company will be considered for rating under this program.

Program Eligibility-Renewal Business

The following will be considered for rating under this program:

- (a) a risk whose claim severity and/or frequency for its specialty exceeds an actuarially expected standard
- (b) a risk for which underwriting information (other than claim severity and/or claim frequency) has been developed that does not meet the minimum underwriting guidelines established for the Company

Subject to the point ranges set forth on the Points Evaluation Worksheet, surcharges of 20% to 400% will be applied as a percentage of premium. With the exception of part-time and claims-free discounts, all rating discounts apply under this program.

All \$2 million/\$5 million rates for this program will be surcharged by an additional 5.5%. Limits above \$2 million/\$5 million are not available for this program.

POINTS SCHEDULE

CLAIMS WITHIN THE LAST 10 YEARS FROM DATE OF REPORT

	<u>Points</u>
A. Frequency and Severity Claims Schedule	Total Points From Schedule
B. No claims reported in the past five full years.	-100
DRUG OR ALCOHOL IMPAIRMENT – HEALTH	
A. Has experienced drug, alcohol, or mental illness problems more than 5 years ago.	50
B. Has experienced drug, alcohol, or mental illness problems within the past 5 years.	75
C. Currently in treatment for unresolved substance abuse.	150
D. Any relapse within the past 5 years.	150
E. Physical or mental impairment that impacted physician's ability to practice medicine safely.	100
GOVERNMENT AGENCY ACTIONS	
A. Medical license in any state has been revoked.	150
B. Medical license in any state has been suspended.	100
C. Medical license has been placed on probation with restrictions on the type of services he or she can provide.	75

- D. Medical license has been placed on probation for more than 5 years. 75
- E. Medical license has been placed on probation for 1 to 5 years. 50
- F. Medical license is under investigation. 40
- G. Public letter of reprimand, fine, citation, etc. 50
- H. Failure to report license investigation as required by affirmative duty language in policy 50

Note: Items A, B, C, D, E, F, G and H – only applies per occurrence – i.e., highest point value.

- I. During the preceding 5 years, DEA license has been revoked suspended, or issued with special terms or conditions, or license has been voluntarily surrendered or not renewed, other than normal nonrenewal license substantiated by physician. 100
- J. Has been convicted or indicted of a criminal act, or has been found to be in violation of a civil statute, per occurrence.

Medically related:

- Within 5 years 100
- More than 5 years 50

Not medically related:

- Within 5 years 50
- More than 5 years 25

- K. Medicare/MediCal/Medicaid investigation 40
- L. Loss of Medicare/MediCal/Medicaid privileges 50
- M. Loss of any health insurance provider privileges 50

INAPPROPRIATE PATIENT CONTACT

- A. Proven with a single patient. 75
- B. Proven with more than one patient. 150
- C. Alleged with one or more patients. 50

MEDICAL EDUCATION

- A. Attended more than one medical school or a residency program due to actual or planned disciplinary action. 25
- B. Residency completed at two or more facilities. 25
- C. Started, but did not complete, a full residency program. 25
- D. Did not begin a residency. 25

E. Has never received board certification 50

MEDICAL RECORDS

A. Records alterations with material change and intent. 150

B. Records alterations not a material change to records, just cleaning up. 25

C. Generally poor record keeping. 50

INFORMED CONSENT

A. Incomplete consent obtained. 25

B. Lack of Informed Consent. 50

**PRIVILEGES - ANY STATE
(Hospital, Surgery Center, etc.)**

A. Privileges have been involuntarily restricted, or restricted by negotiation in the past 10 years (per occurrence). 50

B. Privileges have been suspended in the past 10 years (per occurrence). 100

C. Privileges have been revoked in the past 10 years (per occurrence). 150

D. Has unexplained changes in privileges (per occurrence). 25

E. Has been notified by facility of its intent to:

 Restrict privileges 30

 Suspend privileges 50

 Revoke privileges 100

 Note: Only applies per occurrence-i.e. highest point value

F. No privileges at any facility. 100

G. Currently undergoing peer review. 75

H. Notice of peer review received. 50

PROCEDURES

A. Is performing a medical procedure that is considered experimental but not directly dangerous. 15

B. Is performing a medical procedure that is in violation of policy exclusions. 50

C. Is performing a procedure(s) not usual and customary to his/her medical specialty. 50

D. Is performing a medical procedure that is in violation of policy exclusion and is considered dangerous. 150

E. Is performing a procedure(s) outside his/her medical specialty. 100

F. Is performing high risk procedures within his/her medical specialty 100

RISK MANAGEMENT

A. Mandatory risk management previously recommended and insured did not comply. 50

B. Mandatory risk management previously recommended and insured had initial compliance but no follow through. 35

GAPS IN MEDICAL PRACTICE

A. Gaps in medical practice of 90-179 days duration. 50

B. Gaps in medical practice of 180-239 days duration. 100

PAYMENT HISTORY

A. Two or more late payments within the last three years. 100

B. Two or more cancellations for non-payment of premium within the last three years. 150

OTHER

A. Uncooperative in Claims Handling 75

B. Patient Load:

For Surgeons, 61-99 patients per week 50

For Surgeons, 100 or more patients per week 100

For All Others, 101-149 patients per week 50

For All Others, 150 or more patients per week 100

C. Advertising: If insured advertises his/her services on TV, newspapers, billboards or radio 25

D. Uses collection agency that can file suit without insured's written consent. 25

E. Previous insurance history (bare, insolvent prior insurer or nonrenewed). 100

F. Claim experience of Associates, Partners or Corporation:

If one member with claim(s) 75

If more than one member with claim(s) 100

Favorable experience of group as a whole -150

G. For each claim or suit in which the physician breached the standard of care:

Mixed Reviews 50

All Negative Reviews 100

Admitted or Clear Liability 100

H. For two or more claims, suits or incidents arising out of the same or similar procedures or treatments. 50

I. Claim is too early in discovery period:	
Surgical Class	-100
Non-Surgical Class	-50
J. For each claim or suit in which expert reviewers state the insured met the standard of care:	
Surgical Class	-150
Non-Surgical Class	-100
K. High risk surgical patient selection.	150
L. Loss Ratio in excess of 500%.	150
M. Loss Ratio less than 100%.	-100
