Insurance Rulemaking in 2007

50 III. Adm. Code 4203 - Insurance Data Reporting Requirements – These amendments implemented new reporting requirements contained in PA 94-677 for medical malpractice insurers. Subchapter B, as well as Appendix A and B of this Part established the content, form and data reporting requirements for information required to be reported to the Secretary or Director of the Illinois Department of Financial and Professional Regulation – Division of Insurance pursuant to Section 1204 (C-5) of the Illinois Insurance Code [215 ILCS 5/1204]. This amendment was adopted effective January 22, 2007 (February 2, 2007, Illinois Register, Vol. 31, Issue 5) Judy Pool-Boutchee, Chief Casualty Actuary.

50 III. Adm. Code 852 - Registration of Insurers - Section 852.30 (e) (1) (b), and the companion Illustration B of this Part, previously permitted an exemption that is no longer applicable. In 1986 when this exemption was originally adopted, not all states had holding company registration requirements, but now they do. Because all states have these registration requirements in place, Illinois no longer needs to maintain a separate exemption standard. In addition to eliminating the exemption mentioned above, the Division added definitions, clarified a few minor provisions and moved the existing Illustration A contents down to Illustration B. This amendment was adopted effective February 23, 2007 (March 2, 2007, Illinois Register, Vol. 31, Issue 10) Sara Ross, Supervisor, L/A&H Financial Analysis Unit.

50 III. Adm. Code 2001 - Construction and Filing of Accident and Health Insurance Policy Forms - The Division made a number of housekeeping changes that more accurately reflected the consolidation of our agency under IDFPR. The Division also added a definition Section to this Part that identifies terms that were not previously specifically defined. This amendment was adopted effective May 31, 2007 (June 15, 2007, Illinois Register, Vol. 31, Issue 24) William McAndrew, Assistant Deputy Director.

50 III. Adm. Code 5425 - Managed Care Dental Plans - The general purpose for the amendment of this Part was to establish a more efficient and cost-effective process regarding the Dental Care Protection Act's requirement to establish an advisory committee. The requirement of an advisory member to serve a three-year term was changed to a period of time necessary to address the issue for which the committee is convened. This amendment was adopted effective June 20, 2007 (July 6, 2007, Illinois Register, Vol. 31, Issue 27) William McAndrew, Assistant Deputy Director.

50 III. Adm. Code 937 - Supplemental Reports for Accident and Health Insurers - This new Part established for all companies writing accident and health insurance a reporting requirement that would be supplemental to the Annual Report requirement established by Section 136 of the Illinois Insurance Code. The supplemental report required companies writing accident and health insurance to report more detailed information about premium earned, losses incurred, enrollment, premium discounts provided for participation in wellness programs, and average reimbursement rates paid to providers. The emergency rule was adopted effective July 12, 2007, for a maximum

of 150 days. (July 27, 2007, Illinois Register, Vol. 31, Issue 30) James G. Jordan, Staff Attorney. On September 18, 2007, JCAR objected to, and suspended the Division's emergency rule. (October 5, 2007, Vol. 31, Issue 40) The Division published our response to JCAR's Objection (October 19, 2007, Vol. 31, Issue 42) and then formally repealed our emergency rule (October 26, 2007, Vol. 31, Issue 43).

50 Ill. Adm. Code 1409 – Valuation of Life Insurance Policies Including the Use of Select Mortality Factors - In the Issue 44 Register, the Division adopted new Part 1413, that permits recognition of the 2001 CSO Preferred Class Structure Mortality Table. The amendment to Part 1409 included a cross-reference to the new preferred mortality tables contained in Part 1413. This amendment was adopted effective October 16, 2007 (November 2, 2007, Illinois Register, Vol. 31, Issue 44) Susan Christy, Life Actuarial Assistant.

50 Ill. Adm. Code 1412 – Recognition of 2001 CSO Mortality Table for Use in Determining Minimum Reserve Liabilities and Nonforfeiture Benefits - In the Issue 44 Register, the Division adopted a new regulation, 50 Ill. Adm. Code 1413, that permits recognition of the 2001 CSO Preferred Class Structure Mortality Table. The amendments to Part 1412 include a cross reference to the new preferred mortality tables that will be contained in Part 1413. The amendment was adopted effective October 16, 2007 (November 2, 2007, Illinois Register, Vol. 31, Issue 44) Susan Christy, Life Actuarial Assistant.

50 Ill. Adm. Code 1413 – Recognition of 2001 CSO Preferred Class Structure Mortality Tables for Use in Determining Minimum Reserve Liabilities - The Division promulgated a new regulation, that permits recognition of the 2001 CSO Preferred Class Structure Table. Additionally, the Division amended Part 1409 and 1412 to include cross-references to this new preferred mortality tables regulation. This new regulation was adopted effective October 16, 2007 (November 2, 2007, Illinois Register, Vol. 31, Issue 44) Susan Christy, Life Actuarial Assistant.

50 Ill. Adm. Code 1702 - Security Valuation Reserve - The requirements of this Part were repealed because the information insurance companies were required to file are included in the annual financial statement. When Part 1702 was originally adopted the "security valuation reserve" was a term of art used to identify gains made on investments, but today they are known as "asset valuation reserves". The Part 1702 rule provisions were truly obsolete and have been superseded by standards set out in Section 136 of the Illinois Insurance Code [215 ILCS 5/136]. This repealer was adopted effective October 16, 2007 (November 2, 2007, Illinois Register, Vol. 31, Issue 44) Sara Ross, Supervisor, L/A&H Financial Analysis Unit.

50 Ill. Adm. Code 2020 – Reimbursement and Subrogation Provisions Contained In Individual and Group Accident and Health Policies - The purpose of this Part is to clarify policy form language concerning the application of Sections 357.18 and 357.19 of the Illinois Insurance Code [215 ILCS 5/357.18 and 357.19] and the use of reimbursement and subrogation provisions in such policy forms. This Part is not

intended to affect any equitable causes of action, if any, which may exist or develop in relation to the insurance contract. This repealer was adopted effective October 22, 2007 (November 2, 2007, Illinois Register, Vol. 31, Issue 44) William McAndrew, Assistant Deputy Director.

50 III. Adm. Code 2500 – General Provisions - Section 412 of the Illinois Insurance Code [215 ILCS 5/412] allows the Director to refund taxes, fees, and other charges, paid to him, provided that certain conditions are met. Pursuant to that authority, in 1998 the Division promulgated this Part, allowing those required to pay the assessments the opportunity to request a hearing to determine if the assessment is appropriate. The Part applies to any person, or company conducting or transacting any of the actions where fees and charges are assessed pursuant to 408 of Code, or who is assessed privilege, or retaliatory taxes pursuant to Sections 409, 444 and 444.1 of the Illinois Insurance Code [215 ILCS 5/408, 409, 444 and 444.1] and Sections 12 and 13 of the Fire Investigation Act [425 ILCS 25/12 and 13]. The Division amended this Part to clarify that the applicable tax, fee, or charge first be paid before the party contesting the assessment may receive a hearing as to its appropriateness.

This amendment conforms the rule to Section 412 of the Code where the Director is allowed to refund taxes, fees, or other charges where the taxpayer has overpaid due to some mistake of fact, error in calculation or erroneous interpretation of a statute [215 ILCS 5/412]. This amendment is consistent with public policy, established in the State Officers and Employees Money Disposition Act, that contested monies due the State first be paid under protest [30 ILCS 230]. This amendment was adopted effective October 16, 2007 (November 2, 2007, Illinois Register, Vol. 31, Issue 44) John O'Brien, Assistant Deputy Director.

50 III. Adm. Code 2605 – Military Sales Practices - The purpose of this new Part was to set forth standards that will protect active duty service members of the United States Armed Forces from dishonest and predatory insurance sales practices by declaring certain identified practices to be false, misleading, deceptive or unfair. Illinois' promulgation of this regulation is based on the NAIC Model # 568. This new rule was adopted effective January 1, 2008 (November 2, 2007, Illinois Register, Vol. 31, Issue 44) Tim Cena, Senior Counsel.

Consumer Market

The **Consumer Market Section** oversees the Division's consumer protection and education programs, licenses and regulates the activities of insurance producers, and monitors the marketplace operations of insurance companies through policy analysis, complaint investigation and periodic on-site examinations.

Consumer Services and Education Programs

During 2007, the **Consumer Services Unit** enjoyed its fifth year using the **electronic complaint database**. The system has proven itself to be reliable and has expedited the handling of consumer complaints. The Consumer Services Unit utilizes an electronic group mailbox, which encourages respondents to reply to complaints via email or a fax server that converts the transmission to an email. The Consumer Services Unit also uses a Complaint Depository, which allows respondents to securely "drop off" responses to complaints. Reconciliation of consumer complaints is also conducted on the electronic complaint database, which allows the electronic exchange of information and immediate revisions to complaints that are affected.

In 2007, the Consumer Services Unit monitored and revised Consumer Fact Sheets as necessary to ensure accuracy and to reflect any changes to Insurance laws or regulations. The Fact Sheets provide consumers with information regarding numerous insurance topics and are available on the Division of Insurance website at http://www.idfpr.com/DOI/Main/Consumer_Facts.asp.

The Division of Insurance utilizes a toll-free consumer assistance hotline that enables consumers to easily reach Consumer Services Unit analysts with questions or complaints about their insurance companies. The Consumer Services Unit monitors the Director's email address that is available on the Division of Insurance website for visitors to ask various insurance related questions. The Consumer Services Unit utilizes an electronic system for assigning and responding to inquiries received by the Director's email. The Director's email address received approximately 4,700 inquiries in 2007. The Consumer Services Unit responded to approximately 2,163 of those inquiries. The remaining inquiries were routed to other areas of the Division of Insurance for response. The Consumer Services Unit responds to the majority of the Director's email inquiries within 24 hours of receipt.

The "All Other" complaints are not included in the official reconciliation figures. These complaints are excluded from reconciliation for various reasons such as the plans are self-insured or contracts are written in other states, etc. The Division attempts to assist consumers in these situations even though the complaints are not officially counted.

The Unit also handled 2,055 written inquiries. The Consumer Services Division responded to those inquiries by providing pertinent information to the consumer.

Consumer Outreach Activities

Radio Shows: (Estimated audience of 233,000)	38
Rapid Response Meetings (Estimated 3,258 employees impacted)	17

During the year 2007, the **Office of Consumer Health Insurance (OCHI)** received 14,204 calls from 1,030 different zip codes in Illinois. The three most frequently addressed topics were: claims (2,679); group insurance (2,266); and individual insurance (1,617). OCHI continued to distribute informational brochures to numerous entities throughout the state, who provide the brochures to their stakeholders.

Beginning January 1, 2002, OCHI's responsibilities were expanded to include incorporation of the new **Uninsured Ombudsman Program** created by P.A. 92--0331. The Program was enacted to provide assistance and education to uninsured individuals regarding health insurance benefits, options, and rights under state and federal law. This is done through direct contact with individuals over the OCHI/Ombudsman toll-free line, as well as making contact with entities throughout the state that may have contact with the uninsured population, including township officials and county and local health departments.

In order to best provide services to the uninsured population, the Uninsured Ombudsman Program utilizes a database of information that was created by collecting information about resources from around the state that, while not necessarily providing insurance, might be able to provide health care options for persons seeking treatment. The database enables OCHI staff to easily retrieve information so prompt assistance can be provided to uninsured consumers seeking assistance for medical, dental, mental health, vision, prescription and other health care needs.

In 2007, the Program handled 1,135 calls (increased from 925 calls in 2006). As in previous years, calls came from a variety of sources including other state agencies, legislators, agents, family and friends, radio stations and others who were assisting the uninsured. Continued efforts to increase the awareness of the Program included regularly participating as a guest on radio talk shows and participating at Pre-Layoff Workshops for dislocated workers. The Ombudsman also participated at the Green County Health Fair, the Lincoln Community Health Fair and the Eureka Grand Chapter Health Fair. In addition, the Ombudsman served as a guest speaker for Stephen Decatur Jr. High School, the Farm Resource Center Conference and Lincoln Land Community College.

As in previous years, the Ombudsman has participated as a member of the Rapid Response Team for Dislocated Workers. At these meetings, individuals from different agencies provided information about local resources and services to dislocated workers.

Market Conduct Programs

In establishing a schedule of examinations, the **Market Conduct Unit** evaluates information gleaned from insurer market conduct annual statements, specifically data regarding paid and denied claims, payment medians, and zip code tracking of company producers by business address. A market analysis of this annual statement data enables us to prioritize companies for scheduling target examinations. Market analysis, in conjunction with our review of consumer complaints, gives us the opportunity to respond more quickly to the ever-changing marketplace.

Market conduct examinations directed at health maintenance organizations (HMOs) emphasized both their compliance with rules and regulations, and accurate and timely payments to their members. Market conduct staff continued to be active on various NAIC working groups designed to address uniformity in market conduct examinations with respect to data calls, examiner qualifications and examination procedures. The Federal Gramm-Leach-Bliley Act is driving this ongoing effort.

Life, Accident and Health Compliance

The **Life, Accident and Health Unit** is responsible for reviewing and approving all filings for **life, disability, and health** policies and for **HMO, Limited Health Service Organization and Voluntary Health Service Plans**. In addition, the Unit handles HMO complaints, **viatical settlement provider** compliance, and registration for **preferred provider program administrators** and **utilization review organizations**.

Discount Plans

Illinois currently has approximately 153 active Preferred Provider Administrator (PPA) licenses, covering in excess of 27 million lives. Approximately half of these entities continue to report the offering of health care services on a discounted basis. Despite this statistic, the Division continues to witness an explosion of unlicensed discount plans. Illinois residents are being repeatedly exposed to fax blasting, multimedia and internet solicitations for enrollment into discount card plans offering a wide array of health care services and supplies. Routinely, these plans offer discounted rates for medical, surgical, hospital, dental, vision, prescription drug, emergency travel, mental health, and substance abuse care. In many instances, these solicitations offer Illinois consumers faux access to health care provider discounts, purporting contractual relationship with providers which do not exist.

Employers view discount health care programs as cost effective alternatives to offering supplemental insurance coverage to their employees. Individuals see them as an alternative to costly private coverage. Many of these plans are legitimate, but there are some that provide only minimal coverage through marginal or non-existent provider networks and at a great profit margin for the program sponsors.

Although there are exceptions, Illinois law generally requires discount plans to be registered as preferred provider administrators under the Health Care Reimbursement Act (Article XX ½ of the Insurance Code, 215 ILCS 5/370 f). The Division continues to actively work to get these plans registered as preferred provider administrators. Unfortunately, other states often lack oversight authority of discount plans, leading sponsors of these plans to believe they do not have to register under the Illinois law. This belief is reinforced by existing state mandates that require discount programs to disclose, on their membership cards, that discount programs are “not insurance”. While it is true that preferred provider administrators are not insurance companies, they still are required to be registered with the Division.

The Division continues to address this issue, and encourages the consumer to verify that their discount program is authorized to conduct business in Illinois before purchasing the product. A listing of authorized preferred provider program networks has been placed on the Division’s website.

Insurance Issues

In 2007, the LAH Compliance Unit continued to actively work with companies to address compliance and policy language issues as they arose. The range of issues included: network adequacy, assignment of benefits, rule interpretations, and innovative group health products. In November, the Division issued Company Bulletin 2007-04 to deal with the continuing problem of consumers being billed by ancillary providers. In these situations, consumers who tried to access network providers such as anesthesiologists and radiologists through their insurer, are often unable to through no fault of their own.

When this happens, the consumer is often billed above and beyond what they owe under the insurance policy. This is unfair to consumers and violates insurance regulation. With the bulletin, the Division reemphasized that consumers were not to be placed in such situations of paying additional out of pocket expenses when they live up to the requirements of the policy.

Additionally, the LAH compliance unit continued to work with the NAIC on many of the life and health issues coming before that body including the interstate compact and long-term care insurance requirements.

Finally, the Unit continued to move toward a paperless environment through the continued evolution of the electronic policy filing process and through the continued and ongoing updates to the policy checklists, available on our Website, for all policy types.

In 2007, the Life Accident and Health Compliance Unit instituted Company Bulletin 2007-01 which allowed companies filing life and annuity filings to certify that specific filings meet all state requirements. Such certification allows companies to begin marketing these products prior to receiving specific Director approval of policy forms. Such a process allows companies to quickly get products into the marketplace while protecting consumers.

Property and Casualty Compliance

The Property and Casualty Compliance Area is responsible for the review of all commercial lines coverage forms and rates that are required to be filed for compliance with Illinois Statutes and Regulations. Additionally, the Property and Casualty Compliance Area is responsible for the review of all personal lines coverage forms and rates that are required to be filed for compliance with Illinois Statutes and Regulations.

The Division continues to work on initiatives aimed at moving accepted products to market as quickly as possible.

This responsibility is performed through a test administrator, which has established test sites throughout the state. The examinations are given by computer and electronically graded

immediately upon completion. For candidates who pass the examination, an instant application is provided at the test site. In addition, the licensing staff reviews and processes new and renewal applications and issues licenses on—line on a daily basis.

Senior Health Insurance Program

The **Senior Health Insurance Program (SHIP)** is a free counseling program for Medicare beneficiaries of any age, their families, or caregivers who have questions or problems with health insurance issues. SHIP counselors are trained to answer questions on Medicare, Medicare supplement insurance, Medicare Advantage health plans, Long-Term Care insurance, and prescription drug coverage. To ensure that SHIP continued to have a capable and informed network of SHIP volunteer counselors assisting Illinois' Medicare population, SHIP trainers conducted numerous introductory training sessions for our new volunteer counselors, and multiple continuing education training sessions for our existing network of volunteer counselors across Illinois.

During 2007, SHIP staff and our network of trained volunteer counselors reached over three million Medicare beneficiaries, their caregivers, advocates and providers through approximately 396 public presentations, health fairs, cable television, radio, and/or website events focusing primarily on educating and assisting people on Medicare with their options for prescription drug coverage, as well as the spreading problem of Medicare Advantage plan marketing abuse.

SHIP continued its outreach activities in non-English speaking communities throughout the state in an effort to ensure that all members of Illinois' Medicare population continue to have access to our counseling services. Our bilingual education specialist provided front-line assistance and conducted several public presentations to Hispanic senior groups and other interested parties concentrating on issues related to Medicare Part D prescription drug coverage.

In 2007, SHIP again worked to strengthen its partnerships with the Illinois Department on Aging, Healthcare and Family Services, and the Social Security Administration and Centers for Medicare and Medicaid Services. Through these ongoing partnerships, SHIP was and continues to be extremely responsive and proactive to the increasing number of emerging issues affecting our senior and disabled Medicare populations in Illinois.

Information access and dissemination was integral to SHIP's outreach efforts in 2007. SHIP was and continues to be a depository of Medicare, Medicare Supplement, Prescription Drug Coverage, Extra Help, State Pharmacy Assistance Program (Illinois Cares Rx), and related insurance information, conveying that information to Illinois' Medicare beneficiaries through our publications, website, trainings, radio presentations, interactive educational sessions, health fairs, and through our extensive network of volunteer counselors across our State. SHIP not only disseminated information derived from our partnering organizations, but also produced its own publications from data we collected and populated. In addition to the numerous publications on the aforementioned health insurance topics, one key publication produced by SHIP continues to be made available through our website, 800 line, and volunteer counselor network; the *Medicare Supplement Premium Comparison Guide*.

SHIP is funded in part by a federal Medicare education grant and in part by the Producer Fund. SHIP exists within IDFPR, Division of Insurance pursuant to 20 ILCS 1405/1404-15 Senior Citizen Assistance and Information Program.

Financial - Corporate Regulation

The **Financial-Corporate Regulation Section** is responsible for analyzing and monitoring the financial condition of insurance companies, health maintenance organizations, and all other regulated insurance risk-bearing entities, conducting on-site financial examinations, and intervening when potential problems are identified. The Section also licenses authorized insurers in Illinois and investigates and takes action against unauthorized companies illegally conducting the business of insurance. Additionally the Section provides oversight and advisory services to public pension funds in Illinois, primarily for municipal police and fire department pension funds.

Financial Regulation Unit

The **Financial Regulation Unit (“Unit”)** is responsible for analyzing and monitoring the financial condition of insurance companies, health maintenance organizations, and other regulated insurance risk-bearing entities and intervening when potential problems are identified.

The Unit is responsible for oversight of the management operations of Illinois insurers because, by law, many corporate transactions such as entering reinsurance agreements, paying dividends, and transacting business with affiliates require the prior approval of the Division.

There is no longer a requirement for foreign insurance companies to submit quarterly statements or foreign CPA audits. The Unit’s emphasis on domestic insurance companies is consistent with NAIC guidelines.

The Unit works closely with several entities with distressed financial conditions. In these instances the Unit must devote greater staff resources because a more continuous regulatory role is required. For these companies, staff has more contact with company personnel and company advisors in the form of face to face or teleconference meetings. Detailed review of expanded analytical data is often required by these situations. In many cases staff must also participate in national telephone conference calls with other insurance regulators.

Unit representatives remain active on a limited basis at the national level in a number of NAIC initiatives including: Financial Regulation Standards, Financial Analysis, NAIC/AICPA, Emerging Accounting Issues, Statutory Accounting Principles, Insurance Holding Company, Financial Reporting (Blanks), Risk Assessments and Valuation of Securities. Participation has been limited, in large part to conference calls, since sufficient staff has not been able to travel to the national and other meetings where significant discussion of these matters takes place.

Casualty Actuarial Unit

The Casualty Actuarial Unit's ongoing responsibilities include providing technical actuarial support to the financial and consumer market areas. The core actuarial analyses performed with respect to the financial solvency of insurance entities include reviewing Statements of Actuarial Opinion and analyzing workpapers supporting them, performing loss reserve analyses of Annual Statement loss data and participating in on-site financial examinations of insurance companies. Staff also evaluates the Actuarial Opinion Summary of all domestic property and casualty companies, performs technical analyses of reinsurance agreements for transfer of risk, evaluates all extraordinary dividend notifications and monitors carried asbestos and environmental reserve amounts.

In support of the consumer market area, actuarial staff reviews actuarial information supporting rate filings, such as that of the Illinois FAIR Plan, the Illinois Mine Subsidence Insurance Fund, the Illinois Automobile Insurance Plan, and the National Council on Compensation Insurance. Staff evaluates all medical malpractice rate filings and provides significant technical assistance in the rate hearings pursuant to statute.

Unit staff also review actuarial models used by companies whether for consumer market purposes, such as writing and pricing their business, or financial solvency reasons, such as effective risk management and reinsurance. The Unit continues to oversee production of the Illinois Property and Casualty Insurance Market Share Report.

Staff continues to represent Illinois on a national level as well. The unit participated in the NAIC Casualty Actuarial Task Force calls throughout the year, assisted in developing NAIC reinsurance training and risk-focused examination guidance.

Life Actuarial Unit

General

The Life Actuarial Unit (LAU) has responsibilities in the financial and consumer arenas via both ongoing responsibilities as well as providing support to the Financial Analysis Unit (FAU), the Financial Examination Unit (FEU), and the Consumer Unit. The LAU also participates on, though is not a member of, the NAIC's Life and Health Actuarial Task Force and the American Academy of Actuaries' Life Risk Based Capital Working Group.

Ongoing responsibilities for Financial monitoring include the review of domestic companies' reserve actuarial opinions and related material to help assess whether Illinois domestics are holding adequate reserves. In concert with the FAU the Unit reviews extraordinary dividend filings, and supports the FAU with analysis regarding Risk Based Capital calculations and reinsurance transactions when requested. The Unit also reviews and comments on financial examination actuarial planning memos produced by the FEU. In addition, a significant amount of time is spent responding to actuarial inquiries from companies.

Ongoing responsibilities for Consumer Services include reviews of Long Term Care and Medicare supplement filings for compliance with Illinois rating laws and regulations. The Unit also assists both the Complaint Unit in resolving complaints that touch on actuarial issues, and the Policy Form Unit in reviewing nontraditional filings.

2007

In the area of health insurance, long term care insurance was one of the main issues faced by the LAU. In 2007 the number of companies filing for rate increases increased over the previous year as companies continued to adjust to higher than expected claim costs. The Unit reviewed these increases for actuarial soundness and compliance with regulatory provisions, approving or modifying the requested increases accordingly. The Unit also reviewed rate filings for Credit Life and Credit Disability insurance, and monitored compliance with the Small Employer Health Insurance Rating Act. The Unit assisted the Senior Health Insurance Program with conducting an annual survey of Medicare Supplement premium rates in Illinois. This information was incorporated into the 2007 Medicare Supplement Premium Comparison Guide. The Unit also worked with the Illinois Comprehensive Health Insurance Program on various actuarial-related issues.

A significant amount of work was done in 2007 with the NAIC's Life and Health Actuarial Task Force in the area of principles based approaches to determining reserves. A principles based approach is significantly different from the traditional formula-based methods, and will therefore require considerable changes to the regulatory monitoring process. Analogous work is being done for Risk Based Capital.

Financial Examination Section

Illinois law requires the examination of the financial condition of insurance companies domiciled in Illinois not less than once every five years. On-site financial examinations of companies provide for a detailed review of the Company's financial condition, compliance with Illinois laws and regulations, and the reliability of financial statements. The information obtained during an examination may be the basis for timely and appropriate regulatory action.

Under a national regulatory accreditation program for all state insurance regulatory agencies administered by the National Association of Insurance Commissioners (NAIC), examinations of multi-state insurers must be adopted within eighteen months of the end of the year being examined.

The Financial Examination Section utilizes the electronic work paper software known as "Teammate". This is the software used throughout most of the country by state insurance regulators that increases the efficiency and effectiveness of examinations. The entire financial examination staff was able to transition to an upgrade of their laptop computers to enable increased efficiency and computing power to better handle the requirements of examining complex and diversified insurance industry systems. New wireless networks were introduced at the exam site which facilitated the use of new versions of the Teammate software and eliminated many computer connection problems. The Section also utilizes four consultants/vendors to provide various financial examination services to assist in the financial examination of Illinois domestic companies whose books, records and operations are located outside of Illinois.

During 2007, the Financial Examination Section organized and presented two educational seminars, which provided up to 37.5 hours of continuing education credits for the Division's financial examination staff and staff from other Midwest state insurance agencies. These seminars featured sessions on subjects such as reinsurance contracts and reinsurance collateral, interviewing and corporate governance, insurance company risk profiles, internal control reviews and process flows, custodial agreements, an update on credit scoring in the insurance industry, a Department regulatory update, and risk focused topics for small insurance companies. The paramount emphasis of these seminars was to emphasize a risk assessment approach to planning and conducting examinations.

The Financial Examination Section assisted and hosted a regional risk assessment training program in conjunction with the National Association of Insurance Commissioners initiative to provide training to the various states in preparation for the introduction of the risk focused examination approach to financial examinations which will become an Accreditation requirement effective January 1, 2010. Approximately 20 financial examiners and analysts from the Division attended out of a total of 40 participants.

In addition to performing financial examinations, the Unit annually values the life insurance in force of domestic companies. Reserve liabilities associated with these in-force amounts are certified as meeting applicable minimum standards. Nineteen of these valuations were completed during the year.

Corporate Regulation Unit

The Corporate Regulation Unit is responsible for the incorporation, formation, licensing and registration of insurance entities and approval of various corporate transactions.

In 2007, 665 life, accident and health and 1,161 property and casualty insurance companies were licensed in Illinois. Other licensed entities include:

433 purchasing groups (organized to purchase commercial liability insurance for their members);

109 foreign registered risk retention groups (insurance companies organized to write only commercial liability insurance on behalf of their owner-members);

40 reinsurance intermediaries;

41 self-insured auto fleets; and

166 companies registered under the Service Contract Act.

As of December 31, 2007, 1,202 surplus lines producers were licensed. Those individuals may, under circumstances defined by law, negotiate insurance contracts with unauthorized insurers not protected by the Illinois Insurance Guaranty Fund. Pursuant to statutory authority, 114 unauthorized insurers have been declared ineligible for use by resident surplus lines producers for good cause.

Although Illinois law prohibits individuals or organizations from sharing risks without authorization to transact the business of insurance, two types of risk-bearing entities are permitted by statute. At the end of 2007, 10 religious and charitable risk pooling trusts, and 9 group workers compensation pools, were operating in Illinois. Twenty-one companies were licensed as service companies to provide services to the group workers compensation pools.

Pension Unit

In 2007, as in previous years, there was an increase in the number of public pension funds, members, assets, and beneficiaries. The Pension Unit experienced expansions of its compliance audits, electronic filings, advisory services, statistical services, and communications with the various pension funds during 2007.

The Unit maintains records involving the membership, trustees, officers, size and growth of public pension funds within the State of Illinois. The total number of funds now is 654 police, firefighter and large funds. These funds include over 3,100 trustees. The assets have increased to over \$ 135.8 billion. The total number of participants is now 613,805 and the total benefits paid were over \$9.05 billion to 366,836 beneficiaries.

A major responsibility of the Pension Unit is to conduct onsite and automated compliance audits. The individual police and firefighter pension funds range from just 1 or 2 participants to over 500 participants. The Pension Unit compliance staff was able to accomplish 54 exams. The examinations included several of the largest funds in the state, and yielded over 205 findings.

This is the eighth year the Unit received electronically filed pension fund annual statements from all 654 public pension funds which are required to file an annual statement. There were nine workshops and seminars attended by staff concerning the downstate police and firefighter pension funds, members, trustees and officers. In addition, there were thirteen meetings with the different pension fund organizations and large pension funds, with the expected benefit being the improvement of operations for all public pension funds in the state. Pension staff traveled over 5,000 miles to accomplish these goals.

The Unit also submitted eight articles to the nine public pension organization's newsletters. The Unit performs an actuarial study and calculates tax levies for the police and firefighter pension funds. This information is sent to all funds for use with their local municipalities. The Unit performed a number of complicated calculations for police portability along with answering questions on this benefit. Historical tax levy calculations are supplied to local municipalities upon request, as well as calculations for the legislature and Pension Laws Commission. The Unit also supplied nine calculations to potential new funds to assist municipalities with real cost data for their future employee pension fund.

The Unit handled over 7,000 phone calls, including inquiries from police and firefighter pension funds needing assistance with the operation of their respective funds; investment fund managers requesting information regarding investments; professional pension organizations; and members of the state legislature. The Unit answered 72 letters requesting an opinion to settle questions arising from the operation of various pension funds. There were over 650 written inquiries from different individuals and groups within the pension arena that were assigned to staff for responses. The Unit also made over 96 pension calculations for smaller funds that had retiring members.

The Pension Division held 5 hearings of non compliance. The Division levied over \$100,000 in fines from these hearings.

Legal

The year 2007 held many challenges in the insurance regulatory arena. Early in the year, the legal staff led an investigation into a national entity known as Christian Care Medi-Share. The investigation revealed a program run by a church-related entity where members pooled financial resources to assist other members with the cost of health care for catastrophic injuries or illnesses. A stop loss insurance policy was in place for medical expenses that exceeded \$50,000. Further probing revealed that the potential harm to the public was extremely high because of inadequate financial reserves, the lack of consumer safeguards and regulatory oversight. As a result, the Director issued a Cease and Desist Order. Following a lengthy hearing, the Director determined that the Cease and Desist Order should be made permanent. The Respondents in this matter took this matter up on appeal. We are currently awaiting a decision.

Throughout the year, the staff worked on several key projects that have far reaching impact. On a national basis, the legal staff worked with the National Association of Insurance Commissioners' Producer Licensing Coalition Group to prepare proposed changes to allow a more uniform producer licensing regulation across the states. In addition, staff worked with federal governmental agencies, such as the Department of Defense and the Office of the Inspector General, to protect our soldiers from inappropriate and misleading insurance sales practices. A little close to home, legal staff continued to work closely with the new Workers Compensation Fraud Unit to assist in investigations and the referral of cases for prosecution.

As the year drew to a close, the activity in the regulator arena did not wane. The business of prearranged funeral services that are funded by life insurance policies, once again took center stage. In summary, Illinois discovered an insurance company and insurance agency that had taken approximately 16,000 whole life policies, that were put in place to fund the prearranged services, and converted them, without the policyholders' knowledge or consent, to term life policies. In the meantime, the Illinois and out-of-state regulators continue to work together to provide a remedy and more safeguards to consumers.

Office of the Special Deputy Receiver

Pursuant to provisions of Article XIII and XIII ½ of the Illinois Insurance Code, the Director of Insurance is appointed as statutory Conservator, Rehabilitator or Liquidator of a company in receivership.

The Director, through his Special Deputy, takes the following alternative courses of action, depending on the type of court order that is issued against a company:

1. Pursuant to an Order of Conservation, the Director takes possession of property, business and affairs of a company to protect the interests of policyholders and other creditors, and proceeds to ascertain the condition and situation of the company.
2. Pursuant to an Order of Rehabilitation, the Director is vested with title to all property, contracts and rights of action of the company. He proceeds to conduct the business of the company and to take appropriate steps, if possible, to remove the causes and conditions which made rehabilitation necessary.
3. Pursuant to an Order of Liquidation, the Director is also vested with title to all property, contracts and rights of action of the company. Upon entry of the court order, he proceeds immediately to liquidate the property, business and affairs of the company, to marshal assets, and to evaluate the claims asserted against the company in order to make a distribution of assets as soon as possible to policyholders and other creditors.

For Illinois domiciled or licensed insurers placed into liquidation, the Illinois Insurance Guaranty Fund, the Illinois Life and Health Insurance Guaranty Association, and the Illinois Health Maintenance Organization Guaranty Association are mandated by statute to respond to the covered claims up to certain statutory caps. Similar funds and associations exist in most other states for similar purposes. The claims of policyholders of unauthorized, illegal or unlicensed insurers are not generally afforded this protection.

Listed below is a brief report of each active company as of December 31, 2007. Following these reports is a combined statement of cash receipts and disbursements for each company.

- **Administrative Employer Group, Inc.**
