Brief description of filing. (If filing follows rates of an advisory organization, specify organization):

After monitoring experience, we have identified areas where we can improve the accuracy of the rating for our Independent Homeowners Program and are revising our territory relativities. This revision impacts new business effective on or after May 24, 2012 and renewal business on or after August 22, 2012. The average impact for policies at their next renewal will be 1.3%. The evaluation of overall change, Exhibit 1, summarizes the impact of this revision. In order to mitigate the dislocation for some of our existing customers with this change, we will continue to include rate stabilization on our current Home and Renters policies in force. The minimum stabilized premium rate change is 0% and the maximum stabilized rate change is 7.3%. Nothing has changed from our previously filed manual except for those items highlighted in this filing.
