Insurance Rulemaking in 2006

4 III. Adm. Code 250 - Americans With Disabilities Act Grievance Procedure – 28 CFR 35.107 requires all agencies of State government employing at least 50 persons to publish rules governing the grievance procedure under the Americans With Disabilities Act (ADA). JCAR noted that the Department of Financial and Professional Regulation-Division of Insurance did not have such a rule in place. It is anticipated that DFPR will eventually promulgate an ADA rule that will be applicable to all of the agency's Divisions and replace their existing rules, but the Department, on behalf of its Division of Insurance, is adopting Part 250 to allow the Division to be in compliance with the ADA requirements in the interim. This new regulation was adopted effective February 7, 2006. (February 24, 2006, Illinois Register, Vol. 30, Issue 8) Contact Glen Gasiorek.

50 III. Adm. Code 2025 - Illinois Health Insurance Portability and Accountability Standards – The Illinois Health Insurance Portability and Accountability Act sets forth requirements for companies to renew individual and group policies. This rule provides uniformity for health insurance issuers by defining notice requirements, as well as requirements for modification; termination; discontinuance and rescission provisions to which all health insurance issuers must adhere. This new rule was adopted effective February 15, 2006 (March 3, 2006, Illinois Register, Vol. 30, Issue 9) Contact Yvonne Clearwater.

50 III. Adm. Code 5421.50 - Health Maintenance Organization - This amendment requires that all capitated provider agreements between HMOs and MCOs contain provisions whereby (1) the MCO agrees to fully cooperate and disclose information to the HMO's actuaries; (2) the HMO acknowledge that in the event of the MCO's insolvency, the HMO has certain obligations as expressed under the definition for "Health care plan" in section 10 of the Managed Care Reform And Patient Rights Act [215 ILCS 134/10]; and (3) the MCO agrees to hold the enrollee harmless for unpaid provider services, so that enrollee is not held liable for such payments. This amendment was adopted effective March 2, 2006. (March 17, 2006, Illinois Register, Vol. 30, Issue 11) Contact Dave Grant.

50 III. Adm. Code 2905 - Registration of Workers' Compensation Utilization Review Organizations – PA 92- 0277 required the registration of workers compensation utilization review organizations within the Department of Financial and Professional Regulation- Division of Insurance. This new rule establishes the format for registration based on existing registration requirements for health care utilization review organizations as provided in the Managed Care Reform and Patient Rights Act. With the addition of Exhibit A, the Division will be able to accommodate both health and workers compensation registration in its existing administrative scheme. This new rule was adopted effective March 29, 2006. (April 14, 2006, Illinois Register, Vol. 30, Issue 15) Contact Kelly Reim.

50 III. Adm. Code 5420 - Managed Care Reform & Patient Rights – This amendment allowed the Division to have one uniform registration standard for both health and

workers compensation utilization review organizations. This amendment was promulgated in conjunction with the new Part 2905. These amendments were adopted effective March 29, 2006. (April 14, 2006, Illinois Register, Vol. 30, Issue 15) Contact Kelly Reim.

50 III. Adm. Code 5701 - Viatical Settlement Provider Reporting Requirements –

The Division promulgated this new Part to ensure that the reporting requirements of Section 25 of the Viatical Settlement Act [215 ILCS 158/25] were clearly defined and are being met as required by law. This Part will also serve as the vehicle for any future rulemaking that may be necessary for regulating viaticals. This new regulation was adopted effective April 3, 2006. (April 14, 2006, Illinois Register, Vol. 30, Issue 15) Contact Scott Richardson.

50 III. Adm. Code 938 - Accident and Health Risk Ratio Notice –

This entire Part was repealed because the policyholder surplus and premium information previously reported pursuant to this Part is now available to the Division through the National Association of Insurance Commissioners' (NAIC) Internet-State Interface Technology Enhancement (I-SITE) network. Repealing this Part will reduce unnecessary paperwork. There is no filing fee, so the elimination of this filing requirement would have no financial impact on the Division. This Part was repealed effective April 6, 2006. (April 21, 2006, Illinois Register, Vol. 30, Issue 16) Contact Sara Ross.

50 III. Adm. Code 1103 - Life Reinsurance Agreements –

The Division amended this Part in order to eliminate inaccurate references found in the Accounting Requirements of Section 1103.30. In addition, the Division added a Definition Section to this Part largely due to the Division's consolidation under the IDFPR, which will give this Part greater clarity. The Division also repealed Section 1103.50 because those provisions were no longer needed. These amendments were adopted effective April 6, 2006. (April 21, 2006, Illinois Register, Vol. 30, Issue 16) Contact Sara Ross.

50 III. Adm. Code 923 - Ceded Reinsurance of Property and Liability Insurers –

Part 923 was repealed because the information it required insurance companies to provide in the form of a Ceded Reinsurance Report is now either included in the annual statement, or can be determined using annual statement amounts.

Additionally, Part 923 specifies certain conditions under which credit may be allowed for reinsurance ceded by licensed property and casualty insurers in their annual statements, but these provisions are obsolete and have been superseded by Section 173.1 of the Illinois Insurance Code [215 ILCS 5/173.1]. This entire Part was repealed effective July 27, 2006. (August 4, 2006, Illinois Register, Vol. 30, Issue 31) Contact Sara Ross.

50 III. Adm. Code 4415 - Payment of Annual Compliance Fees for Pension Funds –

Section 4415.40 was amended implementing PA 93-0032, which increased the amount of the compliance fee that pension funds must pay under Articles 3 and 4 of the Illinois Pension Code [40 ILCS 5] from 0.007 percent to 0.02 percent of total assets of the

pension fund and increased the maximum fee from \$6000 to \$8000. In addition, other housekeeping changes were made to the remaining Sections. These amendments were adopted effective July 24, 2006. (August 4, 2006, Illinois Register, Vol. 30, Issue 31) Contact John McNutt.

50 III. Adm. Code 902 - Insurance Companies Originating Payday Loans –The Payday Loan Reform Act required the Department to promulgate regulatory standards addressing a number of business practices concerning payday loans. The Division was charged with promulgating standards, only with respect to insurance companies, described as “exempt entities” in Section 1-15(d) of the Act [815 ILCS 122-1-15(d)]. This new rule was adopted effective December 4, 2006. (December 15, 2006, Illinois Register, Vol. 30, Issue 50) Contact Jim Hanson.

50 III. Adm. Code 933 - Professional Liability Insurance Reporting Requirements and Resource Center –This new rule established content, form and data reporting requirements for information to be reported to the Secretary of the Department, or to the Director of the Illinois Department of Financial and Professional Regulation – Division of Insurance pursuant to Section 155.18a of the Illinois Insurance Code [215 ILCS 5/155.18a]. This new rule was adopted effective November 30, 2006, and implements PA 94-0677. (December 15, 2006, Illinois Register, Vol. 30, Issue 50) Contact Kelly Kruger.

50 III. Adm. Code 2004 - Accident and Health Reserves –For all accident and health insurance policies written on, or after the effective date of these amendments, the reserve standards incorporated in Section 2004.10 of this Part will be the National Association of Insurance Commissioners 2006 Accounting Practices and Procedures Manual (APPM). Previously Section 2004.10 had referenced the March 2001 APPM standards. These amendments were adopted effective November 29, 2006. (December 15, 2006, Illinois Register, Vol. 30, Issue 50) Contact Gerald Lucht.

50 III. Adm. Code 3118 - Licensing of Public Adjusters –The general purpose of this Part is to regulate the activities of public adjusters. The Division added provisions to Section 3118.60 that now subject an applicant for a public adjuster’s license to a criminal background check. The background check of applicants will equip the Director to deny licensure when a felony conviction is identified.

Exercising this authority will provide Illinois residents with greater consumer protection. The Division has also made a number of housekeeping changes to Section 3118.10; 3118.20; 3118.50, 3118.80, 3118.120 and 3118.130 to accurately reflect the consolidation of our agency under IDFP. The Division has also added Section 3118.25, a new definition Section that identifies terms that were not previously described. These amendments were adopted effective November 29, 2006. (December 15, 2006, Illinois Register, Vol. 30, Issue 50) Contact Kelly Kruger.

50 III. Adm. Code 928 - Medical Malpractice Data Base – The amendments to this Part now require companies to report medical malpractice data electronically to the

Secretary or Director of the Illinois Department of Financial and Professional Regulation – Division of Insurance pursuant to Section 155.19 of the Illinois Insurance Code [215 ILCS 5/155.19] using software developed by the Division. Also, a new Section was added to this Part that will require Circuit Court Clerks to electronically report to the Secretary or Director all cases alleging medical malpractice. This new mandate is authorized by PA 94-677. These amendments were adopted effective December 4, 2006. (December 22, 2006, Illinois Register, Vol. 30, Issue 51) Contact Judy Pool Boutchee.

50 III. Adm. Code 929 - Medical Liability Insurance Rules and Rate Filings –The amendments to this Part implement provisions of PA 94-677 as they relate to Section 155.18 of the Illinois Insurance Code. The Division added Subparts to this rule that divide the general regulatory provisions from the new hearing provisions. In Subpart A, we added definitions and clarified various other provisions consistent with PA 94-677. One significant change has altered the Division's current statutory "use and file" rate filing practice to a "file and use" standard as authorized by Section 155.18(c)(1), except as otherwise provided by Section 155.18(c)(2) of the Code. Subpart B establishes the administrative hearing procedures for a public rate hearing which has been newly authorized by statute as well. These amendments were adopted effective December 11, 2006. (December 22, 2006, Illinois Register, Vol. 30, Issue 51) Contact Gayle Neuman.

Consumer Market

The **Consumer Market Section** oversees the Division's consumer protection and education programs, licenses and regulates the activities of insurance producers, and monitors the marketplace operations of insurance companies through policy analysis, complaint investigation and periodic on-site examinations.

Consumer Services and Education Programs

During 2006, the **Consumer Services Unit** continued to refine and use the **electronic complaint database**. The system has proven itself to be reliable and has expedited the handling of consumer complaints. The Consumer Services Unit utilizes an electronic group mailbox, which encourages respondents to reply to complaints via email or a fax server that converts the transmission to an email. The Consumer Services Unit also uses a Complaint Depository, which allows respondents to securely "drop off" responses to complaints. Reconciliation of consumer complaints is also conducted on the electronic complaint database, which allows the electronic exchange of information and immediate revisions to complaints that are affected.

In 2006, the Consumer Services Unit monitored and revised Consumer Fact Sheets as necessary to ensure accuracy and to reflect any changes to Insurance laws or regulations. The Fact Sheets provide consumers with information regarding numerous insurance topics and are available on the Division of Insurance website at http://www.idfpr.com/DOI/Main/Consumer_Facts.asp.

The Division of Insurance utilizes a toll-free consumer assistance hotline that enables consumers to easily reach Consumer Services Unit analysts with questions or complaints about their insurance companies. The Consumer Services Unit monitors the Director's email address that is available on the Division of Insurance website for visitors to ask various insurance related questions. The Consumer Services Unit utilizes an electronic system for assigning and responding to inquiries received by the Director's email. The Director's email address received approximately 5,200 inquiries in 2006. The Consumer Services Unit responded to approximately 2,400 of those inquiries. The remaining inquiries were routed to other areas of the Division of Insurance for response. The Consumer Services Unit responds to the majority of the Director's email inquiries within 24 hours of receipt.

In 2006, the Consumer Services Unit Outreach staff visited areas struck by heavy storms for face-to-face consultations with consumers on insurance related questions. The Division also operated an informational booth at the Illinois State Fair that provided one-on-one assistance to consumers and distributed written materials on various insurance topics. Outreach staff also assisted on the Contingency Issues project within the Division of Insurance for a large portion of 2006.

The Unit also handled 2,525 written inquiries. The Consumer Services Division responded to those inquiries by providing pertinent information to the consumer.

Consumer Outreach Activities

Outreach Presentations:	119

(Estimated audience of 715,000)	

During the year 2006, the **Office of Consumer Health Insurance (OCHI)** received 13,696 calls from 1,024 different zip codes in Illinois. The three most frequently addressed topics were: claims (2,537); group insurance (2,082); and individual

insurance (1,391). OCHI continued to distribute informational brochures to numerous entities throughout the state that could provide the brochures to their stakeholders.

Beginning January 1, 2002, OCHI's responsibilities were expanded to include incorporation of the new **Uninsured Ombudsman Program** created by P.A. 92--0331. The Program was enacted to provide assistance and education to uninsured individuals regarding health insurance benefits, options, and rights under state and federal law. This is done through direct contact with individuals over the OCHI/Ombudsman toll-free line, as well as making contact with entities throughout the state that may have contact with the uninsured population, including township officials and county and local health departments.

In order to best provide services to the uninsured population, the Uninsured Ombudsman Program utilizes a database of information that was created by collecting information on resources from around the state that, while not necessarily providing insurance, might be able to provide health care options for persons seeking treatment. The database enables OCHI staff to easily retrieve information so prompt assistance can be provided to uninsured consumers seeking assistance for medical, dental, mental health, vision, prescription and other health care needs.

For Calendar year 2006, the Uninsured Ombudsman Program handled 925 calls. As in previous years, calls came from a variety of sources including other state agencies, legislators, agents, family and friends, radio stations and others who were assisting the uninsured. Continued efforts to increase the awareness of the Program included participating in the "National Cover the Uninsured Week Program", being a guest on several radio and television talk shows; and attending the Illinois Primary Health Care Association (IPHCA) Conferences, Pre-Layoff Workshops, KidCare Conferences, the Third Annual Illinois Legislative Latino Caucus Foundation Conference, and numerous health fairs. The Ombudsman also served as a speaker for the Black Chamber of Commerce in Decatur, Illinois and was a round table participant at the Academy of Health. Goals for 2007 include increasing awareness about the Program and establishing a network with local organizations providing assistance to the uninsured.

The Uninsured Ombudsman continues to participate as a member of the Rapid Response Team, which includes representatives from several state agencies. The Rapid Response Team was created to inform and educate dislocated workers and retirees about the various services available to help ease their transition when employers terminate health insurance coverage or when employers file for bankruptcy or close their doors for other reasons causing the loss of health insurance for employees and/or retirees. The Rapid Response Team received 137 notices of layoffs, closings or employer bankruptcies in 2006, affecting 19,640 workers. The Rapid Response Team held 278 workshops across Illinois in 2005, which were attended by 4,643 workers.

Market Conduct Programs

In establishing a schedule of examinations, the **Market Conduct Unit** evaluates information gleaned from insurer market conduct annual statements, specifically data regarding paid and denied claims, payment medians, and zip code tracking of company producers by business address. A market analysis of this annual statement data enables us to prioritize companies for scheduling target examinations. Market analysis, in conjunction with our review of consumer complaints, gives us the opportunity to respond more quickly to the ever-changing marketplace.

Market conduct examinations directed at health maintenance organizations (HMOs) emphasized both their compliance with rules and regulations, and accurate and timely payments to their members. Market conduct staff continued to be active on various NAIC working groups designed to address uniformity in market conduct examinations with respect to data calls, examiner qualifications and examination procedures. The Federal Gramm-Leach-Bliley Act is driving this ongoing effort.

Life, Accident and Health Compliance

The **Life, Accident and Health Unit** is responsible for reviewing and approving all filings for **life, disability, and health** policies and for **HMO, Limited Health Service Organization** and **Voluntary Health Service Plans**. In addition, the Unit handles HMO complaints, **viatical settlement provider** compliance, and registration for **preferred provider program administrators** and **utilization review organizations**.

Discount Plans

In 2006, the Managed Care Section of the LAH Compliance Unit continued to pursue the unauthorized marketing of discount cards and discounted health care plans. Illinois residents and businesses are being assaulted on a variety of media fronts including television ads, faxes, telephone solicitations and Internet marketing schemes. These programs take many forms, but the most common are those providing discounted health care services for hospital, medical, pharmaceutical, eldercare, emergency transportation, dental and vision care. Individuals pay a fee to be members of a discount plan and, in turn, they are afforded access to a network of providers. In some instances,

they are asked to pay a one time, non-refundable fee to apply for a discount card. Under these plans, the consumer is responsible to pay the provider, based upon the network's negotiated discounted rate schedule. There is no insurance coverage and traditional provisions for coordinating benefits have no application. Any payment is made directly by the consumer to the provider and represents payment in full for the services provided. Many times, consumers do not find out, until too late, that even with provider discounts, a serious health care episode can leave them with significant out-of-pocket expenses.

The definition of preferred provider program administrators (PPAs) in the Illinois Insurance Code includes health care discount plans. Specific to discount programs, a PPA includes any person, partnership or corporation that arranges, contracts with, or administers contracts with a provider whereby beneficiaries are provided an incentive to use the services of such provider. The Act goes on to define "beneficiaries" as individuals entitled to reimbursement for expenses of or the discount of provider fees for health care services under a program where the beneficiary has an incentive to utilize the services of a provider, which has entered into an agreement or arrangement with an administrator (215 ILCS 5/370 (g)).

The number of discount card related complaints has continued to increase in 2006. As a result, the Division's regulatory posture has shifted from one of educating these plans on their obligation to register, to one of issuing orders prohibiting the continued functioning of programs unless and until they became properly registered. We believe that, given current economic conditions and pressures affecting the health insurance marketplace, the number of problematic and unregistered discount plans will continue to multiply, and in some instances, form alliances with Illinois insurers for the taking of unauthorized discounts on provider services. As such, the Division will continue to aggressively assert its oversight of this industry in 2007.

Insurance Issues

In 2006 the LAH Compliance Unit continued to actively work with companies to address compliance and policy language issues as they arose. The range of issues included: policy subrogation terminology, network adequacy, assignment of benefits, rule interpretations, benefit coordination with Medicare coverage, innovative group health products, and appeals processes. These meetings were held both in person and by conference call and helped continue the Unit's working relationship with one of our major stakeholders.

Additionally, the LAH compliance unit continued to work with the NAIC on many of the life and health issues coming before that body including the interstate compact, Medicare supplement policy standardization and innovative benefits, and the long-term care insurance partnership.

Finally, the Unit continued to move toward a paperless environment through the continued evolution of the electronic policy filing process and through the continued and ongoing updates to the policy checklists, available on our Website, for all policy types.

Property and Casualty Compliance

The Property and Casualty Compliance Area is responsible for the review of all commercial lines coverage forms and rates that are required to be filed for compliance with Illinois Statutes and Regulations. Additionally, the Property and Casualty Compliance Area is responsible for the review of all personal lines coverage forms and rates that are required to be filed for compliance with Illinois Statutes and Regulations.

The Division continues to work on initiatives aimed at moving accepted products to market as quickly as possible.

The examinations are given by computer and electronically graded immediately upon completion. For candidates who pass the examination, an instant application is provided at the test site. In addition, the licensing staff reviews and processes new and renewal applications and issues licenses on—line on a daily basis.

Senior Health Insurance Program

The **Senior Health Insurance Program (SHIP)** is a free counseling program for Medicare beneficiaries of any age, their families, or caregivers who have questions or problems with health insurance issues. SHIP counselors are trained to answer questions on Medicare, Medicare supplement insurance, Medicare Advantage health plans, Long-Term Care insurance, and prescription drug coverage. To ensure that SHIP continued to have a capable and informed network of SHIP volunteer counselors assisting Illinois' Medicare population, SHIP trainers conducted numerous introductory training sessions for our new volunteer counselors, and multiple continuing education training sessions for our existing network of volunteer counselors across Illinois.

During 2006, SHIP staff and our network of trained volunteer counselors reached at least two million Medicare beneficiaries, their caregivers, advocates and providers through approximately 438 public presentations, health fairs, cable television, radio, and/or website events focusing primarily on educating and assisting people on Medicare with their options for prescription drug coverage.

SHIP continued its outreach activities in Hispanic communities throughout the state in an effort to ensure that Illinois' Hispanic Medicare population were continuing to have access to our counseling services. Our bilingual education specialist provided front-line assistance, and conducted several public presentations to Hispanic senior groups and other interested parties concentrating on issues related to Medicare Part D prescription drug coverage.

In 2006, SHIP strengthened its partnerships with the Illinois Department on Aging, Healthcare and Family Services, and the Social Security Administration and Centers for Medicare and Medicaid Services. Through these partnerships, SHIP was and continues

to be extremely responsive and proactive to the deluge of emerging issues affecting our senior and disabled Medicare populations in Illinois.

Information access and dissemination was integral to SHIP's outreach efforts in 2006. SHIP was and continues to be a depository of Medicare, Medicare Supplement, Prescription Drug Coverage, Extra Help, State Pharmacy Assistance Program (Illinois Cares Rx), and related insurance information, conveying that information to Illinois' Medicare beneficiaries through our publications, website, trainings, radio presentations, interactive educational sessions, health fairs, and through our extensive network of volunteer counselors across our State. SHIP not only disseminated information derived from our partnering organizations, but also produced its own publications from data we collected and populated. In addition to the numerous publications on the aforementioned health insurance topics, two key publications were also available through our website, 800 line, and volunteer counselor network; the *Prescription Drug Information Guide*, a resource for people seeking information on purchasing low-cost or no-cost prescription drugs, and our annual *Medicare Supplement Premium Comparison Guide*.

SHIP is funded in part by a federal Medicare education grant and in part by the Producer Fund. SHIP exists within IDFPR, Division of Insurance pursuant to 20 ILCS 1405/1404-15 Senior Citizen Assistance and Information Program.

Financial - Corporate Regulation

The **Financial-Corporate Regulatory Section** is responsible for analyzing and monitoring the financial condition of insurance companies, health maintenance organizations, and all other regulated insurance risk-bearing entities, conducting on-site financial examinations, and intervening when potential problems are identified. The Section also licenses authorized insurers in Illinois and investigates and takes action against unauthorized companies illegally conducting the business of insurance. Additionally the Section provides oversight and advisory services to public pension funds in Illinois, primarily for municipal police and fire departments.

Financial Regulation Unit

The **Financial Regulation Unit (“Unit”)** is responsible for analyzing and monitoring the financial condition of insurance companies, health maintenance organizations, and other regulated insurance risk-bearing entities and intervening when potential problems are identified.

The Unit is responsible for oversight of the management operations of Illinois insurers because, by law, many corporate transactions such as entering reinsurance agreements, paying dividends, and transacting business with affiliates require the prior approval of the Division.

There is no longer a requirement for foreign insurance companies to submit quarterly statements or foreign CPA audits. The Unit’s emphasis on domestic insurance companies is consistent with NAIC guidelines.

The Unit works closely with several entities with distressed financial conditions. In these instances the Unit must devote greater staff resources because a more continuous regulatory role is required. For these companies, staff have more contact with company personnel and company advisors in the form of face to face or teleconference meetings. Detailed review of expanded analytical data is often required by these situations. In many cases staff must also participate in national telephone conference calls with other insurance regulators.

Unit representatives remain active on a limited basis at the national level in a number of NAIC initiatives including: Financial Regulation Standards, Financial Analysis, NAIC/AICPA, Emerging Accounting Issues, Statutory Accounting Principles, Insurance Holding Company, Financial Reporting (Blanks), Risk Assessments and Valuation of Securities. Participation has been limited, in large part to conference calls, since sufficient staff has not been able to travel to the national and other meetings where significant discussion of these matters takes place.

Effective January 1, 2006, the Centers for Medicare and Medicaid Services (CMS) enhanced its Medicare Advantage program for seniors and began offering prescription

drug plans (PDPs) through its new Medicare Part D. Federal law mandates that Medicare Advantage Plans and PDPs be licensed as risk-bearing entities in the state in which they will provide services. The Unit received numerous applications for Medicare Advantage Plans and PDPs.

Casualty Actuarial Unit

In 2006, the Casualty Actuarial Unit continued implementation of medical malpractice legislation adopted in 2005 while performing ongoing responsibilities in the financial and consumer areas.

Actuarial staff assisted in drafting a new administrative regulation (50 Ill. Adm. Code 4203) and in updating an administrative regulation (50 Ill. Adm. Code 928) to support the legislative changes impacting entities that provide medical malpractice coverage in Illinois. Part 4203 presents detailed form and content instructions for filing medical malpractice actuarial data and information, while Part 928 specifies filing requirements of medical malpractice claims data. Staff also continued to perform in depth reviews of all medical malpractice rate filings and provided significant technical assistance in the rate hearings pursuant to statute.

Another significant ongoing responsibility associated with the consumer market areas is review of actuarial information supporting rate filings, such as that of the Illinois FAIR Plan, the Illinois Mine Subsidence Insurance Fund, the Illinois Automobile Insurance Plan, and the National Council on Compensation Insurance.

Unit staff also review actuarial models used by companies whether for consumer market purposes, such as writing and pricing their business, or financial solvency reasons, such as effective risk management and reinsurance. The Unit continues to oversee production of the Illinois Property and Casualty Insurance Market Share Report.

In addition, the Casualty Actuarial Unit continued to perform its core actuarial analyses with respect to the financial solvency of insurance entities. These technical analyses include reviewing Statements of Actuarial Opinion and analyzing workpapers supporting them, performing loss reserve analyses of Annual Statement loss data and participating in on-site financial examinations of insurance companies. Staff also evaluates the newly required Actuarial Opinion Summary of all domestic property and casualty companies, performs technical analyses of reinsurance agreements for transfer of risk, evaluates all extraordinary dividend notifications and monitors carried asbestos and environmental reserve amounts.

Staff continues to represent Illinois on a national level as well. The unit participated in the NAIC Casualty Actuarial Task Force objective of continuing to improve the Statement of Actuarial Opinion and of providing actuarial expertise to the NAIC initiative of the risk assessment surveillance of insurance companies.

Life Actuarial Unit

General

The **Life Actuarial Unit** has ongoing responsibilities in both the financial and consumer arenas. The Unit provides support to the Financial Analysis, Financial Examination, and Consumer units; and participates in the majority of the NAIC's Life and Health Actuarial Task Force and Life Risk Based Capital Working Group calls each quarter.

Responsibilities on the financial side include the review of domestic companies' actuarial opinions, reserve testing summaries, extraordinary dividend filings; and the review of financial examination actuarial planning memos. The Unit also provides analysis regarding Risk Based Capital calculations and reinsurance transactions, as requested by the Financial Analysis Unit. In addition, a significant amount of time is spent responding to inquiries from company and consulting actuaries as unique issues arise.

Responsibilities on the consumer side include reviews of Long Term Care and Medicare supplement filings for compliance with our rating laws and regulations. The Unit also assists the Complaint area in analyzing complaints containing actuarial issues, and the Policy Form area in reviewing nontraditional filings.

2006

In 2006 the Life Actuarial Unit continued reviewing annuity policy forms for compliance with nonforfeiture requirements in the Model Index version of the Standard Nonforfeiture Law for Individual Deferred Annuities and related regulations. The annuity filing checklist developed in 2005 was improved upon and the Unit interacted with companies as questions arose. Life return of premium filings also continued to be reviewed for compliance with the Standard Nonforfeiture Law for Life Insurance.

As in previous years, long term care (LTC) insurance was a principal issue faced by the Life Actuarial Unit in the area of health insurance. In 2006 companies continued to file rate increases for LTC insurance to adjust for worse than expected actual claims experience, although at a slower pace than in recent years. The Unit reviewed these increases for actuarial soundness and compliance with regulatory provisions, approving or modifying the requested increases accordingly. With regard to Medicare Supplement insurance, the Life Actuarial Unit worked closely with the Senior Health Insurance Program in conducting a survey of Medicare Supplement premium rates in Illinois. This information was incorporated into the 2006 Medicare Supplement Premium Comparison Guide.

Major items being developed at the NAIC's Life and Health Actuarial Task Force and Risk Based Capital Working Group, are principles based approaches to determining reserves and capital. A principles based approach is significantly different from the traditional formula-based methods, and will therefore require considerable changes to the regulatory process.

Financial Examination Unit

Illinois law requires the examination of the financial condition of insurance companies domiciled in Illinois not less than once every five years. On-site financial examinations of companies provide for a detailed review of the Company's financial condition, compliance with Illinois laws and regulations, and the reliability of financial statements. The information obtained during an examination may be the basis for timely and appropriate regulatory action.

Under a national regulatory accreditation program for all state insurance regulatory agencies administered by the National Association of Insurance Commissioners (NAIC), examinations of multi-state insurers must be adopted within eighteen months of the end of the year being examined.

The Financial Examination Unit utilizes the electronic work paper software known as "Teammate". This is the software used throughout most of the country by state insurance regulators that should increase the efficiency and effectiveness of examinations. The Unit also utilizes outside support services to assist in the financial examination of Illinois domestic companies whose books, records and operations are located outside of Illinois.

During 2006, the Financial Examination Unit organized and presented two educational seminars, which provided up to 38.9 hours of continuing education credits for the Division's financial examination staff and staff from other Midwest state insurance agencies. These seminars featured sessions on subjects such as hurricane risk, statements of statutory accounting principles, NAIC Risk Focused Surveillance Examination Approach, and COSO enterprise risk management for small companies. The paramount emphasis of these seminars was to emphasize a risk assessment approach to planning and conducting examinations.

The Illinois Division of Insurance was host to two interns from India through the National Association of Insurance Commissioners International Internship Program. The internship program is an educational endeavor; its aim is to foster the learning and transfer of regulatory know-how for practical application in the intern's home market. A six week program was developed for the interns to participate in specialized training in the areas of conducting on-site financial examinations, financial analysis, supervision of health insurance and rate filing approvals.

In addition to performing financial examinations, the Unit annually values the life insurance in force of domestic companies. Reserve liabilities associated with these in-force amounts are certified as meeting applicable minimum standards. Twenty of these valuations were completed during the year.

Corporate Regulation Unit

The Corporate Regulation Unit is responsible for the incorporation, formation, licensing and registration of insurance entities and approval of various corporate transactions.

In 2006, 665 life, accident and health and 1,151 property and casualty insurance companies were licensed in Illinois. Other licensed entities include:

409 purchasing groups (organized to purchase commercial liability insurance for their members);

102 foreign registered risk retention groups (insurance companies organized to write only commercial liability insurance on behalf of their owner-members);

42 reinsurance intermediaries;

42 self-insured auto fleets; and

155 companies registered under the Service Contract Act.

As of December 31, 2006, 997 surplus lines producers were licensed. Those individuals may, under circumstances defined by law, negotiate insurance contracts with unauthorized insurers not protected by the Illinois Insurance Guaranty Fund. Pursuant to statutory authority, 114 unauthorized insurers have been declared ineligible for use by resident surplus lines producers for good cause.

Although Illinois law prohibits individuals or organizations from sharing risks without authorization to transact the business of insurance, two types of risk-bearing entities are permitted by statute. At the end of 2006, 11 religious and charitable risk pooling trusts, and 9 group workers compensation pools, were operating in Illinois. Twenty-one companies were licensed as service companies to provide services to the group workers compensation pools.

Pension Unit

In 2006, as in previous years, there was an increase in the number of public pension funds, members, assets, and beneficiaries. The Pension Unit experienced expansions of its compliance audits, electronic filings, advisory services, statistical services, and communications with the various pension funds during 2006.

The Unit maintains records involving the membership, trustees, officers, size and growth of public pension funds within the State of Illinois. The total number of funds now is 645 police, firefighter and large funds. These funds include over 3,100 trustees. The assets have increased to over \$132.9 billion. The total number of participants is now 613,349 and the total benefits paid were over \$8.32 billion to 355,422 beneficiaries.

A major responsibility of the Pension Unit is to conduct onsite and automated compliance audits. The individual police and firefighter pension funds range from just 1 or 2 participants to over 500 participants. The Pension Unit compliance staff was able to accomplish 59 exams. The examinations included several of the largest funds in the state, and yielded over 228 findings.

This is the seventh year the Unit received electronically filed pension fund annual statements from all 645 public pension funds which are required to file an annual statement. There were three workshops and seminars offered to the downstate police and firefighter pension funds, members, trustees and officers. In addition, there were fifteen meetings with the different pension fund organizations and large pension funds, with the expected benefit being the improvement of operations for all public pension funds in the state. Pension staff traveled over 5,000 miles to accomplish these goals.

The Unit also submitted five articles to the nine public pension organization's newsletters. The Unit performs an actuarial study and calculates tax levies for the police and firefighter pension funds. This information is sent to all funds for use with their local municipalities. The Unit performed a number of complicated calculations for police portability along with answering questions on this benefit. Historical tax levy calculations are supplied to local municipalities upon request, as well as calculations for the legislature and Pension Laws Commission. The Unit also supplied nine calculations to potential new funds to assist municipalities with real cost data for their future employee pension fund.

The Unit handled over 6,000 phone calls, including inquiries from police and firefighter pension funds needing assistance with the operation of their respective funds; investment fund managers requesting information regarding investments; professional pension organizations; and members of the state legislature. The Unit answered 35 letters requesting an opinion to settle questions arising from the operation of various pension funds. There were over 600 written inquiries from different individuals and groups within the pension arena that were assigned to staff for responses. The Unit also made over 88 pension calculations for smaller funds that had retiring members.

The Pension Division held 8 hearings of non compliance.

Legal

In conjunction with several other states, Illinois has required American Amicable Insurance Company to establish a \$10 million fund to provide restitution to service men and women stationed in Illinois who held policies issued by that company. The company engaged in abusive sales practices and also created mechanisms permitting it to draw money automatically from the service person's paycheck. Over 9,000 service men and women stationed in Illinois will participate in the benefits of this settlement.

Also in collaboration with a number of other states (including Texas, Georgia, North Carolina, California, Minnesota, and others), the legal area investigated Pioneer American Insurance Company and Pioneer Security Life Insurance Company. All three companies are domiciled in the state of Texas but have sold a number of policies to military personnel stationed in Illinois and other states. This multi-state group developed a multi-state regulatory settlement which includes compensation to current and former policy holders who have been harmed by the companies' practices as well as prohibitions on certain kinds of sales activities and other business reforms.

As a result of these investigations and in response to federal legislation, the legal area assisted in the drafting of a model administrative rule to aggressively regulate life insurance sales practices to military personnel.

Office of the Special Deputy

Pursuant to provisions of Article XIII and XIII ½ of the Illinois Insurance Code, the Director of Insurance is appointed as statutory Conservator, Rehabilitator or Liquidator of a company in receivership.

The Director, through his Special Deputy, takes the following alternative courses of action, depending on the type of court order that is issued against a company:

1. Pursuant to an Order of Conservation, the Director takes possession of property, business and affairs of a company to protect the interests of policyholders and other creditors, and proceeds to ascertain the condition and situation of the company.
2. Pursuant to an Order of Rehabilitation, the Director is vested with title to all property, contracts and rights of action of the company. He proceeds to conduct the business of the company and to take appropriate steps, if possible, to remove the causes and conditions which made rehabilitation necessary.
3. Pursuant to an Order of Liquidation, the Director is also vested with title to all property, contracts and rights of action of the company. Upon entry of the court order, he proceeds immediately to liquidate the property, business and affairs of the company, to marshal assets, and to evaluate the claims asserted against the company in order to make a distribution of assets as soon as possible to policyholders and other creditors.
