<u>Line of Insurance</u>		

Does filing only apply to certain territory (territories) or certain classes?  
If so, specify: VFIS Program

Brief description of filing. (If filing follows rates of an advisory organization, specify organization): \_\_\_\_\_

American Alternative Insurance Corporation is submitting the enclosed Commercial Automobile rate/rule filing for your review and acknowledgment. This filing applies to our VFIS Emergency Service Organization Program which is currently on file with your department. The total rate level impact of this filing is -12.5%.

The purpose of this filing is as follows:

Adoption of the Insurance Services Office, Inc. (ISO) basic advisory prospective loss costs contained in ISO Reference Filing Number CA-2005-BRLA1. There will be no change to our loss cost multipliers applicable to the VFIS Program. However, since we intend to carefully review the impact of ISO revisions on the VFIS book of business, the LCMs will not automatically apply to any future ISO loss cost revisions.

Revision to the Emergency Service Vehicle auto rating factors as detailed in the enclosed explanatory memo.

Adoption of the following ISO revisions \* (It is our understanding that rules are exempt from filing requirements. We have included the ISO rules being adopted for informational purposes only). Adoption of the companion ISO forms has been submitted separately as required:

Rules	Misc. Loss Costs
CA-98-OY2KR	CA-2005-RLC01
CA-2002-OTRMU	CA-2006-RZRLC
CA-2005-RCPI	
CA-2005-ORU01 (& amendments/supplements)	
CA-2006-RZR1	
RP-2006-RRP06	
RP-2006-RCR06	

\* Although some of these ISO revisions may have no impact on the VFIS Program, we are adopting them to remain aligned with the ISO filings. Any VFIS state exceptions not being revised with this filing will continue to apply.

ξ We are also revising manual rule page CA-ESV-2 in order to properly reference the ISO rule numbers to which our minimum premiums correspond. In addition, we have included a \$50 minimum premium for hired auto liability. This is the same minimum premium that is currently on file for AAIC, we are just including reference to it now on our VFIS program specific minimum premium rule pages. There is no rate impact associated with this revision. The actual rule page has not been enclosed since it is exempt from filing requirements.

ξ Manual page CA-ESV-10, item 4 to reference a 200 mile radius for towing in place of 100 miles. This is simply an editorial correction since the approved forms already provide up to 200 miles. Rule pages have not been enclosed since they are exempt from filing requirements.

---

\* Adjusted to reflect all prior rate changes.

\*\* Change in Company's premium level which will result from application of new rates.
