Does filing only apply to certain territory (territories) or certain classes? If so, specify: All territories and most classes are being affected by this change.

Brief description of filing. (If filing follows rates of an advisory organization, specify organization): We are revising our rates. In addition, our rates have been adjusted for new \$500 Physical Damage deductibles. We are trying to move toward ISO comparable rates. Med Pay is being amended as well, but only due to the rates being dependent on the Liability base.

We are revising our UM/UIM rates. Our intent is to match ISO. We created the new rates by using the ISO loss costs and multiplying them by our CIC expense formula multiplier with no capping or other alterations. We need to rely on a standard more credible than our statistics can produce.

We are converting to the new Zip Code territories (ISO designation # CA-2004-RTER1).
